Commencement

2. This Act commences on a day or days to be appointed by proclamation.

Definition

3. In this Act:

- (a) for any purpose or in any circumstances; or
- (b) for a particular purpose or in particular circumstances,

it is to prepare a report stating its opinion and the reasons for the opinion.

(2) In its report, the Commission may also specify:

- (a) any action that would need to be taken; and
- (b) any events that would need to occur; and
- (c) any conditions that would need to be complied with,

before it would consider revising its opinion.

(3) For the purposes of an inquiry under subsection (1), a person authorised by the Commission may:

- (a) enter, inspect and measure, and take samples from, the land the subject of the inquiry; and
- (b) dig holes on the land; and
- (c) remove the soil or rock dug from the holes.

(4) On completion of its report, the Commission is to provide the Minister with a copy and serve a copy on the owner of the land.

Unhealthy building land

5. (1) After compliance with section 4 in relation to any land, the Commission may, by notice published in the Gazette:

- (a) describe the land, or part of the land; and
- (b) declare the land so described to be unhealthy building land; and
- (c) state all or any of the matters specified by the Commission in its report in relation to the land.

(2) If satisfied:

- (a) that events subsequent to the publication of a notice declaring land to be unhealthy building land have rendered the notice unnecessary as to the whole, or a part, of the land; or
- (b) that revocation of the notice as to the whole, or a part, of the land would be in the public interest,

the Commission is to publish a further notice in the Gazette describing the land or part, revoking the earlier notice in relation to the land described and declaring that the land described has ceased to be declared to be unhealthy building land.

(3) As soon as possible after the publication of a notice under this section, the Commission is to serve a copy of the notice on the owner of the land to which it relates.

Erection of structure on unhealthy building land

6. (1) If erection of a structure on unhealthy building land is commenced or completed, the owner of the land is guilty of an offence unless the commencement or completion took place:

- (a) without the knowledge or consent of the owner; or
- (b) with the approval of the Commission and in compliance with any conditions to which the approval is subject.

Maximum penalty: 50 penalty units.

(2) An approval of the Commission required for the purposes of this section:

- (a) may be applied for by, or with the authority of, the owner of the land; and

- (b) is to be applied for in a form approved by the Commission; and
- (c) may be given conditionally or unconditionally.

(3) On application made by, or with the authority of, the owner for the time being of land the subject of an approval that is in force under this section, the Commission may vary any conditions to which the approval is subject.

(4) This section does not derogate from, or otherwise affect, the provisions of any other Act, or of any law, relating to the erection of structures on land.

Subdivision of unhealthy building land

7. (1) A public authority that gives approval to a subdivision of unhealthy building land is to notify the Commission forthwith of the prescribed particulars relating to the subdivision.

(2) In this section, "public authority" means:

- (a) a public or local authority that is constituted by or under an Act, unless it is declared by the regulations not to be a public authority for the purposes of this Act; or
- (b) a person or body declared by the regulations to be a public authority for the purposes of this Act.

Records and certificates

8. (1) The Commission is to:

- (a) keep at its office; and
- (b) make available for inspection during its ordinary business hours and on payment of the prescribed fee,

copies of the notices published under this Act.

(2) On application made as provided by the regulations and payment of the prescribed fee, the Commission is to cause to be issued a certificate as to whether or not land described in the certificate is the subject of a declaration as unhealthy building land.

(3) A certificate issued under this section is, in favour of the person who obtained it, conclusive evidence that, at the date of issue of the certificate, the matters certified were correct.

Obstruction

9. A person who wilfully obstructs or hinders another person exercising or performing, or attempting to exercise or perform, a power, authority, duty or function conferred or imposed on the other person by this Act is guilty of an offence.

- (a) by delivering it to a person on the premises; or
- (b) if there is no person on the premises to whom it can be delivered - by fixing it to some conspicuous part of the premises.

(3) Instead of giving a notice, or serving a notice or other document, as is otherwise provided by this section, it may be served by post.

Exclusion of personal liability

11. A person who exercises a function under this Act in good faith and for the purpose of executing this Act is not to be subjected personally to any action, liability, claim or demand based on the exercise of the function.

Offences by corporations

12. (1) If a corporation commits an offence under this Act or the regulations, each person who is a director of the corporation, or who is concerned in the management of the corporation, is to be taken to have committed the same offence if the person knowingly authorised or permitted the act or omission constituting the offence.

(2) A person may be proceeded against and convicted under a provision pursuant to this section whether or not the corporation has been proceeded against or convicted under that provision.

(3) Nothing in this section affects any liability imposed on a corporation for an offence committed by the corporation under this Act or the regulations.
