APPENDIX.

5, Westminster Chambers, Westminster, S.W., July 3, 1888.

New South Wales Stock, 3½ per cent. (1918) Issue of £3,500,000.

To the Governor and Company of The Bank of England,—
Gentlemen,

Referring to my previous communication with you and to my instructions to you of the 17th April last to place upon the market a loan of £3,500,000, and referring to your letters of June 2nd and 12th, 1885, to the Agent-General for New South Wales, I have now formally to request that you will be good enough to undertake the inscription of the loan of £3,500,000, which has so been raised by the New South Wales Government through you.

For this purpose, I and Mr. Donald Larnach, in exercise of the powers conferred upon us by certain Letters Patent with which you are acquainted, have created a further amount of stock called "New South Wales Stock 3½ per cent.," and determined that the amount of such stock shall be issued at the rate of £100 of stock for every nominal amount of £100, which shall be represented by the scrip certificates or letters of allotment respectively, to be issued to subscribers for any part of the said loan, and in proof thereof, I enclose a copy of a deed poll under date of 16th day of April last, which has been duly enrolled.

To enable you to carry out the inscription and management of this further amount of stock under the Colonial Stock Act, I have duly made and lodged with the Inland Revenue Commissioners the necessary declaration to bring the stock under the provisions of that Act, and I send you herewith a print of that declaration.

In further exercise of the powers conferred on me as aforesaid, I beg to adopt and confirm with reference to this new issue of New South Wales Stock, the terms and conditions for the inscription and arrangement of the same by you, as set out in your letters above referred to, of the 2nd and 12th June, 1885.

I am making arrangements with the Commissioners of Inland Revenue to receive payment from you of the composition for stamp duty, so as to enable the stock that shall be inscribed in your books to be transferred free of duty, and the Commissioners will no doubt receive the duty from you under a similar arrangement to that made with reference to the previous issue of New South Wales stock.

On behalf of the New South Wales Government I have to request that you will be good enough to carry out this arrangement, and to pay to the Commissioners the amount of composition payable for stamp duty in respect of the stock as inscribed in your books.

On behalf of the same Government I authorize you, on the terms of your letters of the 2nd and 12th June, 1885, above referred to, to issue to the holders of inscribed stock who may desire the same from time to time stock certificates to bearer, in pursuance of the provisions of the Colonial Stock Act, 1877; and I further authorize you to transfer the dividend warrants by post in the same manner and on the same conditions as the warrants for dividends on Government funds are sent.

I have, &c.,

DANIEL COOPER,

Acting Agent-General for the Colony of New South Wales.

[COAT OF ARMS.]

- (iv) For securing stock certificates, and as often as occasion shall require reinscribing or reissuing such certificates.
- (viii.) For conducting generally all business connected with stock or loans.

Section 8.—Every agreement made with any such bank shall be as valid and effectual as if the terms thereof had been enacted by this Act.

Section

EIGHTEENTH ANNUAL REPORT

OF THE

AUDITOR-GENERAL

ON

THE TREASURER'S STATEMENTS OF THE RECEIPTS AND EXPENDITURE OF THE CONSOLIDATED REVENUE FUND, AND OTHER MONEYS, FOR THE YEAR 1888.

(Under Act 33 Victoria No. 18.)

1. THE Abstract Statements of Public Moneys received and disbursed by the Treasurer within the year 1888 were received for examination on the 21st of March, and were returned for correction and amendment on the 31st May. The emendations having for the most part been assented to, the Statements were returned in a corrected form on the 3rd July, and I have now the honor to lay those Statements, with the following Report and explanations, before the Legislative Assembly, pursuant to the directions of section 38 of the Audit Act of 1870.

2. The transactions are, as usual, recorded and classified in accordance with Statutes and Regulations under the three main Departments of Account, namely—the Consolidated Revenue Fund, the Loans Fund, and the Miscellaneous Accounts, which are ranged under the general head of the Trust Funds.

GENERAL STATE OF THE BALANCES.

3. The combined Account of the three main divisions of the Public Moneys received into and issued from the Treasury within the year 1888 exhibits the following gross results:—

| | | | | | | | | |

| | | | | | | <u>£4,691,359</u> | <u>18</u> | <u>2</u> |

To make the account complete, however, there should be added the transactions in London for the months of November and December, which were not brought into the Treasurer's Sydney Account until after the close of the year. Those transactions represent a net reduction of £200,445 6s. 3d. upon the total balance at credit.

THE CONSOLIDATED REVENUE FUND.

4. The Consolidated Revenue Fund was credited during the year with income from the following sources, viz. :—

The total realized deficiency or actual overdraft on the Revenue Account at the close of the year was therefore

This shows an improvement to the extent of £161,647 10s. 3d. in the general state of the Revenue Account.

5. In the Appendix A will be found a detailed statement of the nominal Liabilities of the Revenue Account as compiled from the ascertained statutory and other appropriations, showing a balance of £1,604,061 6s. 11d., subject to reduction by the lapsing of Balances of Appropriations not required, as provided for by the Audit Act of 1870.

6. On the 31st December, however, the following advances appear in the Accounts of the Associated Banks as untransferred to the Public Account, viz. :—

| | | | | | | |
|---------------------------|-----|-----|-----|---------|----|---|
| The Casual Labour Board | ... | ... | ... | £77,772 | 14 | 8 |
| Refunds of Pastoral Rents | ... | ... | ... | 48,106 | 11 | 1 |
| Centennial Park Account | ... | ... | ... | 3,728 | 8 | 6 |

Drafts of this kind upon the Banks are practically extensions of the Treasurer's advance beyond the limits of the Parliamentary vote for it. It need scarcely be pointed out that arrangements of this nature defeat the restraints provided by the Audit Act, and are calculated to involve the Revenue in liabilities to any amount which the Banks may agree to advance outside the sanction of Parliament.

7. It again became necessary to anticipate the Appropriation Act for the year by six Temporary Supply Acts, prior to its passing, on the 24th July. One of those Supply Acts includes an item of £26,000, to meet the expenses connected with the Centenary Celebrations. Those expenses have amounted to £32,053 8s. 6d., the difference having been met by the Treasurer's advance vote. As it may be of interest to know how this money has been applied, and also be useful as a record for reference hereafter, an abstract of the expenditure has been prepared, and forms Appendix B to this Report.

8. It may be observed that during the year a further sum of £66,786 11s. 5d. has been brought to account as expenditure upon the formation of the Centennial Park, making, with £20,285 disbursed in 1887, £87,071 11s. 5d. For this and further expenditure up to £130,000 in all for the like purpose, out of the £200,000 appropriated by section 5 of the Centenary Celebration Act, the requisite authorities have been issued by the Governor in Council. It is, however, implied by the tenor of the Act, and it has been so understood, that the appropriation of £200,000 just referred to, was not intended as an absolute appropriation out of the then current Revenue, but as giving in advance the sanction of Parliament for the use of the Consolidated Revenue Fund in the meantime to that extent, in anticipation of the proceeds of the sale or lease of the lands to be resumed under the Act, over and above the actual requirements for the purposes specified therein, being credited to the Revenue, towards recouping it for disbursements immediately required. In this view it would seem that the expense already sanctioned should more properly appear among "Other Payments" as a temporary issue to be adjusted hereafter, than as a final charge upon the Revenue Account of 1887.

9. The expenditure under the Rabbit Nuisance Act, 46 Victoria No. 14, shows again an excess of £109,311 1s. 7d. over the special assessment collected for the year, making since 1883 a total of £481,192 5s. 8d. due to the Consolidated Revenue Fund, in terms of section 27 of the Act referred to. A statement showing how that debt has accumulated is given in Appendix M, No. 2.

10. It may be proper here to call attention to the state of the Registration of Brands Account which now shows a Dr. balance of £13,237 9s. 1d. The Brands
Act

Act (section 22) appears to have contemplated only a temporary excess charge over collections of £1,000, to be paid out of the Consolidated Revenue Fund, but, under the annual votes for the expenses of carrying out the Act as now appears, the excess has grown to the amount above stated. Perhaps some means should be taken to replace that excess, and prevent its growing to larger dimensions. (*Appendix M, No. 1*).

11. By the operation of the Act 51 Victoria No. 28, and in consequence of the completion of the new works for the supply of water to the city and suburbs from the river Nepean, the whole of the plant connected with the Water Supply Service, together with the administration thereof, has been transferred to "The Board of Water Supply and Sewerage," on behalf of the Crown, and the Board has thus become a Public Department, subject to the control of the Governor and Executive Council. The revenue at the same time has become liable for the liquidation of principal and interest of City Water Debentures to the extent of £85,000. The particulars of those debentures will be found on page 112.

12. Pursuant to the new arrangement which came into force on the 26th March, 1888, the water rates hitherto paid to the Municipal Council of Sydney became payable to the Consolidated Revenue Fund. The amount so paid to the end of the year, including a balance of £15,000, at the credit of the City Water Fund, was, in all, £90,089 9s. 11d., of which £718 19s. 2d. were refunded. In like manner there appears for the first time in the Expenditure Account a sum of £16,069 10s. 11d., as paid for the salaries and contingencies of the new Water and Sewerage Department. Full particulars of the receipts and disbursements by the Board are given in their first annual Report (1888), recently laid before Parliament.

13. Towards the expense of providing water supply to country towns there also appears in the Statement of Revenue a new item of £10,884 15s. 3d. as "Country Towns Water Rates." This sum has been contributed by the following country towns, namely:—Albury, Bathurst, Goulburn, Wagga Wagga, Newcastle, Maitland, and by places between the two last-named Municipalities.

14. A question was raised between the Department of Roads and the Treasury as to the mode of charging certain payments for Road services contracted for in 1888. It was proposed to charge them to a vote of 1887. The Treasury objected—and I concurred in the objection—that, the services being not for specific works, but for works coming under the class of annually-recurring votes, with the terms "irrespective of date of claims" attached thereto, the payments were properly chargeable to the current vote for 1888. There was also incidentally involved the question of interpretation of the 15th section of the Appropriation Act, which, since 1877, had had the effect of keeping all votes alive for two years.

15. The Commissioner for Roads pleaded an opinion given in 1882 by the late Attorney-General, Mr. Wisdom, in favour of the course proposed by him, but, on my demurring to that opinion being held as applicable to the case, the papers were ultimately referred by the Secretary for Public Works to Mr. Attorney-General Simpson, who in his opinion on the case states that he felt constrained to agree with the view taken by Mr. Wisdom, but agreed with me that the 15th clause, introduced into the Annual Appropriation Act of 1877, had been repeated in subsequent Acts without sufficient regard being paid to its effect. In accordance with that view Mr. Simpson suggests "that the clause be omitted from future Appropriation Acts, and if this be done due and proper effect will be given to what appears to me to be the

very

very useful provisions of section 17 of the Audit Act, 33 Vic. No. 18." Extracts from the correspondence explanatory of this important question are given in the Appendix D. It is to be hoped that future Appropriation Acts will be reconstructed in the way indicated by Mr. Attorney-General Simpson and otherwise so as to simplify the present complicated system of keeping and stating the Public Accounts of Expenditure.

THE TRUST FUNDS ACCOUNT.

16. The operations on the Trust Funds during the year have resulted in a gross total credit balance of £2,863,169 4s. 3d., an increase upon the year 1887 of £348,659 2s. 3d. The details of that balance may be seen by reference to pages 11 and 105.

Of that total balance there were invested in Debentures and Funded Stock a sum of £673,048 13s. 2d., and of the remainder the following amounts were either directed or sanctioned by Statute to be invested in Government securities, or were otherwise chargeable with interest to be paid out of the Consolidated Revenue Fund, viz. :—

| | | | |
|---|------------|----|----|
| 1. Public Instruction Endowment Account (being amount of Sales of Church and School Lands, not invested as prescribed by the Act 44 Vic. No. 19) | £18,688 | 11 | 11 |
| 2. Civil Service Superannuation Account, 48 Vic. No. 24 ... | 293,817 | 17 | 8 |
| 3. Assurance Fund Real Property Act, 26 Vic. No. 9 | 11,628 | 1 | 6 |
| 4. Government Savings Bank Account, 34 Vic. No. 15 | 1,316,037 | 18 | 0 |
| 5. Municipal Council of Sydney Sinking Fund, 50 Vic. No. 13 ... | 4,200 | 0 | 0 |
| 6. Bankruptcy Unclaimed Dividend Fund, 51 Vic. No. 19 ... | 896 | 2 | 5 |
| 7. Perpetual Trustee Company (Limited), 52 Vic. | 20,000 | 0 | 0 |
| 8. Permanent Trustee Company of New South Wales (Limited), 52 Vic. | 20,000 | 0 | 0 |
| | £1,685,268 | 11 | 6 |

Interest upon a portion of the sums at the credit of items 2, 4, and 5, was paid during the year on account of the year 1887, but no interest was brought to charge upon the Consolidated Revenue Account in or for the year 1888 until the present year, although portions of that interest were advanced from the Treasurer's Advance Vote awaiting the necessary votes.

17. In the absence of any Government Securities available for investment the above funds, so long as they from time to time receive credit for the interest which would otherwise accrue upon their investment in such securities, and so long as the Consolidated Revenue Fund under any circumstances is liable by Statutes for the principal and interest, are practically, although as yet informally, under loan to the Revenue. The Revenue and Trust Funds being combined in one Public Account as directed by the Audit Act had in this way a large cash balance to their joint credit of £1,326,898 15s. 3d.

18. The overdraft on the Revenue Account, excluding the temporary issue of £214,469 12s. 11d., having been at the same time £1,316,683 18s. 11d., it follows that the Trust Fund as a whole was under advance to the Revenue to that amount, or considerably within the sum awaiting permanent investment.

19. The Civil Service Superannuation Account continues to show an increasing balance to its credit. The total payments under all the clauses of the Civil Service Act of 1884 reached the sum of £32,483 19s. 3d., as against the ordinary receipts from deductions at 4 per cent. from the salaries of Public Officers, which realized £62,123 18s. 3d.

The total number of recipients of pensions was 203, and of gratuities 66. The annual rate of authorized pensions that came on for payment up to 31st December was £25,752 2s. 11d. The account closed at 31st December with a credit cash balance of £293,817 17s. 8d., an improvement on the previous year of £62,831 14s. 9d. Further information in regard to this account will be found in the Report of the Civil Service Board for 1888.

20. The Police Superannuation Fund still shows unfavorable conditions, the expenditure having been £13,726 14s. 3d., while the receipts were £7,129 17s. 4d., or a little more than half the paid claims for pensions and gratuities, the difference having been met as usual by transfer from the Police Reward Fund. The united balance of the two Funds was £44,575 8s. 6d., showing a net decrease on the year of £363 17s. 3d.

21. The separate accounts of the Colonial Treasurer's Master in Equity Account and the Colonial Treasurer's Master in Lunacy Account both show larger credit balances than at the commencement of the year, the united increase being £92,359 17s. 11d. The details of these accounts do not come under the usual examination prescribed by the Audit Act. The balances stated at their credit appeared however in the bank sheets for the 31st December, 1888.

THE TREASURER'S ADVANCE ACCOUNT.

22. The disordered condition of the account of the Advance Vote to the Treasurer, to which reference was made in last year's report, has now been remedied so far as that the Advance Votes of £200,000 each for the year 1886 and 1887 were adjusted by the 31st December, leaving only the corresponding vote for 1888 to be accounted for. The balance unexpended in the hands of the Treasurer at the close of the year was £78,352 15s. 11d., thus showing disbursements in anticipation of Parliamentary sanction, or of other sources of adjustment, to the amount of £121,647 4s. 1d., a detailed statement of which is given in Appendix C.

It would be very desirable, however, that such a statement should be made by the Treasurer annually as a part of the Public Accounts, and that the Advance Vote be provided for in a similar manner to that adopted by the Imperial Treasury, as explained in my Report on the accounts of 1884, page 119.

GENERAL LOANS ACCOUNT.

23. In April, 1888, a further loan, the seventh under the Inscribed Stock Act of 1883, was negotiated in London to the amount of three and a half millions sterling. The proceedings connected with the inscription of this new loan are set forth in the Sixth Report, which was recently presented to Parliament pursuant to the Act referred to. The loan bears interest for thirty years from the 1st March, 1888, at £3 10s. per cent.; but having been negotiated at a net premium of £2 0s. 8d., the actual rate of interest may be computed at £3 8s. 7½d. per cent. From the details given at page 108 it will be seen that after deducting the charges incident to its negotiation the loan realized a net product of £3,571,244 13s. 4d., the whole of which was brought to credit within the year.

24. The Act quoted as the authority for this loan is the Public Works Loan Act of 1884, which authorized the raising of additional loans to the extent on the whole of £14,388,303; but in common with all the Loan Acts the authority is limited to such sums as may be required for but not to exceed the several sums, &c., set against the respective services. An examination of the account of sums raised and expended under the Act 48 Victoria No. 26, quoted above, shows that exclusive of this new loan there had been raised £6,248,276 5s. 11d., while only £2,791,167 10s. 7d. had been expended to 31st December, 1888, leaving a balance of £3,457,108 15s. 4d. for further disbursement.

25. As, however, the construction of certain Railways for which a loan was authorized to be raised under the Act in question has not yet received the prerequisite sanction of Parliament, the amount of the aggregate proposed appropriation for those railways, namely, £11,274,000, can hardly be considered to have been a legitimate basis for extending the loans already raised. This appears more clear from the circumstance that of the remaining appropriations of the Act 48 Victoria No. 26, there remained to be expended a sum of £370,288 14s. 1d. only. That amount, however, had been drawn upon to the extent of £222,583 6s. 4d. for expenditure on the unauthorized lines, including £39,277 7s. 3d. cost of rails, purchased for the line *Molong to Forbes*, and of £85,000 for the purchase of rails for the line *Forbes to Wilcannia*. This latter sum is shown at page 71 under the head of "Loans Suspense Account," and requires explanation.

26. Having been asked to certify a warrant for the issue of £100,000 on account of the line Forbes to Wilcannia, explanation was requested as to why the amount was required seeing the construction of the line had not been authorized. It then appeared that an indent had been forwarded to the Agent-General for the supply of 117 miles of rails for the line Forbes to Wilcannia, under which indent rails to the value of £85,000 had actually arrived. For that purchase there was no account to which it could be charged, except to Railway Store Advance Account, and that was not in sufficient funds to admit of it. The correspondence with the Treasury, which resulted in the final issue of a warrant for the value of the rails actually on hand, is given in Appendix E.

It thus appears that so far as the Act 48 Victoria No. 26 is concerned, no less than £9,819,520 19s. 3d. had been raised, while £3,114,303 only had been authorized for expenditure, and, including the exceptional items referred to in the preceding paragraph, £2,791,167 10s. 7d. only had been actually disbursed to the end of 1888.

27. On the other hand, however, three other Loan Acts have been passed since the Act 48 Victoria No. 26, viz. :—

| | |
|---|----------------|
| The Public Works Loan Act of 1886, 50 Vic. No. 28 ... | ... £3,115,393 |
| The Repayment of Loans Act of 1888, 52 Vic. No. 16... | ... 1,390,600 |
| The Public Works Loan Act of 1888, 52 Vic. No. 17 ... | ... 3,641,305 |

Authorising the raising of further loans to the aggregate amount of £8,147,298 while disbursements have been made on account of the services specified in those Acts up to 31st December last to the amount of £4,220,388 12s. 6d., but for which no specific loans have been raised.

28. These disbursements have doubtless been made in accordance with a sanction apparently given to that course by the Loans Amalgamation Act of 1879, out of the excess loans raised under 48 Victoria No. 26 ; but while the Loans Amalgamation Act authorizes the temporary use of Loan Funds on hand for any authorized Loan Service, it can hardly be held to authorize the borrowing of money under one Loan Act to provide, by anticipation, for the services specified in another, and especially to such an extent as above noticed.

29. There is another credit to the General Loans Account of £54,000 described as proceeds of sale of debentures under the Loan Act 39 Victoria No. 18. The operation consists of a transfer of £54,000 for the " Assurance Fund " Real Property Act, in lieu of debentures for £50,000 placed to its credit at a premium of 8 per cent. In this case also there has occurred an unaccountable excess in the amount raised over requirements. The Act 39 Victoria No. 18 authorized a loan of £235,690 in the usual terms. The services were all completed for a sum of £221,060 16s. 3d., and the balance of £14,629 3s. 9d. was long ago written off as not required. The proceeds of debentures issued under this Act prior to 1888 realized £174,713, showing that a further sum of £46,347 16s. 3d. only was wanted to balance the actual requirements. The credit of £54,000 in 1888 is therefore £7,652 3s. 9d. in excess. This was pointed out to the Treasury by letter of 19th June, 1888, and a request made that the excessive investment should be cancelled ; but that request has not been complied with. There would seem, moreover, no sufficient reason why the Assurance Fund should be charged with a premium of £4,000 upon this investment, while an investment in the same stock in 1887 on behalf of the Police Reward Fund was made at par.

30. The condition of the General Loans Fund as a whole at the close of the year may be thus stated :—

As explained above, this sum should be reduced by the over-issue of Debentures, under 39 Victoria, No. 18, to the amount of (say) £7,652 at par, or, at 8 per cent. premium, of £7,085.

32. The whole debt as it stands is computed to be distributed approximately to the following classes of Loan Services, with the annual charge for interest upon the same.

33. A Return of the actual annual expenditure for all services paid out of loans raised for the purpose from 1853 to 1888 inclusive, is given in Appendix F. That Return has been carefully compiled from the Annual Statements of Expenditure laid before the Legislative Assembly, and gives the following net total expenditure up to 31st December last, for—

34. In a former Report attention was called to the use made of the Loan Votes for "Alterations, additions, &c., to Railway Stations" for purposes that appeared to be outside of the terms in which the votes were granted. In the present year's accounts, out of the vote of £200,000, 52 Victoria, No. 17, for "Alterations and additions to Railway Station buildings, increased siding accommodation, and other facilities to meet increasing traffic on the Railways and Tramways," there were disbursed the following amounts:—

| | | | |
|--|--------|----|----|
| For the Workshops, &c., at Eveleigh, including £21,000 | | | |
| paid for resumption of part of Wilson's Estate | £ | s. | d. |
| at Newtown | 27,082 | 13 | 9 |
| ,, Construction of Tramway, Newcastle to Platts- | | | |
| burg, Tram-cars, Compensation, &c. | 11,622 | 13 | 8 |
| ,, Erection of a Farm Produce Market at Darling | | | |
| Harbour | 12,412 | 2 | 10 |

These payments, being considered irregular, have been withheld from the Certificates of Discharge to the Treasurer, as also the further sums charged as against the Vote for Alterations, &c., under the Act 48 Victoria, No. 26, of £6,373 19s. 5d. for Works at Eveleigh, and £1,743 7s. for the Farm Produce Market, together with £4,122 11s. 3d. for the former service out of "Over Issues."

35. It will be observed that no charge appears in these Statements for Alterations, &c., under 48 Victoria, No. 26, which vote was exhausted in 1886. Nevertheless the account was reopened in 1888 by the transfer of expenditure out of it in former years to the following services:—

| | | | |
|---|---------|----|----|
| | £ | s. | d. |
| Railway, Homebush to Waratah, 44 Victoria, No. 28 ... | 18,208 | 14 | 4 |
| Rolling Stock and Machinery, 50 Victoria, No. 28 ... | 14,181 | 1 | 0 |
| | <hr/> | | |
| | £32,389 | 15 | 4 |

all of which was expended for Alterations, &c., as voted under 48 Victoria, No. 26, but the expenditure appears only as included in the amounts stated to be paid for the above Services under 44 Victoria, No. 28, and 50 Victoria, No. 28. This cannot be considered a satisfactory mode of dealing with votes of Parliament, and seems to point either to the necessity of so restricting the terms of votes as to prevent their being used interchangeably in this manner, or to the propriety of some provision being made in connection with the Loans Services, out of which payments of a temporary and uncertain amount might be disbursed pending votes being taken for them, or the amount and service becoming definitely ascertained.

THE RAILWAY RECEIPTS.

36. The intercolonial collections for traffic between this Colony and the Colonies of Victoria and South Australia shewed a balance in their favor of £20,205 19s. 2d., which has been remitted to their respective Treasurers accordingly. In the early part of the year there were also collected in connection with the Rosehill Races a sum of £2,527 5s. as gate-money, which was repaid to the Rosehill Racing Club, and also a sum of £218 13s. 6d., for the use of the junction line to the racecourse. These collections forming no part of the Railway Revenue, an arrangement was made from the 1st of May, 1888, to place them in the Trust Fund, and they will therefore not again appear in the Revenue Account. Portions of the fares to Rockdale paid by persons going on to Lady Robinson's Beach were also collected for and paid over to Mr. Saywell. The amount so collected in 1888 was £1,644 2s. 11d.

37. The amount contributed by transfers from votes of Parliament and other funds for work done by the Railway Department is shown by Appendix G to have been £106,296 19s. 4d.,—an increase upon the corresponding credits in 1887 of £34,968 18s. 9d. Continuing the comparison made in last year's Report of the whole of the receipts and charges for working expenses from 1884 to 1887, as brought to account within each year, there appears a considerable advance in the amount of net contributions towards interest on capital and charges other than working expenses.

38. With regard to the special local inspection of the Railway Station Accounts conducted by this department, the work has been carried on very much on the same lines as explained in my last Report, and on the whole with very satisfactory results. Out of 252 stations visited during the year seven only were considered so unsatisfactory as to make it advisable to report them to the Commissioner. In four other cases deficiencies were reported, the greater portion of which was subsequently recovered and credited to the revenue.

39. The change of Administration, which took effect from the 22nd October, has considerably facilitated, and in some measure reduced, the work of the Special Audit applied by this department to the railway collections. Many of the questions, which were open ones at the termination of the late Commissioner's management, have been or are in course of settlement, and it would serve no useful purpose to make any further special reference to them. It may, however, be proper to give, as in last Report, a Schedule of Departures from the authorised tariff of tolls, and which have now been covered by the authority of the Governor and Executive Council. (*Appendix H.*)

MISCELLANEOUS.

MISCELLANEOUS.

40. The Certificates of Discharge to the Treasurer have been issued subject to certain disallowances which are specified in Appendix I.

41. The Mint Bullion Accounts and the Savings' Bank Accounts have been examined in the usual manner, and certified to the effect that they correspond with the books and vouchers produced in support of the same.

42. The following Special Statements in connection with the Public Accounts are appended as usual, viz. :—

Statement of Advances to Public Officers and others awaiting adjustment.
(*Appendix J.*)

Statement of Surcharges raised and recovered upon the Expenditure and Revenue Accounts. (*Appendix K.*)

Statement of Authorities granted by the Governor and Executive Council in relief of Public Accountants under sections 30 and 31 of the Audit Act. (*Appendix M.*)

43. The following cases of default have come under notice during the year, viz. :—

Mr. S. J. Bonfield, Postmaster, Palmer Island, embezzled £946 5s. 3d. Eight months imprisonment. £400 recovered from Guarantee Societies.

Mr. S. M. M. Dennis, Postmaster, Goulburn, deficient, £681 13s. 9d. Prosecution failed. £100 recovered from the Guarantee Society.

Mr. J. J. Reilly, Railway Clerk, Junee Junction, charged with embezzling £233 11s. 9d. Acquitted. £100 were subsequently recovered from the Guarantee Society and £133 11s. 9d. written off as lost to the Revenue.

Mr. C. Horne, Railway Station-master, Gundagai, embezzled £60 8s. 6d. Committed suicide. The whole amount was subsequently recovered from Guarantee Society.

Mr. A. Claridge, Postmaster, Blackheath, was found short in his cash, £37 1s. 11d. He was allowed to adjust the deficiency and was dismissed the Service.

Mr. W. M'Kee, Railway Station-master, Hay, embezzled £273 3s. 10d. Committed suicide. The amount was subsequently recovered from Guarantee Society.

44. Subject to the foregoing observations and explanations and to the adjustment of outstanding advances in full accordance with the services and votes on account of which they were made, subject, also, to the disallowances specified in Appendix I, I consider that the statements of accounts now submitted are correct abstracts of the Treasurer's Receipts and Disbursements within the year 1888.

APPENDIX D.

Voucher for £96, Services for 1888, proposed to be charged by the Commissioner for Roads against the Vote of £25,000 (1887) for Unclassified Roads.

THIS service—being an annual service, and provided for in 1888 Estimates, and the contract taken in 1888—is not considered a proper charge, but the opinion of the Auditor-General might be obtained on this point, as the Commissioner for Roads intimates that he is supported in his view by the opinion of the Attorney-General, copy herewith.—J.P., 23/8/88.

The Under Secretary Finance and Trade.

The Auditor-General.—B.C., G.E., 23/8/88.

If no contract has been taken for these services during 1887 I am clearly of opinion that they should be charged to the vote for the current year. The votes for 1887 and 1888 in this case are annually recurring votes, and are specifically marked as to cover claims “irrespective of date of claims,” a term expressly devised to make the votes applicable to *current payments*, whatever may be the date of contract or engagement. Votes for single works only are considered to be affected by the 15th clause of the Appropriation Act.—E.A.R., B.C., 1/10/88. The Under Secretary Finance and Trade.

These papers are forwarded for the information of the Commissioner for Roads.—F.K. (for U.S.), B.C., Treasury, 2/10/88.

I append the opinion of Mr. Attorney-General Wisdom on this point. If the decision of the Auditor-General is upheld against the department, authority for payment of quite £150,000 must be obtained, as the works so situated will come to that amount. I would point out that while this question is being debated between the departments the men who did the work are at great inconvenience waiting for their money.—W.B., 10/10/88. Under Sec., B.C.

Opinion of The Attorney-General.

Subject :—*Re* vote for road from Pokolbin Hills to Cessnock Road.

The Crown Law Offices, Sydney, 3 May, 1882.

THE rule is that whenever there is a particular enactment and a general enactment in the same statute, and the latter taken in its most comprehensive sense would overrule the former, the particular enactment must be operative and the general enactment must be taken to affect only the other parts of the statute to which it may properly apply (*per* Lord Romilly, M.R. in *Pretty v. Solly*, 26 Beav 606). “For instance,” said the same Judge, in *De Winton v. Breeon*, 28 L.G., ch. 604, “if there is an authority in an Act of Parliament to a corporation to sell a particular piece of land, and there is also a general clause to the effect that nothing in the Act contained shall authorize the corporation to sell any land at all, the general clause would not control the particular enactment, and the particular enactment would take effect, notwithstanding the prior exception was not clearly expressed in the general clause”; again, in *Churchill v. Crease*, 5 Bing, 180, Best, C.J., said, “The rule is that when a general intention is expressed (as here that the Act shall not come into force until September), and the Act expresses also a particular intention incompatible with the general intention (as here that all payments *bonâ fide* made, *i.e.*, *heretofore made*, shall be protected) the particular intention is to be considered in the nature of an exception.” (*See* also *Hardcastle on Statutes*, pp. 109 and 110.) Upon these authorities it is quite clear that the particular enactment in section 16 of the Appropriation Act of 1881 is to be considered as an exception to the general enactment in section 17 of the Act, and there can be no doubt whatever that the Legislature intended that it should be so considered. *The appropriation in question is therefore still available, and will continue to be available until the 31st of December next.*

ROBERT WISDOM, A.-G.

Memo.—Seeing that for several years past each Appropriation Act has contained clauses the same as clauses 16 and 17 of the Act of 1881, I cannot understand why this point should now be raised apparently for the first time.—R.W., 3/5/82.

Minute by The Auditor-General.

Subject :—Charges against Unclassified Roads votes.

Department of Audit.

THE opinion of the Attorney-General, given in 1882, applies in a general way to the effect of a special clause introduced into the Annual Appropriation Act for 1877 to meet a temporary difficulty arising from the late period of the year at which the Act was passed, *viz.*, the 11th of October, 1877. The clause, which has been repeated year by year since, was intended only for single works, and to avoid the necessity of revotes in case of no contracts being possible to be taken by the close of the year, and the votes consequently lapsing. It has given scope for an interpretation which it was never intended to be put upon it, and so has occasioned trouble, and, to a certain extent, illegitimate expenditure.

The question here refers to a vote of £25,000 to expend which authority was taken by the Temporary Supply Act, 50 Vict., No. 33, dated 28th April, 1887, in ample time to make the necessary contracts before the close of the year, when, like other annual votes, if not contracted for, it should lapse, provision being made for like expenditure in the following year.

It

It is certainly not a correct mode of dealing with votes of the kind to hold over unappropriated balances granted for the services of one year to be expended for similar services in the following one. The opinion expressed in my former minute of 1st October, 1888, is not in any way shaken by the minute of the Commissioner for Roads, who, in alleging that if my view is upheld, he must get authority for expending £150,000, while the vote in question is only for £25,000.

E. A. RENNIE,
Auditor-General,
22 October, 1888.

The Under Secretary for Public Works.

B.C., Mr. Bennett to see.—J.B., 22/10/88.

While this correspondence is being carried on the men are remaining out of their money. I have to ask authority to pay them from my general advance. The amount is £379 16s. I will then point out where I think the Auditor-General's minute is contrary to previous rulings and precedent.—W.B., 29/10/88. Under Sec., B.C.

Minute by The Commissioner for Roads.

Subject:—Re charging 1888 Services against 1887 Votes.

Roads, Sydney.

IN accordance with the approval of the Honorable the Secretary for Public Works, payment in advance of certain accounts queried by the Auditor-General has been made, and I would now, in compliance with my minute of 29th ultimo, deal further with the question at issue.

The Auditor-General's minute of the 22nd ultimo infers that "The opinion of the Attorney-General, given in 1882, applies in a general way to the effect of a special clause introduced into the Annual Appropriation Act for 1877, to meet a temporary difficulty arising from the late period of the year at which the Act was passed."

The Attorney-General however does not, in his opinion, consider the question of any temporary difficulty such as mentioned, and the application of the opinion is not only general but special in its bearings. He states: "The rule is that whenever there is a particular enactment and a general enactment in the same statute, and the latter, taken in its most comprehensive sense, would overrule the former, the particular enactment must be operative, and the general enactment must be taken to affect only the other parts of the statute to which it may properly apply * * * * * It is quite clear that the particular enactment in section 16 of the Appropriation Act of 1881 is to be considered as an exception to the general enactment in section 17 of the Act, and there can be no doubt whatever that the Legislature intended that it should be so considered. The appropriation in question is therefore still available, and will continue to be available until the 31st December next. * * * * * Seeing that for several years past each Appropriation Act has contained clauses the same as clauses 16 and 17 of the Act of 1881, I cannot understand why this point should now be raised apparently for the first time." The Auditor-General states that the clause in question "was intended only for single works, and to avoid the necessity of revotes in case of no contracts being possible to be taken by the close of the year, and the votes consequently lapsing." It is not shown by any of the Appropriation Acts that such clause applies to single works only, and if applicable to single works why not to those of general character. When the Auditor-General urges that "It has given scope for an interpretation which it was never intended to be put upon it, and so has occasioned trouble, and to a certain extent, illegitimate expenditure," it is respectfully submitted that the opinion of the Attorney-General as quoted has not been fully accepted by him while the Roads Department, acting under the authority of the Attorney-General's opinion, has regularly operated on votes irrespective of the year of the vote and the year of the service being identical.

The Auditor-General's minute refers to the charges proposed against unclassified vote 1887, and urges that "authority to expend same was taken in ample time to make the necessary contracts before the close of the year when like other annual votes, if not contracted for it should lapse, provision being made for like expenditure in the following year." This vote is allocated by the Minister in small grants for various roads, and where questions of route, survey, proclamation, land claims, droughts, floods, &c., arise, delays in expenditure and the contracting for works are inevitable. In the case of the 1887 vote the payment under Ministerial authority of £2,000 therefrom for Manilla Bridge, pending a vote being taken for same, delayed the regular expenditure of that £2,000 on unclassified roads vote, and as the Manilla Bridge vote was taken in 1888, and unclassified vote then recouped, it was impossible to expend vote under contracts dated prior to the current year.

The Treasury Department has in the vouchers enclosed herewith objected to the payment of accounts charged to votes other than unclassified vote and which are covered by the reference of the question to the Auditor-General. As he does not express opinion with respect thereto his decision cannot be anticipated. It was with the view of pointing out that these and other votes were involved that the sum of £150,000 was mentioned by me as the probable amount for which authority will be required for payment if the Auditor General's decision holds good and is identical on all general votes.

If the ruling of the Auditor-General is correct as to the general votes, and as the expenditure of all amounts now voted for 1887 and 1888 is arranged for, this outlay having been undertaken in reliance on the opinion of the Attorney-General, it will have to be provided for by a supplementary vote for 1888 and written off the 1887 estimate.

The

The opinion of the Auditor-General not referring to the other votes, I think the vouchers should be paid and in future the decision of the Auditor-General as to unclassified votes will be adhered to strictly.

WILLIAM BENNETT.

Under Secretary, B.C., 12th November, 1888.

Minute by The Secretary for Public Works.

Subject :—Charging 1888 Services against 1887 Votes.

Department of Public Works, Sydney, 3 December, 1888.

I SHALL be glad if my honorable colleague the Attorney-General will give his opinion on the question raised in the accompanying papers.

What I want to know is, whether the Auditor-General's interpretation of Mr. Attorney-General Wisdom's opinion is the correct one, or that of Mr. Bennett, the Commissioner for Roads. The case appears to be simply this, whether the words "irrespective of date of claims" in the Appropriation Act is sufficient to permit of services of one year being charged to the vote for similar service taken for a previous year.

This question affects the whole of the Road votes for the year 1887 (those for salaries excepted), as will be seen on reference to the Appropriation Act for 1887, pages 16 to 19.

JOHN SUTHERLAND.

The Crown Solicitor.—J.B., 3/12/88.

Opinion of The Attorney-General.

MR. ATTORNEY-GENERAL WISDOM's opinion of 5th May, 1882, appears to me to be conclusive upon the question raised in this case. I agree with the view taken by Mr. Wisdom, and I am of opinion that by the express provisions of clause 15 of the Appropriation Act of 1887 money voted for services of 1887 which remains unexpended is available for similar services during the whole of the year 1888, although no contracts were entered into in respect of them during the year 1887. I feel constrained to come to this conclusion, but I quite agree with the Auditor-General that probably the special clause was introduced into the annual Appropriation Act of 1877 to meet a difficulty arising from the late period of the year at which the Act was passed, viz., 11th October, 1877,—and I am afraid that a similar clause has been repeated in the different Appropriation Acts ever since without sufficient regard being paid to its effect.

I suggest that the clause be omitted from future Appropriation Acts, and if this be done due and proper effect will be given to what appear to me to be the very useful provisions of section 17 of the Audit Act 33 Vic. No. 18.

I am very much inclined to agree with the Auditor-General that the clause in the Appropriation Act has given scope to an interpretation which it was never intended to be put upon it, and that it has occasioned trouble, and to a certain extent (what may almost be regarded as) illegitimate expenditure.

There is nothing in it limiting its operation to single works, and whatever may be the real meaning of the words in the Act "irrespective of date of claims," they do not control the provisions of clause 15.

I desire that a copy of this opinion may be forwarded as soon as possible to my colleague, the Colonial Treasurer.

A.-G., 26/12/88.

APPENDIX E.

Purchase of rails for line Forbes to Wilcannia, in anticipation of authority to construct.

Memo.

Department of Audit, 15 August, 1888.

Warrant No. 105.—48 Vic. No. 26.—Forbes to Wilcannia, £100,000.

EXPLANATION is requested as to why this large sum is required, the construction of the line not having been approved of by Parliament as yet.

E. A. RENNIE,
Auditor-General.

The Under Secretary for Finance and Trade.

Accountant.—G.E., 17/8/88. Please see explanation attached.—G.E., 17/8/88. The Auditor-General, B.C.

Government Railways, Account Branch.

Purchase of rails.—Extension to Wilcannia.

On the Loan Act, 48 Vic., No. 26, having been approved of by Parliament, a contract was entered into by the Agent-General for the supply of rails, &c. Under this contract the rails were supplied and paid for from Store Advance Account, but no contract having been taken for the construction of the line the rails now lie in stock to the debit of the store. It is now sought to relieve the Store Account by debiting the vote for Extension to Wilcannia with a portion only, £85,000, of the cost of the rails belonging to that line to which it is properly chargeable.

Ordering rails from England, and making advances from various votes for the payment of the sums prior to the acceptance of any contract for construction *has been the practice*, and must be so done to have a sufficient supply on hand.

In the case of Wilcannia Extension the cost of rails will exceed £150,000. Rails have not been specially ordered for any other vote. F.J.W., 17/8/88.

Forwarded for the information of the Under Secretary Finance and Trade.—D.V., 17/8/88.
The Auditor-General.—G.E., 17/8/88., B.C.

Memorandum.

Department of Audit, 20 August, 1888.

THE explanation shows that the rails in stock are not chargeable to the line Forbes to Wilcannia, nor, indeed, to any specific line until issued. If the Store Advance Account is insufficient to pay for purchases (in advance) of rails, the better course will be to charge the cost of such purchases in advance, to a specific account for the purpose as a suspense account, *to be discharged* when the rails are issued under actual contracts for authorized lines. It is recommended that this course be followed, and to cover the issue a *percentage of the votes likely to be carried out* be withheld from issue.

The account might be described as "Cost of rails purchased in anticipation of contracts." With the explanation now afforded, a certificate will be given for £85,000, *but not as against the vote "Forbes to Wilcannia,"* which by the showing has as yet no claim to be charged with the amount.

E. A. RENNIE,

Auditor-General.

The Under Secretary for Finance and Trade, &c., &c.

Accountant.—G.E., 28/8/88.

Memorandum.

THE course proposed to be followed by the Auditor-General is the same as at present, with the exception that the transactions will have to go through an intermediate account styled "Cost of rails purchased in anticipation of contracts," for which I cannot see any use, and which would only multiply the work both with regard to warrants and entries without any advantage whatever.

Perhaps the memorandum might be laid before the Railway Commissioner for his view on the subject.

J. PEARSON,

Accountant, 21 August, 1888.

The Under Secretary for Finance and Trade.

The Commissioner for Railways.—G.E. 21/8/88, B.C.

The Auditor-General appears to have arrived at the conclusion that rails have not been ordered for the Wilcannia line. A reperusal of the explanation would show that "rails have not been specially ordered for any other line." As a matter of fact an indent was sent for 117 miles of rails for extension Forbes to Wilcannia, the remainder included in other indents, not specially naming the route. The Auditor-General having admitted (as I understand his memo.) that it is proper to pay for "purchase (in advance) of rails," the only question to be dealt with is a matter of bookkeeping. For years past the course suggested by him has been in operation at this office. Advances to purchase rails have been debited against extension votes, and store advance account credited. Special accounts opened in all such cases, and adjusted by value of material when issued from the Store. These accounts being at all times open for inspection, it appears to me to be unnecessary to duplicate the work at the Treasury, and I fully concur with the Treasury accountant that no advantage whatever would be gained by so doing.—F.J.W.
The Under Secretary for Finance and Trade.

Secretary, B.C., 28/8/88. The Auditor-General. D.V., *pro* Commissioners, 3/9/88. I concur in the remarks of Messrs. Pearson and Wickham.—G.E., 6/9/88, B.C.

MEMO.—Warrant afterwards submitted by the Treasury for £85,000 as suggested, for "Cost of rails purchased in anticipation of contracts," and certified by the Auditor-General.

Question.

MR. MELVILLE, for Mr. COPELAND, asked the COLONIAL TREASURER,—As the 28th clause of the Real Property Act distinctly states that “the Treasurer shall from time to time invest all sums of money received on account of the Assurance Fund, together with the profits which may have accrued thereon, in New South Wales Government Securities,” and he, in answer to previous questions put by Mr. Copeland, stated that upwards of £53,600 were “in hand,” on which he proposes to pay simple interest, will he state the difference to the fund arising from the course he proposes, and if the amounts collected in each year had been annually invested, together with the accrued profits on previous investments?

Answer.

| | £ | s. | d. |
|--|--------|----|----|
| The amount proposed at simple interest would be | 12,997 | 8 | 0 |
| If invested half-yearly, would have been | 16,208 | 17 | 9 |
| Difference | £3,211 | 9 | 9 |
