W. E. DAVIDSON,

 Sydney, 24th November, 1922.

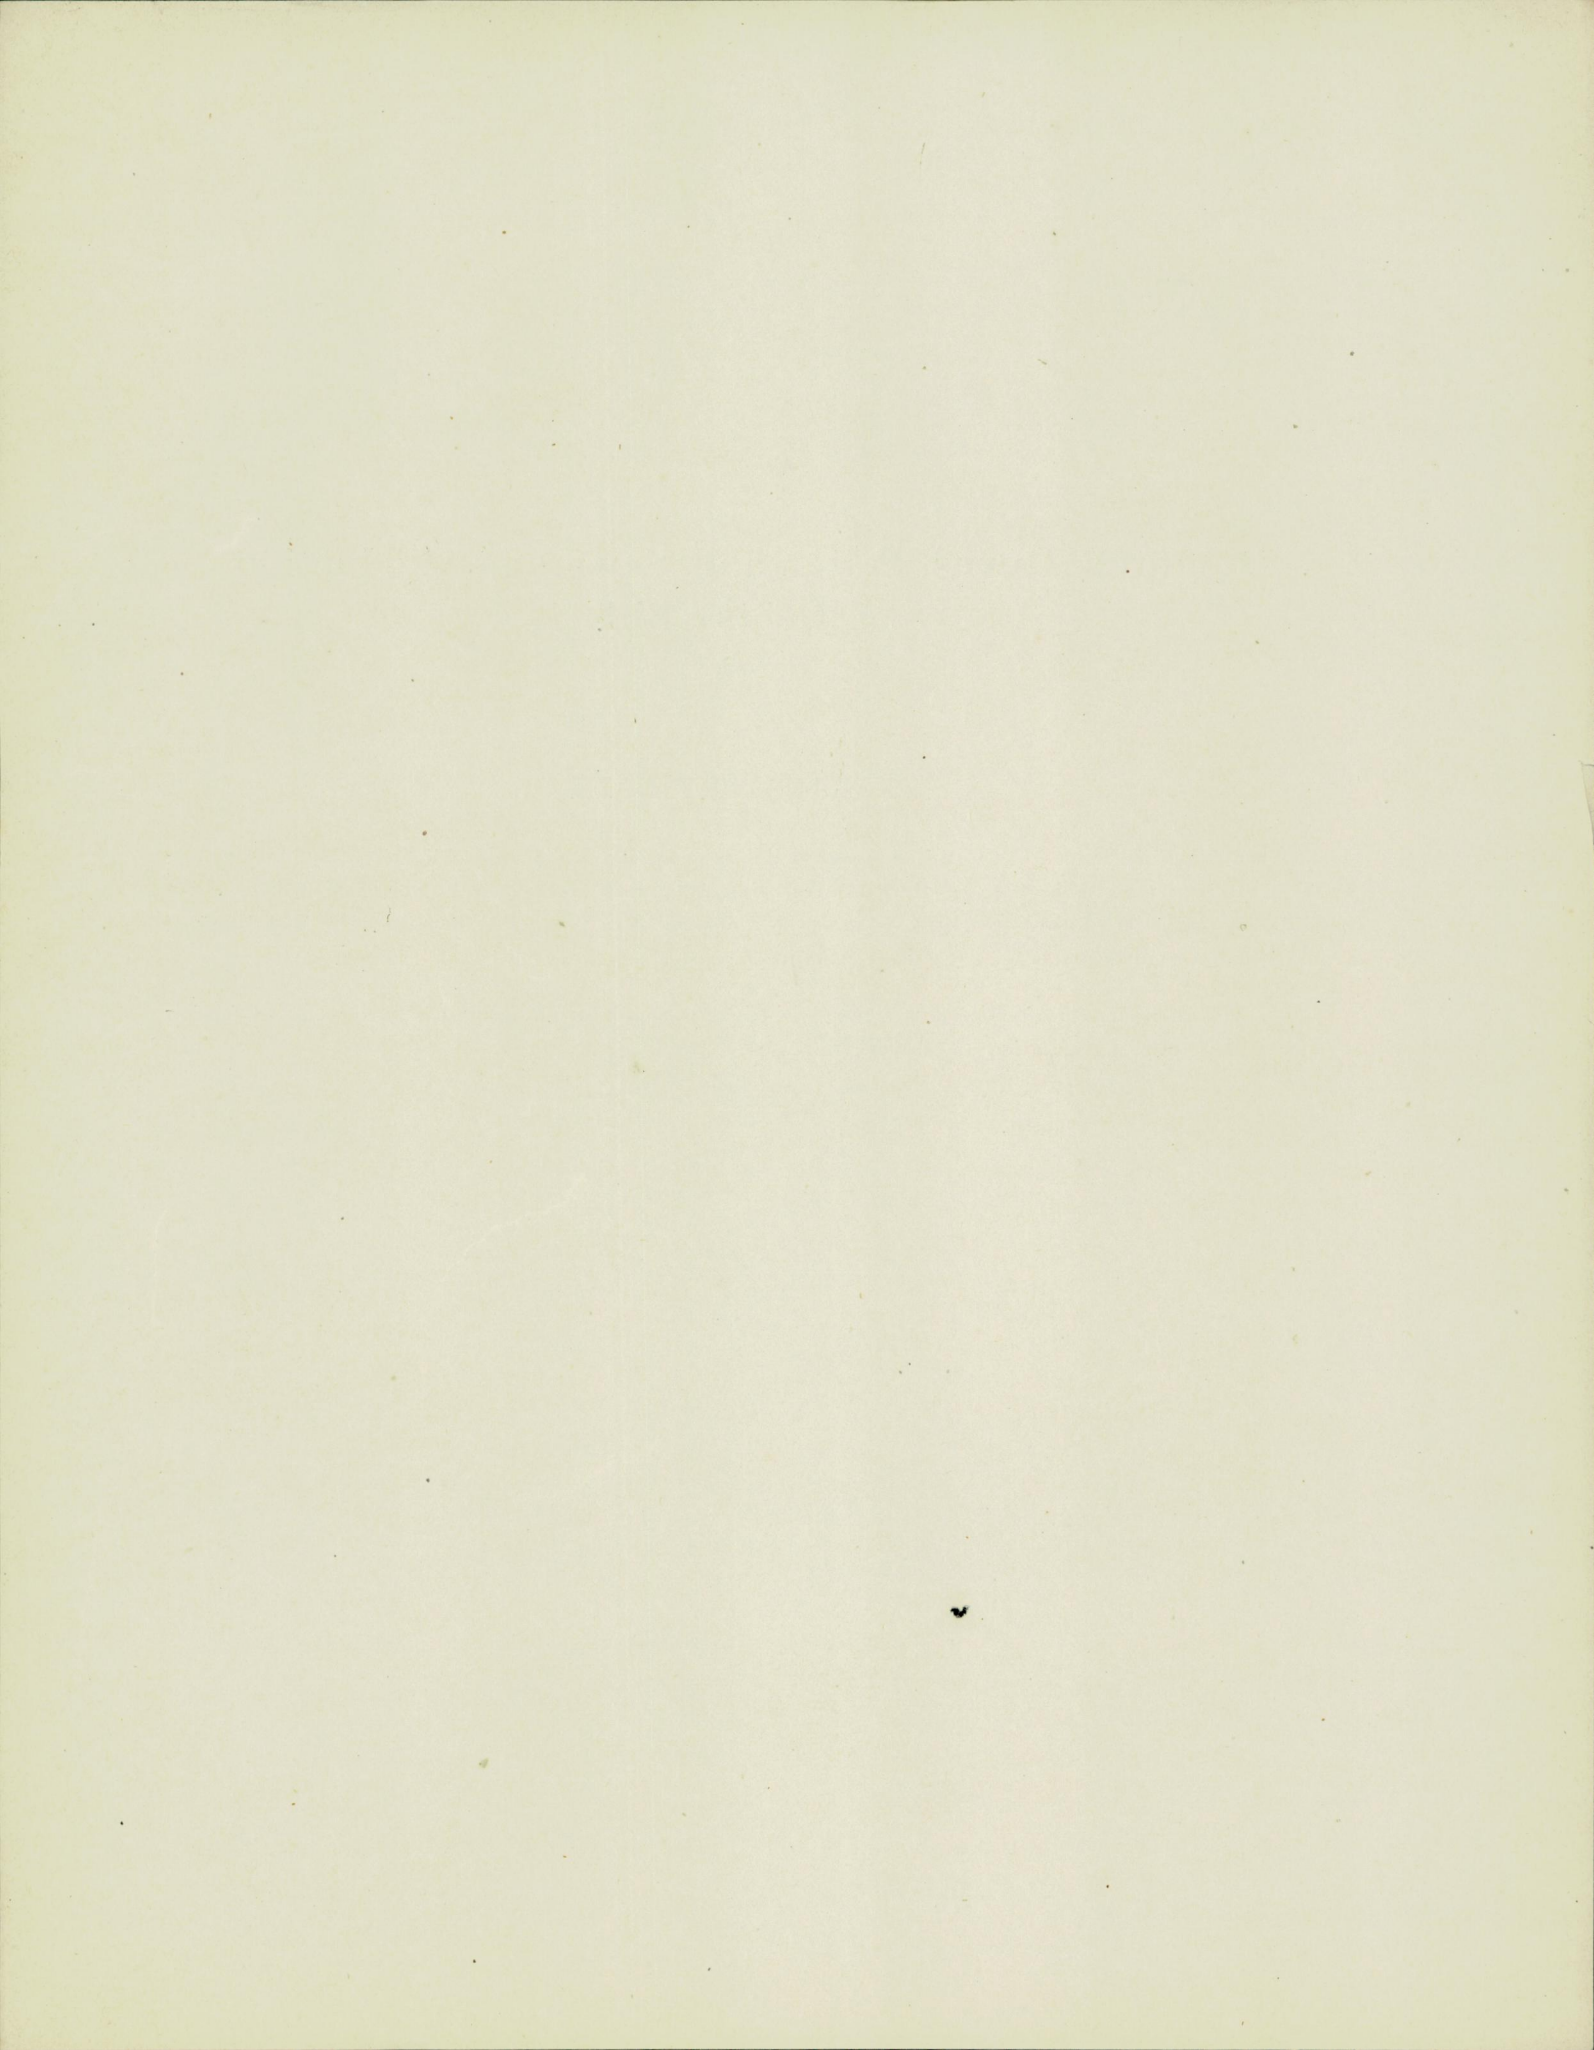

Country Towns Water and Sewerage (Reduction of Debts) Bill.

EXPLANATORY NOTE.

THE municipalities named in the Schedule are unable to meet their repayment obligations to the Treasury. As there is no reasonable prospect of them ever being able to do so, and as the existence of these debts militates against the future prospects of the towns, and involves a great deal of quite futile book-keeping, Parliamentary authority is asked to remit them in one case altogether, and in the others in part.

The remissions are rendered necessary principally as a result of decline in land values, following upon a reduction of population due to various causes.

This PUBLIC BILL originated in the LEGISLATIVE ASSEMBLY, and, having this day passed, is now ready for presentation to the LEGISLATIVE COUNCIL for its concurrence.

W. S. MOWLE,
Clerk of the Legislative Assembly.
