(2) If so, was the council petition successful?

(3) If the petition was successful what percentage of the council grant was attributable to the petition?

133 Mr Hatton to ask the Attorney General—

(1) Did the NRMA take court action against a Mr D. Parker in 1986 to avoid holding an extraordinary general meeting that had been requested by over 200 members to discuss voting reform?

(2) Were there any irregularities in the conduct of the NRMA in the way they have called an extraordinary general meeting for 15 August 1988, whilst denying the movers of resolutions seeking voting reform a chance to supply supporting statements?

134 Mr Mack to ask the Minister for Transport—

(1) In the contract let by the SRA for the Tangara train project should six four-car trains have been in service by the end of May?

(2) Have deliveries proceeded at four cars per month from the end of May?

(3) If not, was only one four-car train in service at the middle of June?

(4) Are problems being experienced with the integration of major components of the “train management system”?

(5) Is there a dispute between the SRA and the suppliers concerning the ride quality of the train?

(6) Was the contract for 450 carriages placed without the development and testing of a prototype?

(7) Had the British design consultants for the Tangara project ever previously designed a working train?

(8) Have the design consultant ideas caused structural problems?

(9) Does the SRA have maintenance resources to cope with the “high tech” design of the Tangara train?

(10) How long will the SRA be locked into the present contractor?
