"Names" Member, 213.				
RULINGS OF :— That the Gun License Bill was an interference with trade, and should have been introduced in Committee, and was therefore out of Order, 83. That the Unclaimed Moneys Bill interfered with trade, and provided for payments from the Treasury, should have been introduced in Committee and preceded by a Message, and was therefore out of Order, 232. That the establishment of Milk Depôts did not impose a charge on the Revenue, and that the Message would cover the expenses of a Bill within reasonable limits, as it may be finally passed, and the Sydney Corporation Amendment Bill was therefore in order, 287. That a motion, as a matter of urgency, in reference to the Resumption of the Foreshore Areas of Sydney Harbour having been negatived previously during the Session, was not in order, 302. That the Servants Registry Bill did not come within the scope of Standing Order 246 as dealing with Trade, and was, therefore, in order, 348.				
On Motions of Adjournment :— Additional leave to police would anticipate motion on the same subject of which notice had been given, and was out of Order, 60. Remuneration for members of the Industrial Disputes Boards did not anticipate debate on motion already on the Paper, and was in Order, 116. In reference to decisions of Local Land Boards was not in Order, not being of a definite character, 120. Servants Registry Offices would anticipate debate on the Servants Registry Bill, which was on the Paper, and was out of Order, 99. Resumption of land in reticulation area at Barren Jack Irrigation Scheme would anticipate motion on the same subject of which notice had been given, and was out of Order, 105. Treatment of Country Fire Brigades was out of Order, as the subject could be debated in Committee on the Fire Brigades Bill, 127. That in moving that it is a matter of urgency that the House should consider a Motion of Adjournment to discuss a definite matter, the case should be clearly stated, and the question of urgency then argued, 188.
