

**PUBLIC HOSPITALS (AMENDMENT) BILL 1986**

NEW SOUTH WALES

**EXPLANATORY NOTE**

**(This Explanatory Note relates to this Bill as introduced into Parliament)**

This Bill is cognate with the Area Health Services Bill 1986.

The object of this Bill is to amend the Public Hospitals Act 1929—

- (a) to make provision as a consequence of and in connection with the proposed enactment of the Area Health Services Act 1986;
- (b) to provide that the board of directors of an incorporated hospital (being a hospital mentioned in the Second Schedule to the Public Hospitals Act 1929) is subject to the control and direction of the Minister (the proposed area health boards are to be subject to a similar requirement);
- (c) to authorise the Governor to make future appointments to the position of chief executive officer of an incorporated hospital and to limit the maximum term of those appointments to 7 years (similar provision is to be made for the chief executive officers of the proposed area health boards); and
- (d) to make further provision with respect to the remuneration of visiting medical officers and, in particular—
  - (i) to provide for an appeal to the Industrial Commission from a determination of an arbitrator in connection with the terms and conditions of sessional contracts or fee-for-service contracts between visiting medical officers and hospitals;
  - (ii) to require an arbitrator making a determination to have regard to the economic consequences of the proposed determination and the current wage fixation principles; and

- (iii) to remove a time restriction on the making of applications for the appointment of an arbitrator to make a sessional contract determination.
- 

Clause 1 specifies the short title of the proposed Act.

Clause 2 provides for the commencement of the proposed Act.

Clause 3 is a formal provision which gives effect to the Schedules of amendments.

#### SCHEDULE 1—AMENDMENTS TO THE PUBLIC HOSPITALS ACT 1929

Schedule 1 (1) (a) and (b) insert into the Principal Act appropriate definitions of “area health service” and “Board”. The definition of “Board” will, among other things, ensure that the provisions of the Principal Act relating to appeals from decisions of boards of hospitals apply to appeals from the decisions of the area health boards for area health services.

Schedule 1 (1) (c) extends the definition of “hospital” to include hospitals under the control of an area health service. However, the provisions of the Principal Act relating specifically to the hospitals which remain in the Second, Third and Fifth Schedules to the Principal Act do not apply to hospitals under the control of an area health service.

Schedule 1 (2) and (3) extend the functions and duties of the Secretary of the Department of Health in relation to hospitals under the Principal Act to area health services and, in particular, ensure that the powers of the Secretary, or delegate, to inquire into and inspect hospitals extend to area health services and hospitals under the control of area health services.

Schedule 1 (4) excludes a provision under the Principal Act from applying to hospitals under the control of area health services as a consequence of the inclusion of a similar provision in the proposed Area Health Services Act 1986.

Schedule 1 (5) authorises the use of the Hospitals Fund to subsidise area health services (including hospitals under their control).

Schedule 1 (6) places the boards of directors of incorporated hospitals mentioned in the Second Schedule to the Principal Act under Ministerial control. However, provision is made to make it clear that those hospitals do not represent the Crown.

Schedule 1 (7) ensures that the provisions of the Principal Act relating to the remuneration of visiting medical officers apply to hospitals under the control of area health services.

Schedule 1 (8) ensures that the provisions of the Principal Act relating to the conditions of appointment of visiting practitioners apply to area health services.

Schedule 1 (9) includes a provision in the Principal Act similar to that included in the proposed Area Health Services Act 1986 to ensure that amendments to hospital by-laws and regulations do not affect the rights and obligations under existing agreements between hospitals and visiting practitioners.

Schedule 1 (10) and (11) omit obsolete provisions.

Schedule 1 (12) and (13) ensure that the provisions of the Principal Act relating to the fees payable for hospital services apply to hospitals under the control of an area health service.

Schedule 1 (14) extends the provisions of the Principal Act relating to the Samaritan Fund (being the fund into which unclaimed property of patients is paid) to hospitals under the control of an area health service.

Schedule 1 (15) and (16) apply to the chief executive officers of incorporated hospitals mentioned in the Second Schedule to the Principal Act provisions similar to those which will apply to the chief executive officers of area health boards. In particular—

- (a) the appointment of the chief executive officer is to be made by the Governor; and
- (b) the chief executive officer is to be appointed for a maximum term of 7 years, subject to re-appointment.

Schedule 1 (17) extends a provision of the Principal Act relating to superannuation in respect of hospital employees to employees of area health services.

Schedule 1 (18) makes consequential amendments to the regulation-making power under the Principal Act.

#### SCHEDULE 2—AMENDMENTS TO THE PUBLIC HOSPITALS ACT 1929 RELATING TO THE REMUNERATION OF VISITING MEDICAL OFFICERS

Schedule 2 (1) effects the amendment mentioned in paragraph (d) (iii) above.

Schedule 2 (2) effects the amendment mentioned in paragraph (d) (ii) above.

Schedule 2 (3) and (4) effect the amendment mentioned in paragraph (d) (i) above and—

- (a) provide that an appeal from an arbitrator is to lie only if the Industrial Commission is of the opinion that the matter raised in the appeal is of such importance that an appeal should lie;
  - (b) provide that an appeal is to be made to the Industrial Commission in court session constituted by at least 3 members of the Commission; and
  - (c) provide that the right of appeal applies only to determinations made after the commencement of the amendment.
