- (b) licence fees - being the fees payable for the grant or renewal of a component licence;
- (c) periodic licence fees - being the fees payable periodically by the holder of a master licence in order to maintain in force a component licence referred to in Part 1 of Schedule 1;
- (d) special fees - being the fees payable to the Director for duplicate licences or for any other matters for which a special fee may be required to be paid by this Act or the regulations.

(2) In this Division, a reference to a fee is a reference to any such application fee, licence fee, periodic licence fee or special fee.

(3) This Division does not apply to charges for services provided by the Director under Part 5 at the request of any person.

Fixing of fees by Ministerial order

18. (1) The Minister may, by order published in the Gazette, determine:

- (a) the matters for which fees referred to in section 17 are payable; and

- (b) the amount of those fees or the method of calculating the amount of those fees; and
- (c) the time for payment of those fees; and
- (d) the circumstances in which any such fee (or any part of such fee) may be refunded or waived.

(2) The provisions of any order under this section relating to the fees for a component licence (other than special fees) are to be in accordance with the requirements notified by the licensing authority with the approval of the Minister administering the licensing Act.

(3) The Interpretation Act 1987 applies to an order under this section as if the order were a statutory rule within the meaning of that Act. Accordingly, the order is subject to disallowance by either House of Parliament.

(4) If any order under this section determines that a fee (other than a special fee) is payable under this Act, the order must fix

- (a) a separate fee in respect of each component licence concerned; or
- (b) a single fee in respect of a number of component licences concerned, together with the method by which the fee is to be divided among those component licences.

(5) An order may enable a periodic licence fee to be paid by instalments.

(6) An order may, in connection with the late payment of a licence fee or a periodic licence fee, require an additional amount to be paid as part of the fee.

Payment of application fees

19. An application under this Part is to be accompanied by the relevant application fee (if any).

Payment of licence fees

20. (1) A component licence is not to be granted or renewed unless the relevant licence fee (if any) has been paid to the Director.

Payment of periodic licence fees for licences of indefinite duration

21. (1) The holder of a component licence referred to in Part 1 of Schedule 1 is required to pay to the Director the periodic licence fee (if any) for the licence.

(2) The due date for payment of a periodic licence fee is 1 month (or such other time determined by the Director) before the beginning of the period in respect of which it is payable.

(3) The holder of a component licence must, when paying a periodic licence fee, provide the Director with information required by the Director of any change in the particulars of the component licence and information (if any) required under the licensing Act to accompany the periodic licence fee.

(4) If, 1 month after the beginning of the period in respect of which a periodic licence fee is payable:

- (a) the fee (and any additional amount for late payment) has not been paid; or
 - (b) the requisite information has not been provided,
- the component licence is taken to be surrendered.

(5) If a periodic licence fee is authorised to be paid by instalments, the first instalment only is required to be paid by the due date for payment of the periodic licence fee. If a subsequent instalment is not paid (and any additional amount for late payment), the component licence is taken to be surrendered 1 month after the due date for payment.

(6) If the requisite fee or information is paid or provided after the component licence is taken to be surrendered under this section (but within 3 months after that time), the Director may:

- (a) accept the payment or information if authorised by an arrangement under Part 5 with the licensing authorities concerned; and
- (b) direct in writing that the component licence be restored with effect from the date of the direction.

Any such direction has effect according to its tenor.

Amendment of licences - adjustment of fees

22. (1) If:

- (a) an application is made for the amendment of a component licence; and
- (b) an additional amount would have been payable as the licence fee or periodic licence fee (at the time the fee was last paid) if the licence had been amended at that time,

the licence is not to be amended unless the additional amount of the fee has been paid to the Director.

(2) If the additional fee accompanied the application for the amendment of the licence and the application is refused, the additional fee must be refunded.

Payment of special fees

23. Special fees are to be paid to the Director in accordance with the order under which they are determined.

Disbursement of fees (other than special fees) to licensing authorities

24. (1) Fees (other than special fees) paid in respect of component licences are to be forwarded by the Director to the licensing authorities which administer those licences.

(2) However, the Director may deduct from the fees to be forwarded to a licensing authority any commission or other amount authorised by an arrangement under Part 5.

(3) The Director may, subject to any such arrangement, forward fees to licensing authorities at such times, and in such manner, as the Director thinks fit.

Fees under Business Franchise Licences Acts not affected

25. (1) This Division does not apply to or in respect of a licence under the Business Franchise Licences (Petroleum Products) Act 1987 or the Business Franchise Licences (Tobacco) Act 1987.

Person may hold more than 1 master licence

27. (1) A person may be granted more than 1 master licence (whether alone or jointly with other persons).

(3) If any such requirement is not complied with within the time determined by the Director, the Director may (if satisfied that there is no reasonable objection to the merger of the licences) cancel the master licences concerned and grant a single master licence.

(4) If the same person or persons who hold a master licence apply for component licences to be included in another master licence, the Director may refuse to deal with the application and require the person or persons to make, instead, an application for the grant of the additional component licences in connection with their existing master licence.

(5) If an application is made for the transfer of component licences to a person who already holds a master licence, the Director may

refuse to deal with the application and require the person to make, instead, an application for the grant of the licences concerned as additional component licences of the master licence.

Conditions of licences

28. (1) Component licences are subject to such conditions as are imposed in accordance with the licensing Acts or this section.

(2) In addition to any other conditions which may be imposed under the licensing Acts, conditions may be imposed if the Director considers they are necessary for the effective operation of the centralised licensing facility under this Act (so long as any such condition does not limit the authority conferred by the component licences).

(3) Any such additional conditions:

- (a) may be imposed when the licence is granted or renewed; and
- (b) may be imposed or amended at any time by notice in writing given to the holder of the licence; and
- (c) have the same effect as conditions imposed in accordance with the licensing Act.

(4) All the conditions imposed on a component licence are to be taken to have been imposed by the licensing authority concerned.

(5) Conditions may be set out in an annexure or separate document.

Duration of licences

29. (1) The period during which a component licence remains in force is (subject to this Act) the period applicable in accordance with the licensing Act.

(2) The Director may determine that component licences referred to in Part 2 of Schedule 1 and included in a master licence are to expire on the common expiry day (whether in the same year or in different years).

(3) The Director may determine that the periods in respect of which periodic licence fees are payable for component licences referred to in Part 1 of Schedule 1 and included in a master licence are to end on the common expiry day (whether in the same year or in different years).

(4) Licensing authorities are required to comply with any determination of the Director under this section.

(5) The Director may, for the purposes of this section, make any necessary adjustments to the fees payable for component licences (including applying any excess fees paid in connection with a licence to the payment of future fees payable in respect of the licence).

(6) Any determination of the Director under this section is subject to the licensing Acts.

(7) This section does not apply to a licence under the Business Franchise Licences (Petroleum Products) Act 1987 or the Business Franchise Licences (Tobacco) Act 1987.

Joint licences

31. (1) A master licence may be granted jointly to 2 or more persons if each component licence may be so granted under the licensing Acts.

Cancellation or suspension of component licences

32. (1) A component licence may be cancelled or suspended (without affecting any other component licence included in the master licence):

- (a) by the licensing authority in accordance with the licensing Act;
or
- (b) by the Director acting on behalf of the licensing authority in accordance with an arrangement under Part 5; or

(c) in accordance with any other law.

(2) When a licensing authority cancels or suspends a component licence (or revokes any such suspension), it must notify the Director immediately of that fact.

(3) The Director may, if authorised by the licensing authority, give the holder of the relevant licence notice of the cancellation or suspension on behalf of the licensing authority (together with notice of the reasons for the decision or any other matter required by the licensing Act).

Surrender of master or component licence

33. The holder of a master licence may, by notice in writing to the Director, surrender the master licence or any of the component licences.

Return of licence

34. (1) If a master licence (or any component licence) has been duly cancelled, suspended or surrendered or has expired, the holder of the licence must return the master licence to the Director within 7 days or within such other time as the holder is required to do so by the Director or by a licensing authority on behalf of the Director.

Maximum penalty: 25 penalty units.

(2) The Director may require the holder of a master licence to return the licence to the Director, within such time as the Director requires, so that the Director may incorporate any changes in the particulars of the licence. The holder must comply with any such requirement.

Maximum penalty: 25 penalty units.

(3) A master licence may be returned personally to an office of the Director or by post or in such other manner as may be determined by the Director.

(4) A specified part of a master licence, instead of the whole licence, is to be returned under this section in any case required by the Director.

Furnishing of information by licensees

35. (1) The holder of a component licence is required to provide the Director with such information relating to any change in the particulars

of the licence as the Director requires by notice given to the holder of the licence.

Maximum penalty: 25 penalty units.

(2) The information is to be provided in such manner and within such time as the Director specifies in the notice.

(3) In this section, "**particulars**" of a licence include particulars shown in a register of such licences kept under the licensing Act.

Duplicate master licences

36. (1) The Director may issue a duplicate master licence if the Director is satisfied that the original licence has been lost or destroyed.

(2) A duplicate licence has the same effect as the original licence.

Copy of licence for exhibition, carriage or production

37. (1) The Director may issue to the holder of a master licence a certificate relating to any component licence included in the master licence.

(2) The exhibition, carriage or production of any such certificate is sufficient for the purpose of complying with any requirement of a licensing Act or other law for the exhibition, carriage or production of the component licence.

(3) The holder of a master licence must, if the Director requires the holder to do so, return any such certificate to the Director within such time as is specified by the Director.

Maximum penalty: 25 penalty units.

(4) Any such notification may be returned personally or by post or in such other manner as may be determined by the Director.

Licensing authority may inspect relevant records held by Director

38. (1) A licensing authority is entitled to inspect at any reasonable time the records of the Director relating to the component licences administered by the licensing authority.

(b) on the expiry of the current licence, the component licence is taken to have been renewed with effect from that expiry.

(2) For the purposes of this section:

(a) the requisite fee is the licence fee (if any) payable under this Act for the renewal of the licence; and

(b) the requisite information is information required by the Director on any change in the particulars of the component licence and information (if any) required under the licensing Act to accompany the licence fee.

(4) If the requisite fee or information is paid or provided after the expiry of the component licence (but within 3 months of that expiry), the Director may:

Any such direction has effect according to its tenor.

(6) The Director is to notify the holder of a component licence that an application for renewal will be required if the licensing authority concerned requests the Director to do so. Any such request must be made within the time and in the manner required by an arrangement under Part 5 with the licensing authority or, subject to any such arrangement, within the time and in the manner determined by the Director.

(7) A component licence which is renewed under this section expires on:

- (a) application fees - being the fees required to accompany an application under this Part;
- (b) licence fees - being the fees payable for the grant or renewal of a component licence;
- (c) periodic licence fees - being the fees payable periodically by the holder of a master licence in order to maintain in force a component licence referred to in Part 1 of Schedule 1;
- (d) special fees - being the fees payable to the Director for duplicate licences or for any other matters for which a special fee may be required to be paid by this Act or the regulations.

(2) In this Division, a reference to a fee is a reference to any such application fee, licence fee, periodic licence fee or special fee.

(3) This Division does not apply to charges for services provided by the Director under Part 5 at the request of any person.

Fixing of fees by Ministerial order

18. (1) The Minister may, by order published in the Gazette, determine:

- (a) the matters for which fees referred to in section 17 are payable; and

- (b) the amount of those fees or the method of calculating the amount of those fees; and
- (c) the time for payment of those fees; and
- (d) the circumstances in which any such fee (or any part of such fee) may be refunded or waived.

(2) The provisions of any order under this section relating to the fees for a component licence (other than special fees) are to be in accordance with the requirements notified by the licensing authority with the approval of the Minister administering the licensing Act.

(3) The Interpretation Act 1987 applies to an order under this section as if the order were a statutory rule within the meaning of that Act. Accordingly, the order is subject to disallowance by either House of Parliament.

(4) If any order under this section determines that a fee (other than a special fee) is payable under this Act, the order must fix

- (a) a separate fee in respect of each component licence concerned; or
- (b) a single fee in respect of a number of component licences concerned, together with the method by which the fee is to be divided among those component licences.

(5) An order may enable a periodic licence fee to be paid by instalments.

(6) An order may, in connection with the late payment of a licence fee or a periodic licence fee, require an additional amount to be paid as part of the fee.

Payment of application fees

19. An application under this Part is to be accompanied by the relevant application fee (if any).

Payment of licence fees

20. (1) A component licence is not to be granted or renewed unless the relevant licence fee (if any) has been paid to the Director.

(2) If the licence fee accompanied the application for the grant or renewal of the licence and the application is refused, the fee must be refunded.

Payment of periodic licence fees for licences of indefinite duration

21. (1) The holder of a component licence referred to in Part 1 of Schedule 1 is required to pay to the Director the periodic licence fee (if any) for the licence.

(2) The due date for payment of a periodic licence fee is 1 month (or such other time determined by the Director) before the beginning of the period in respect of which it is payable.

(3) The holder of a component licence must, when paying a periodic licence fee, provide the Director with information required by the Director of any change in the particulars of the component licence and information (if any) required under the licensing Act to accompany the periodic licence fee.

(4) If, 1 month after the beginning of the period in respect of which a periodic licence fee is payable:

(a) the fee (and any additional amount for late payment) has not been paid; or

(b) the requisite information has not been provided,
the component licence is taken to be surrendered.

(5) If a periodic licence fee is authorised to be paid by instalments, the first instalment only is required to be paid by the due date for payment of the periodic licence fee. If a subsequent instalment is not paid (and any additional amount for late payment), the component licence is taken to be surrendered 1 month after the due date for payment.

(6) If the requisite fee or information is paid or provided after the component licence is taken to be surrendered under this section (but within 3 months after that time), the Director may:

(a) accept the payment or information if authorised by an arrangement under Part 5 with the licensing authorities concerned; and

(b) direct in writing that the component licence be restored with effect from the date of the direction.

Any such direction has effect according to its tenor.

Amendment of licences - adjustment of fees

22. (1) If:

- (a) an application is made for the amendment of a component licence; and
- (b) an additional amount would have been payable as the licence fee or periodic licence fee (at the time the fee was last paid) if the licence had been amended at that time,

the licence is not to be amended unless the additional amount of the fee has been paid to the Director.

(2) If the additional fee accompanied the application for the amendment of the licence and the application is refused, the additional fee must be refunded.

Payment of special fees

23. Special fees are to be paid to the Director in accordance with the order under which they are determined.

Disbursement of fees (other than special fees) to licensing authorities

24. (1) Fees (other than special fees) paid in respect of component licences are to be forwarded by the Director to the licensing authorities which administer those licences.

(2) However, the Director may deduct from the fees to be forwarded to a licensing authority any commission or other amount authorised by an arrangement under Part 5.

(3) The Director may, subject to any such arrangement, forward fees to licensing authorities at such times, and in such manner, as the Director thinks fit.

Fees under Business Franchise Licences Acts not affected

25. (1) This Division does not apply to or in respect of a licence under the Business Franchise Licences (Petroleum Products) Act 1987 or the Business Franchise Licences (Tobacco) Act 1987.

(5) Two or more component licences may be set out in the same document.

Person may hold more than 1 master licence

27. (1) A person may be granted more than 1 master licence (whether alone or jointly with other persons).

(2) However, if 2 or more master licences are held by the same person alone or by the same persons jointly, the Director may require the person or persons to surrender all or any of those licences and apply for the grant of the component licences concerned in a single master licence.

(3) If any such requirement is not complied with within the time determined by the Director, the Director may (if satisfied that there is no reasonable objection to the merger of the licences) cancel the master licences concerned and grant a single master licence.

(4) If the same person or persons who hold a master licence apply for component licences to be included in another master licence, the Director may refuse to deal with the application and require the person or persons to make, instead, an application for the grant of the additional component licences in connection with their existing master licence.

(5) If an application is made for the transfer of component licences to a person who already holds a master licence, the Director may

refuse to deal with the application and require the person to make, instead, an application for the grant of the licences concerned as additional component licences of the master licence.

Conditions of licences

28. (1) Component licences are subject to such conditions as are imposed in accordance with the licensing Acts or this section.

(2) In addition to any other conditions which may be imposed under the licensing Acts, conditions may be imposed if the Director considers they are necessary for the effective operation of the centralised licensing facility under this Act (so long as any such condition does not limit the authority conferred by the component licences).

(3) Any such additional conditions:

- (a) may be imposed when the licence is granted or renewed; and
- (b) may be imposed or amended at any time by notice in writing given to the holder of the licence; and
- (c) have the same effect as conditions imposed in accordance with the licensing Act.

(4) All the conditions imposed on a component licence are to be taken to have been imposed by the licensing authority concerned.

(5) Conditions may be set out in an annexure or separate document.

Duration of licences

29. (1) The period during which a component licence remains in force is (subject to this Act) the period applicable in accordance with the licensing Act.

(2) It is not necessary that all component licences included in a master licence remain in force for the same period.

(3) When all the component licences comprised in a master licence cease to be in force, the master licence expires.

Common expiry day for component licences

30. (1) The Director may determine for each master licence the common expiry day for component licences included in that master licence.

(2) The Director may determine that component licences referred to in Part 2 of Schedule 1 and included in a master licence are to expire on the common expiry day (whether in the same year or in different years).

(3) The Director may determine that the periods in respect of which periodic licence fees are payable for component licences referred to in Part 1 of Schedule 1 and included in a master licence are to end on the common expiry day (whether in the same year or in different years).

(4) Licensing authorities are required to comply with any determination of the Director under this section.

(5) The Director may, for the purposes of this section, make any necessary adjustments to the fees payable for component licences (including applying any excess fees paid in connection with a licence to the payment of future fees payable in respect of the licence).

(6) Any determination of the Director under this section is subject to the licensing Acts.

(7) This section does not apply to a licence under the Business Franchise Licences (Petroleum Products) Act 1987 or the Business Franchise Licences (Tobacco) Act 1987.

Joint licences

31. (1) A master licence may be granted jointly to 2 or more persons if each component licence may be so granted under the licensing Acts.

Cancellation or suspension of component licences

32. (1) A component licence may be cancelled or suspended (without affecting any other component licence included in the master licence):

- (a) by the licensing authority in accordance with the licensing Act;
or
- (b) by the Director acting on behalf of the licensing authority in accordance with an arrangement under Part 5; or

(c) in accordance with any other law.

(2) When a licensing authority cancels or suspends a component licence (or revokes any such suspension), it must notify the Director immediately of that fact.

(3) The Director may, if authorised by the licensing authority, give the holder of the relevant licence notice of the cancellation or suspension on behalf of the licensing authority (together with notice of the reasons for the decision or any other matter required by the licensing Act).

Maximum penalty: 25 penalty units.

(2) The Director may require the holder of a master licence to return the licence to the Director, within such time as the Director requires, so that the Director may incorporate any changes in the particulars of the licence. The holder must comply with any such requirement.

Maximum penalty: 25 penalty units.

(3) A master licence may be returned personally to an office of the Director or by post or in such other manner as may be determined by the Director.

(4) A specified part of a master licence, instead of the whole licence, is to be returned under this section in any case required by the Director.

Furnishing of information by licensees

35. (1) The holder of a component licence is required to provide the Director with such information relating to any change in the particulars

of the licence as the Director requires by notice given to the holder of the licence.

Maximum penalty: 25 penalty units.

(2) The information is to be provided in such manner and within such time as the Director specifies in the notice.

(3) In this section, "particulars" of a licence include particulars shown in a register of such licences kept under the licensing Act.

Duplicate master licences

36. (1) The Director may issue a duplicate master licence if the Director is satisfied that the original licence has been lost or destroyed.

(2) A duplicate licence has the same effect as the original licence.

Copy of licence for exhibition, carriage or production

37. (1) The Director may issue to the holder of a master licence a certificate relating to any component licence included in the master licence.

(2) The exhibition, carriage or production of any such certificate is sufficient for the purpose of complying with any requirement of a licensing Act or other law for the exhibition, carriage or production of the component licence.

(3) The holder of a master licence must, if the Director requires the holder to do so, return any such certificate to the Director within such time as is specified by the Director.

Maximum penalty: 25 penalty units.
