THE HISTORY OF THE UNITED STATES

The first part of the history of the United States is the period of discovery and settlement. It begins with the arrival of Christopher Columbus in 1492 and continues through the early years of the 17th century. This period is characterized by the exploration of the continent and the establishment of the first permanent European colonies.

1

11

The second part of the history of the United States is the period of the American Revolution. It begins with the outbreak of the war in 1775 and ends with the signing of the Constitution in 1787. This period is marked by the struggle for independence from British rule and the establishment of a new form of government.

21

The third part of the history of the United States is the period of the early republic. It begins with the signing of the Constitution in 1787 and continues through the early years of the 19th century. This period is characterized by the development of the federal government and the expansion of the territory.

The fourth part of the history of the United States is the period of the Civil War and Reconstruction. It begins with the outbreak of the war in 1861 and ends with the Reconstruction period in the late 1870s. This period is marked by the struggle over slavery and the establishment of a new national identity.

The fifth part of the history of the United States is the period of the late 19th and early 20th centuries. It begins with the end of Reconstruction in the late 1870s and continues through the early years of the 20th century. This period is characterized by industrialization, urbanization, and the rise of the Progressive Movement.

The sixth part of the history of the United States is the period of the 20th century. It begins with the start of World War I in 1914 and continues through the present day. This period is marked by the rise of the United States as a world superpower and the challenges of the modern world.

3. (1) The Electricity Commission (Transfer of Reticulation Works) Act, 1957, is amended by omitting from subparagraph (ii) of paragraph (b) of subsection four of section eleven the words "For the purposes of this subparagraph service with the Commission shall be deemed to be service with the County Council of which he became such a servant." and by inserting in lieu thereof the following new subparagraph and new paragraph :—

- (iii) where any servant was immediately before he became such a servant a contributor to the Government Railways Superannuation Account established under Part IX of the Government Railways Act, 1912, as amended by subsequent Acts, he shall continue to contribute to that Account and shall be paid from such Account any pension, gratuity, allowance or other benefit which he would have received from that Account had he continued in the service of the Commission and been paid salary or wages at the rate paid to him by the County Council of which he became such a servant; and any pension, gratuity, allowance or other benefit payable to any such contributor or other person in respect of such a contributor's service, shall become due and payable in the same manner as though the contributor had continued in the service of the Commission; and the Sydney County Council or the Prospect County Council, as the case may require, shall cause proper deductions

Electricity Commission (Amendment).

deductions to be made from the salary or wages of any such contributor as aforesaid and pay all such amounts to the credit of the Government Railways Superannuation Account; and the Sydney County Council and the Prospect County Council shall contribute their due proportions of any amounts necessary to supplement the revenue of the Government Railways Superannuation Account to enable the claims thereon to be met in any year; and such amount, if not agreed upon by the Sydney County Council or the Prospect County Council, as the case may be, and the Commissioner for Railways, shall be determined by the Governor.

(c) For the purposes of subparagraphs (ii) and (iii) of paragraph (b) of this subsection service with the Commission of any servant to whom this section applies shall be deemed to be service with the County Council of which he became such a servant.

(2) The amendments made by subsection one of this section shall be deemed to have commenced upon the first day of July, one thousand nine hundred and fifty-eight.

4. The person who immediately before the commencement of this Act held office as chairman of the Appeal Board constituted under Division 3 of Part VI of the Electricity Commission Act, 1950, as amended by subsequent Acts, shall notwithstanding any other provision of this Act continue to hold office as such chairman after such commencement but shall be deemed to have vacated his office as such chairman upon the day upon which he attains the age of sixty-five years. **Saving.**

THE HISTORY OF THE UNITED STATES

The history of the United States is a story of growth and expansion. From a small collection of colonies on the eastern coast, it grew into a vast nation that spanned the continent. The early years were marked by struggle and conflict, but the spirit of independence and self-determination prevailed. The American Revolution was a turning point, leading to the birth of a new nation. The westward expansion of the frontier brought new challenges and opportunities, shaping the character of the young republic. The Civil War was a defining moment, testing the nation's unity and resolving the issue of slavery. The Reconstruction era followed, a period of rebuilding and reform. The late 19th and early 20th centuries saw rapid industrialization and the rise of a powerful nation on the world stage. The American dream of prosperity and opportunity became a reality for many, but it also brought social and economic challenges. The 20th century was a time of global conflict, technological advancement, and the pursuit of civil rights. The United States emerged as a superpower, playing a central role in the world's affairs. Today, the United States continues to evolve, facing new challenges and opportunities in a globalized world.

The American dream is a powerful ideal that has inspired generations. It is the belief that anyone, regardless of their background or starting point, can achieve success and prosperity through hard work and determination. This dream has been the driving force behind the nation's growth and expansion. It has encouraged innovation, risk-taking, and the pursuit of excellence. The American dream is not just about wealth and material success; it is also about the pursuit of freedom, justice, and the better life for all. It is a dream that has shaped the nation's identity and continues to inspire Americans and people around the world.

Saving

Saving is an essential part of financial planning and wealth building. It involves setting aside a portion of your income for future use. There are many ways to save, including opening a savings account, investing in stocks and bonds, and contributing to retirement plans. Saving allows you to accumulate funds over time, which can be used for a variety of purposes, such as paying for education, buying a home, or retiring. The power of compounding interest makes saving an effective strategy for growing your wealth. By starting to save early and consistently, you can take full advantage of the benefits of compounding. Saving is a habit that can lead to long-term financial security and success.
