- 2. Where the income from employment earned by an employee in any week is not less than twenty pounds the amounts of Unemployment Relief Tax shall be seventeen shillings and tenpence plus one penny for each one shilling and eightpence of income from employment in excess of twenty pounds.
- 3. Where an employee is paid at other than weekly intervals, and the amount actually earned by him in each week included in the period in respect of which the payment is made is not readily ascertainable, the income from employment earned by the employee in each such week may, for the purposes of this Schedule, be calculated by dividing the sum paid to him by the number of weeks included in such period.
