Stockton Cemetery Bill.

EXPLANATORY MEMORANDUM.

THE object of this Bill is to authorise the Commissioner for Main Roads to remove certain human remains which are found to have been buried in land required for a deviation of Main Road No. 108, to give access to a new vehicular ferry dock at Stockton, and to have these remains reinterred in the Stockton General Cemetery.

The land required is partly Crown land and partly private land. It has never been set apart for a cemetery, but was used as a burial ground many years ago. A headstone on one of the few graves affected records that the burial took place in 1861.

The removal will be at the cost of the Commissioner for Main Roads, but no compensation in respect of the removal will be paid.
