1871

The first of these is the  
 fact that the population  
 of the country has  
 increased very rapidly  
 since the year 1800.  
 This is due to a  
 number of causes, the  
 most important of which  
 are the discovery of  
 gold and silver, and  
 the opening of the  
 great western trade  
 routes.
