Memo. and Certificate to accompany the Wharfage and Tonnage Rates Bill.

THIS Bill deals with the Act 44 Vic. No. 8. The Act 46 Vic. No. 8, though purporting to amend the Wharfage and Tonnage Rates Act, really amends the Navigation Act, and will therefore be dealt with in that consolidation.

Clause 3. In the definition of "Public Wharf" the words "in force for the time being" have been omitted as unnecessary.

Clause 4. The words referring to the "tariff and scale of charges" have been omitted as unnecessary.

Clause 11. It appears very doubtful, to say the least of it, whether sec. 16 of the original Act gives the lessee of a public wharf any power to levy the loading charges mentioned in secs. 5 and 7. If it does not the omission must have been an oversight. On inquiry at the Treasury it has been found that in fact lessees do levy these charges. The clause has therefore been drawn to follow the practice.

Clause 16. The reference in the original section is to the Imperial Merchant Shipping Act 17 and 18 Vic., c. 104. The provisions of that Act as to measuring for tonnage are practically the same as those in the present Imperial Merchant Shipping Act, and the reference has therefore been altered for convenience.

Save as aforesaid, I certify that this Bill solely consolidates and in no way alters, adds to, or amends the law as contained in the enactments therein consolidated.

CHAS. G. HEYDON, Commissioner for the Consolidation of the Statute Law.

Section 7.

Memo. and Certificate to accompany the Wharfage and Tonnage Rates Bill.

THIS Bill deals with the Act 44 Vic. No. 8. The Act 46 Vic. No. 8, though purporting to amend the Wharfage and Tonnage Rates Act, really amends the Navigation Act, and will therefore be dealt with in that consolidation.

Clause 3. In the definition of "Public Wharf" the words "in force for the time being" have been omitted as unnecessary.

Clause 4. The words referring to the "tariff and scale of charges" have been omitted as unnecessary.

Clause 11. It appears very doubtful, to say the least of it, whether sec. 16 of the original Act gives the lessee of a public wharf any power to levy the loading charges mentioned in secs. 5 and 7. If it does not the omission must have been an oversight. On inquiry at the Treasury it has been found that in fact lessees do levy these charges. The clause has therefore been drawn to follow the practice.

Clause 16. The reference in the original section is to the Imperial Merchant Shipping Act 17 and 18 Vic., c. 104. The provisions of that Act as to measuring for tonnage are practically the same as those in the present Imperial Merchant Shipping Act, and the reference has therefore been altered for convenience.

Save as aforesaid, I certify that this Bill solely consolidates and in no way alters, adds to, or amends the law as contained in the enactments therein consolidated.

> CHAS. G. HEYDON, Commissioner for the Consolidation of the Statute Law.
