**NATIONAL PARKS AND WILDLIFE (NEW AREAS AND  
MISCELLANEOUS PROVISIONS) AMENDMENT BILL 1993**

NEW SOUTH WALES

**EXPLANATORY NOTE**

(This Explanatory Note relates to this Bill as introduced into Parliament)

The object of this Bill is to protect certain lands by reserving or dedicating those lands as national parks or nature reserves under the National Parks and Wildlife Act 1974 (or by adding them to existing national parks or nature reserves). To permit this, the Bill revokes any reservation or dedication as nature reserves, State forests, Crown reserves and flora reserves (or parts of them) and any dedication, reservation or setting apart under the Forestry Act 1916 of the lands concerned.

The Bill also amends the National Parks and Wildlife Act 1974 so as to provide for an alternative method of reserving and dedicating lands under the Act. The new method allows public participation in the process.

---

Clause 1 specifies the short title of the proposed Act.

Clause 2 provides for the commencement of the proposed Act on assent.

Clause 3 gives effect to the Schedule of amendments to the National Parks and Wildlife Act 1974.

Clause 4 reserves as national parks the land identified in Part 1 of Schedule 2 as national parks.

Clause 5 dedicates as nature reserves the land identified in Part 2 of Schedule 2 as nature reserves.

Clause 6 revokes the dedication as a State forest and the dedication or setting apart as a flora reserve of so much of the land described in Schedule 2 as is, at present, so dedicated or set apart.

Clause 7 revokes the dedication as a nature reserve of certain land specified in Schedule 2 so that it can be reserved as a national park.

*National Parks and Wildlife (New Areas and Miscellaneous Provisions) Amendment 1993*

---

Clause 8 revokes the reservation as a Crown reserve of so much of the land described in Schedule 2 as is, at present, so reserved.

Clause 9 preserves any existing leases or occupancies under the Forestry Act 1916 relating to the land being reserved or dedicated.

Clause 10 transfers the administration of any leases, licences, permits or occupancies affecting land reserved or dedicated by the proposed Act to the Minister administering the National Parks and Wildlife Act 1974.

Clause 11 provides that the land identified on the maps tabled with the Bill is taken to have been made (at the commencement of the Act) the subject of a request to the Director of National Parks and Wildlife that it be investigated to determine whether it should be reserved or dedicated under the Act, and of a recommendation to the Minister that an interim protection order be made in respect of it.

Schedule 1 (5) inserts a new Division (proposed sections 58AA to 58AN) into Part 4 of the Act. The proposed Division provides for organisations and individual members of the public to propose areas of land for reservation or dedication under the Act. It also allows public comment on the results of investigations of those proposals.

Schedule 1 (1)–(4) and (6) make consequential amendments.

Schedule 2 identifies the lands to be reserved or dedicated by the proposed Act.
