7. The Minister shall, within three years of the commencement of this Act, or as soon after the expiration of that period as practicable, cause a classification of the forest lands of the State to be made by such persons as the Minister may appoint in that behalf for the purpose of determining which of such lands are suitable to be—

Classification of forest lands.

- (a) permanently dedicated as State forests ;
- (b) temporarily reserved as timber reserves.

8. The Governor, by notice in the Gazette, may dedicate as a State forest any land vested in His Majesty, and not granted or lawfully contracted to be granted in fee-simple, but may not include in such dedication land held under a conditional lease granted before the commencement of this Act unless the land so leased is within a reserve from sale, and for that purpose may cancel any previous dedication of such land.

Dedication of State forests.
See Vict. Act, 1907, ss. 16-19.

Land dedicated under this section shall not be dealt with otherwise than in pursuance of this Act, and such dedication shall not be revoked or altered except under the authority of this Act.

9. A dedication under this Act of a State forest may be revoked in whole or in part in the following manner :—

Revocation of dedication of State forests.
See *Ibid.*

- (a) The Governor shall lay on the table of each House of Parliament proposals for such revocation.
- (b) After such proposals have been so laid before Parliament, the Governor, on a resolution being passed by both Houses that such proposals be carried out, may, by notice in the Gazette, revoke such dedication as aforesaid, and thereupon the land shall become Crown lands within the meaning of the Crown Lands or Western Lands Acts, and shall be dealt with under those Acts.

10. (1) The dedication of land as a State forest shall not affect any lease or license from the Crown or any portion thereof, provided that, unless with the concurrence of the Minister, such lease or license shall not be renewed, and its term shall not extend beyond the term or period then current at the time of such dedication.

Provision where land in State forest is subject to Crown lease or license.

(2) A lease or license for grazing purposes of land included in a State forest or timber reserve may be granted under the Crown Lands or Western Lands Acts, subject to such provisions and conditions as the Minister thinks necessary in the interests of forestry.

Conditions of future leases and censes.

Forestry.

Land within State forest open to mining.

11. Land within a State forest shall be subject to such of the provisions of the Mining Act, 1906, and of the Acts amending the same, as are applicable to land permanently dedicated; but the exercise of any right thereunder within a State forest shall be subject to such conditions and restrictions relating to forestry as may be prescribed:

Provided that the Minister, with the concurrence of the Minister for Mines, by notification in the Gazette, may take any part of a State forest out of the operation of those provisions, and revoke or alter any such notification.

Reservation from sale of Crown lands.

12. The Governor, by notice in the Gazette, may, on the recommendation of the Minister, and with the concurrence of the Secretary for Lands, temporarily reserve from sale any Crown land, except land held under a conditional lease granted before the passing of this Act, as a timber reserve, and revoke or alter, in whole or in part, any such reservation, or any reservation made before the commencement of this Act, of land for a timber or forest reserve.

Where any reservation of any land is so revoked, the land shall, unless otherwise declared by notification in the Gazette, become Crown lands within the meaning of and be dealt with under the Crown Lands or Western Lands Acts.

Revocation of reservation from sale.

13. No reservation from sale of land as a timber or forest reserve, notified before or after the commencement of this Act, shall be revoked or altered in whole or in part except under this Act.

PART III.

LICENSES, TIMBER RIGHTS, AND PERMITS.

Timber-getters' and other licenses.

Licenses to obtain timber and products.

14. Timber-getters' and other licenses to have effect for a year or any less term not less than one month may, on payment of the prescribed fee, be granted by the Minister or by any person authorised by him. Any such license shall authorise the holder to take timber and products, or any specified description thereof, on any State forest, timber reserve, or portion thereof, or Crown land mentioned in the license, whether such land is or is not under lease or license from the Crown; but the Minister may limit the number of licenses which may apply to a specified area:

Provided that a license granted under this section shall not apply unless with the consent of the lessee or the trustees, as the case may be, to land held under conditional lease and not reserved from sale, or under conditional purchase lease, or in respect of which trustees have been appointed for any public purpose: Provided

Forestry.

Provided also that the powers conferred by any such license shall be exercised subject to such conditions, exemptions, and reservations as at any time, before or after the grant of the license, may be prescribed, or may be notified by the Minister in the Gazette.

Exclusive rights.

15. The Minister may, after open inquiry and report by the local land board, where the land in question is difficult of access or where the getting of the timber or products thereon would entail heavy expenditure, grant exclusive rights to take timber or products, or any specified description thereof, on specified areas of State forests, timber reserves, or, with the concurrence of the Secretary for Lands, on Crown lands reserved from sale; but such right shall not be granted in respect of an area exceeding ten thousand acres, or for a period exceeding fifteen years.

16. In respect of any such right, the following provisions shall apply:—

- Grant of exclusive rights.
- Provisions applicable to such rights.
- (a) The right may be granted at a rent to be determined by the Minister, or may be disposed of by auction at not less than the upset rent fixed by the Minister.
 - (b) The royalty payable shall be as prescribed, but shall not be less than that payable where no exclusive right is granted.
 - (c) The right shall be granted by a document signed by the Minister and approved by the Governor, in which shall be stated the conditions under which the right may be exercised and the circumstances under which it may be forfeited by the Minister.
 - (d) In every such document proper provision shall be made to secure that the exercise of the right shall be commenced and continued without undue delay, and provision may so be made for the employment of a minimum number of men on the land, or for a minimum quantity of timber or products to be cut and removed, or for the expenditure of a minimum amount of money in works and improvements in connection with the exercise of the right granted.
 - (e) The holder of every such right shall furnish a monthly return, giving particulars of the number of logs and superficial contents of timber removed from the land subject to the right each month. In default thereof the right shall be liable to forfeiture.
 - (f) Only persons duly licensed in that behalf under this Act shall be employed in taking timber and products on the land.
 - (g) The Governor may at any time withdraw from such right any part of the land to which it applies if he is satisfied that such action is desirable, either in the interests of mining or to meet the necessities of settlement.

Saw-mills

Forestry.

Saw-mills licenses.

Saw-mills to be licensed, and books to be kept.

17. (1) Every person conducting a saw-mill for the sawing or treatment of timber shall obtain a license in respect of the same, and shall keep the prescribed books and records and make the prescribed returns.

(2) Every such license shall be in force until the thirty-first day of December in the year in which it is issued, and shall thereafter be renewable from year to year.

(3) Such licenses may be granted and renewed by the Minister, or some person authorised by him in that behalf, in the manner and subject to the conditions prescribed and upon payment of an annual fee of one pound :

Provided that persons conducting saw-mills exclusively for the treatment of timber which is not subject to the payment of royalty may, on application, be exempted by the Minister from the operation of this clause.

Provided also that where any such license is issued after the thirtieth day of June in any year the fee in respect of the unexpired portion of that year shall be one half of the annual fee.

(4) Every such license shall specify in addition to any other matter prescribed the site or wharf which shall be the authorised place for delivering or for loading timber cut, sawn, or otherwise treated at a saw-mill, into ocean-going ships, or other mediums of transport.

(5) Any person conducting a saw-mill, whether as owner, lessee, or otherwise, without holding a license in force in respect of the same in pursuance of this section, and any such person who fails to keep and exhibit on demand by an authorised officer the prescribed books and records, or fails to make the prescribed returns, shall be liable to a penalty not exceeding fifty pounds.

Royalty on timber.

18. (1) Royalty shall be paid at the rates prescribed on all timber felled on or removed from State forests, timber reserves, Crown lands, or lands held under any tenure from the Crown which requires the payment of royalty on timber. But such royalty shall not be payable on timber exempted therefrom by the terms of the license or by the regulations, or on timber on such holdings required for the use of the holder on his land, and allowance may be made for any timber which is not marketable.

Royalty, how calculated.

(2) Such royalty shall be calculated on the log measurement of the timber, or as prescribed, or, if so directed by or under instructions from the director of forests, on the gross output of a saw-mill :

In the case of royalty on log-measurement, the person felling the timber or the person (if any) employing him or receiving the timber shall be liable for such payment.

In the case of royalty on the output of a saw-mill, the licensee of the saw-mill or the person in charge of the same shall be liable for such payment.

(4) The Minister may establish or approve of the establishment of depôts where logs, piles, girders, sleepers, and hewn or other timbers may be measured for the purpose of determining the amount of royalty payable in respect thereof.

19. Royalty shall be paid on all products taken on any ^{Royalty on products.} State forest, timber reserve, or Crown land, not being exempted from royalty by the terms of the license or by this Act or the regulations, at the rates at the time and in the manner prescribed to the director of forests or any person appointed by him in that behalf; and the holder of the license or the person (if any) employing him shall be liable for such payment.

20. (1) The following permits may be granted to any person ^{Permits to graze and permits to occupy.} who is the holder of any license or of any exclusive right under this Act:—

(2) Any such permit shall cease to have effect if the said person ceases to be the holder of the license or right or ceases to exercise his powers thereunder.

(3) Any such permit may be granted over land within a State forest or timber reserve, or, with the concurrence of the Secretary for Lands, over any Crown land other than land held under a conditional lease and not reserved from sale, or held as a conditional purchase lease. Such

Forestry.

Such permit shall not withdraw the land to which it applies from any lease or license under the Crown Lands or Western Lands Acts.

The grant of such permit and the exercise of the powers conferred thereby shall not entitle the lessee or licensee to any compensation other than as hereinafter provided.

(4) The holder of every such permit shall pay rent or fees to the Crown at a rate to be determined by the Minister, or as prescribed. Where any of the land is under lease or license as aforesaid, the said holder shall, in addition, pay compensation to the lessee or licensee as follows:—

(a) Where the permit is granted under paragraph (a) of subsection one of this section, the compensation shall be such assessment fees as may be assessed by an officer of the Forestry Department authorised by the Minister, subject to a right of appeal from such assessment to the Minister.

(b) Where the permit is granted under paragraph (b) of the said subsection the amount of the compensation shall be determined by the Minister.

(5) Such permits may be granted by the Minister or some person authorised by him in that behalf, and in the manner and subject to the conditions prescribed.
