AND VICTORIA ROAD

VICTORIA HOTEL

The Victoria Hotel is situated in the heart of the city, and is one of the most comfortable and well-furnished in the colony. It has a large and airy dining room, and a well-stocked bar. The hotel is managed by a first-class chef, and the food is of the highest quality. The rooms are clean and comfortable, and the service is of the highest order. The hotel is a favorite resort for the aristocracy and the gentry, and is also a favorite resort for the middle and lower classes. The hotel is a fine specimen of the architecture of the colony, and is a landmark in the city.

4.

NOTE.—The words to be omitted are ruled through; the words to be inserted are printed in black letter.

Cattle Disease.

4. The duties of an Inspector of diseased cattle shall be as Duties of Inspectors.
follows:—

5 (a) When any ship or vessel having cattle or birds on board
shall arrive within any such port or place in the Colony
from any port or place out of the said Colony the
Inspector shall forthwith or as soon as conveniently can
be go on board such ship or vessel and by inspecting such
cattle or birds or otherwise satisfy himself whether such
10 cattle or birds or any of them are or may be reasonably
suspected to be infected with any contagious or infectious
disease or whether the same are free from any contagious
or infectious disease.

15 (b) If such Inspector shall be satisfied that such cattle or birds
are free from any contagious or infectious disease and were
not imported from any district where any contagious or
infectious disease shall be known to prevail he shall give
to the master of such ship or vessel a certificate to that
effect after which certificate so obtained but not before such
cattle or birds may be landed.

20 (c) If such Inspector shall be satisfied that such cattle or birds
or any of them are actually suffering under or infected
with such disease he may forthwith give notice to that
effect to the master of such ship or vessel and it shall be
the duty of such master within twenty-four hours after
25 such notice to destroy the same and any hay straw or
fodder and any stall or other fitting and any other article
on board such ship or vessel whereby there may be any
danger of any such contagious or infectious disease being
introduced or propagated without suffering the same to
30 be landed.

(d) If such cattle or birds shall have been imported from any
district where any contagious or infectious disease shall be
known to prevail or if such Inspector shall have reasonable
ground to suspect that the same cattle or birds or any of
35 them are infected with such disease he shall give such
master a certificate to that effect (to be termed a quarantine
certificate) and shall therein specify some place at which
the same cattle or birds may be landed and some place to
which the same may be driven or carried to be appointed
40 by the Governor with the like advice for a quarantine
ground at or near the said port or place after which certifi-
cate so obtained the said master shall land such cattle or
birds or cause the same to be landed at such place so named
in such quarantine certificate but at no other place and
45 shall drive such cattle or cause the same to be driven and
shall carry such birds or cause the same to be carried to
the said place so appointed as a quarantine ground but
to no other place and no master of such ship or vessel
shall permit or suffer such cattle to be so landed or driven
50 otherwise than in accordance with such quarantine certifi-
cate.

(e) The Inspector shall make a report from time to time of all
things done by him under this Act to the Secretary for Lands.

55 5. The Governor with the like advice may appoint places for Appointment of
quarantine grounds.
quarantine grounds under this Act and may make regulations for the
management of such quarantine grounds and fixing the fees and
charges thereof and for the destroying of diseased cattle and birds and
any hay straw or fodder and any stall or other fitting and any other article
whereby there may be any danger of any contagion or infection being
introduced

Cattle Disease.

introduced or propagated and for the landing and driving of cattle and carriage of birds under this Act and generally for regulating and enforcing the performance of the duties hereby imposed on Inspectors and on masters of ships or vessels.

5 6. The Inspector shall be entitled to a fee of two and sixpence for every head of cattle on board any ship or vessel which shall be inspected by him as aforesaid which fee shall be paid on demand by such master to such Inspector Provided that no greater sum in the aggregate than ten pounds in respect of cattle brought by any one
10 ship or vessel shall be so payable. Inspector's fees.

7. When any vessel or ship having cattle or birds on board shall arrive in any port or place within the Colony **from any port or place out of the said Colony** it shall be the duty of the Harbour Master or Collector of Customs or some person to be appointed in that
15 behalf by the Secretary for Lands at such port or place immediately to furnish the master of such ship or vessel with a copy of this Act and also to give information to the Inspector of Cattle of the arrival of such ship or vessel. Copy of Act to be furnished to masters of vessels.

8. Every master of a ship or vessel **arriving as aforesaid** who
20 shall land or suffer to be landed any cattle or birds without having obtained such certificate as aforesaid or shall refuse or neglect to destroy cattle birds fodder or fittings according to any such notice as aforesaid or shall otherwise offend against the provisions of this Act hereinbefore contained shall forfeit and pay any sum not exceeding
25 five hundred pounds. Penalty for landing cattle.

9. If at any time it shall appear that any infectious or contagious disease has broken out in any district or place out of the Colony it shall be lawful for the Governor with the like advice to
30 declare that such district or place is infected within the meaning of this Act and from time to time to make such regulations as shall seem fit for prohibiting the importation of cattle or birds into the Colony from such district or place and the landing or driving of such cattle and birds and for destroying cattle and birds imported landed or driven contrary to such regulations and for preventing by submitting
35 any ship or vessel arriving from such district or place to a specified system of quarantine or otherwise the introduction or propagation of any contagious or infectious disorder. Importation of cattle may be prohibited from particular places.

10. If at any time it shall appear that any infectious or contagious disease has broken out amongst cattle or birds in any district
40 of the Colony it shall be lawful for the Governor with the like advice by proclamation in the *Government Gazette* to declare that such district as therein defined is infected within the meaning of this Act and from time to time to make such regulations for destroying diseased cattle and birds and their fodder and for prohibiting the removal or
45 transportation of cattle or birds from one part of the Colony to another and for preventing the further spread of such disease as to him shall seem fit. Infected cattle in the Colony may be destroyed.

11. All Inspectors appointed under the Cattle Export Act of 1864 shall be Inspectors under this Act. Inspectors under Cattle Export Act to be Inspectors.

50 12. All Inspectors when acting ~~or assuming to act~~ under the provisions of this Act or of any proclamation or regulation made thereunder and all persons acting in their assistance shall possess all the powers rights privileges and indemnities possessed by officers of Customs when engaged in searching for or seizing any uncustomed or
55 prohibited goods and all persons by force or violence resisting or impeding them in the execution of their office or duty shall be guilty of a misdemeanor and upon conviction thereof shall be liable at the discretion of the Court to a fine not exceeding five hundred pounds or imprisonment with or without hard labor for any term not exceeding
60 ing two years 13.

Cattle Disease.

13. It shall be lawful for the Governor with the advice of the Executive Council to make regulations for carrying out the provisions of this Act and for making compensation to persons suffering loss by the carrying out the said provisions or the said regulations.

5 13. 14. All regulations made under the provisions of this Act shall be published in the *Government Gazette* and all such regulations when so published shall have the force of law. Regulations to be published.

14. 15. Any person guilty of any breach of such proclamation or regulations as aforesaid shall be liable to such penalty as shall be expressed in such regulations not exceeding five hundred pounds. Penalty for breach of regulations.

10 15. 16. Every penalty for any offence against this Act or any proclamation or any regulations made in pursuance hereof shall be recovered either by action of debt at the suit of the Attorney General or in a summary way before two Justices of the Peace who may hear and determine the matter and the penalty inflicted by such Justices shall be levied by distress and sale of the offender's goods and chattels and in failure of distress shall be enforced in manner provided by the Act eleventh and twelfth Victoria chapter forty-three as adopted by the Acts of the Governor and Legislative Council fourteenth Victoria number fifty-three and of any Acts amending the same. Recovery of penalties.
