

New South Wales.

ANNO OCTAVO

EDWARDI VII REGIS.

Act No. 20, 1908.

An Act to sanction the carrying out of a scheme for the disposal ^{Preamble.} of the sewage from the Western, Southern, Illawarra, and Botany Districts; and for purposes consequent thereupon or incidental thereto. [Assented to, 16th December, 1908.]

WHEREAS in accordance with the provisions of the Public Works Act, 1900, the Legislative Assembly did, by resolution, declare that it was expedient to carry out a certain work, namely, the carrying out of a scheme for the disposal of the sewage from the Western, Southern, Illawarra, and Botany Districts: And whereas, on the passing of the said resolution, a statutory duty was by the said Act imposed on the Secretary for Public Works to introduce a Bill into the said Assembly to sanction the carrying out of the said work: Be it therefore enacted by the King's Most Excellent Majesty, by and with

Long Bay Disposal of Sewage.

with the advice and consent of the Legislative Council and Legislative Assembly of New South Wales in Parliament assembled, and by the authority of the same, as follows:—

- Short title. 1. This Act may be cited as the "Long Bay Disposal of Sewage Act, 1908."
- Work sanctioned. 2. The carrying out of the works, more particularly described in the Schedule to this Act, is hereby sanctioned, and the Secretary for Public Works, or the Member of the Executive Council for the time-being performing the duties of the said Secretary, is hereby authorised to undertake and carry out the said works, subject to the provisions of this Act, and for that purpose shall be and shall have the powers and duties of a Constructing Authority within the meaning of the Public Works Act, 1900.
- Plan of work. 3. The plan of the said works is the plan marked "The Western, Southern, Illawarra, and Botany Districts Sewage Disposal Works," signed by the Secretary for Public Works, and countersigned by the Chief Engineer for Rivers, Water Supply, and Drainage, and deposited in the public office of the said Secretary.
- Cost, and how defrayed. 4. The cost of carrying out the said works, estimated at four hundred and fifty-two thousand four hundred pounds, may be defrayed from such Loan Votes as are now, or may hereafter be, applicable to that purpose; and shall not, under any circumstances, exceed the estimated cost by more than ten per centum.

SCHEDULE.

The construction of six miles thirty-four chains, more or less, of gravitation sewer, together with man-holes, ventilating shafts, silt-pits, and screening chambers, works at outfall, and all works incidental to the scheme and necessary for its proper completion. Commencing at the end of the existing carrier of the Western and Illawarra Suburbs sewerage scheme on the Botany Sewage Farm, and constructed from thence in an easterly direction across that farm to Cook's River; thence under that river by an inverted syphon; thence again in a generally easterly direction by means of embankments, aqueducts, cuttings, and tunnels, to an air-shaft near the ocean, at a rocky headland on the north side of Long Bay,—the sewer to be laid on a grade of one in three thousand six hundred and fifty to this air-shaft; thence by two short-forked tunnels laid on a grade to discharge through the submerged cliff into the ocean, with soffits of sewers at twenty feet below high-water spring tides.

The construction of twenty-three chains, more or less, of gravitation sewer from existing southern outfall sewer at Botany, and near Cook's River, to connect with main gravitation sewer; together with all man-holes, screening and silt-pits, ventilating shafts, and works incidental thereto.

The construction of a pumping station, sewers, screening chambers and silt-pits, ventilating shafts, and all works incidental thereto, for dealing with Botany trade wastes.

The works above described are subject to such deviations and modifications as may be deemed necessary.

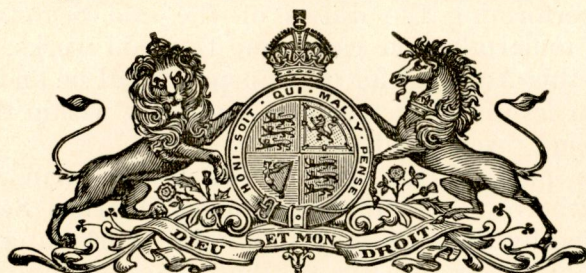

By Authority: WILLIAM APPLGATE GULLICK, Government Printer, Sydney, 1908.

I Certify that this PUBLIC BILL, which originated in the LEGISLATIVE ASSEMBLY, has finally passed the LEGISLATIVE COUNCIL and the LEGISLATIVE ASSEMBLY of NEW SOUTH WALES.

*Legislative Assembly Chamber,
Sydney, 11 December, 1908. }*

ANNO OCTAVO

EDWARDI VII REGIS.

Act No. 20, 1908.

An Act to sanction the carrying out of a scheme for the disposal of the sewage from the Western, Southern, Illawarra, and Botany Districts; and for purposes consequent thereupon or incidental thereto. [Assented to, 16th December, 1908.]

WHEREAS in accordance with the provisions of the Public Works Preamble. Act, 1900, the Legislative Assembly did, by resolution, declare that it was expedient to carry out a certain work, namely, the carrying out of a scheme for the disposal of the sewage from the Western, Southern, Illawarra, and Botany Districts: And whereas, on the passing of the said resolution, a statutory duty was by the said Act imposed on the Secretary for Public Works to introduce a Bill into the said Assembly to sanction the carrying out of the said work: Be it therefore enacted by the King's Most Excellent Majesty, by and with

I have examined this Bill, and find it to correspond in all respects with the Bill as finally passed by both Houses.

*JOHN J. COHEN,
Chairman of Committees of the Legislative Assembly.*

Long Bay Disposal of Sewage.

with the advice and consent of the Legislative Council and Legislative Assembly of New South Wales in Parliament assembled, and by the authority of the same, as follows:—

Short title.

1. This Act may be cited as the "Long Bay Disposal of Sewage Act, 1908."

Work sanctioned.

2. The carrying out of the works, more particularly described in the Schedule to this Act, is hereby sanctioned, and the Secretary for Public Works, or the member of the Executive Council for the time being performing the duties of the said Secretary, is hereby authorised to undertake and carry out the said works, subject to the provisions of this Act, and for that purpose shall be and shall have the powers and duties of a Constructing Authority within the meaning of the Public Works Act, 1900.

Plan of work.

3. The plan of the said works is the plan marked "The Western, Southern, Illawarra, and Botany Districts Sewage Disposal Works," signed by the Secretary for Public Works, and countersigned by the Chief Engineer for Rivers, Water Supply, and Drainage, and deposited in the public office of the said Secretary.

Cost, and how defrayed.

4. The cost of carrying out the said works, estimated at four hundred and fifty-two thousand four hundred pounds, may be defrayed from such Loan Votes as are now, or may hereafter be, applicable to that purpose; and shall not, under any circumstances, exceed the estimated cost by more than ten per centum.

SCHEDULE.

THE construction of six miles thirty-four chains, more or less, of gravitation sewer, together with manholes, ventilating shafts, silt-pits, and screening chambers, works at outfall, and all works incidental to the scheme and necessary for its proper completion. Commencing at the end of the existing carrier of the Western and Illawarra Suburbs sewerage scheme on the Botany Sewage Farm, and constructed from thence in an easterly direction across that farm to Cook's River; thence under that river by an inverted syphon; thence again in a generally easterly direction by means of embankments, aqueducts, cuttings, and tunnels, to an air-shaft near the ocean, at a rocky headland on the north side of Long Bay,—the sewer to be laid on a grade of one in three thousand six hundred and fifty to this air-shaft; thence by two short-forked tunnels laid on a grade to discharge through the submerged cliff into the ocean, with soffits of sewers at twenty feet below high-water spring tides.

The construction of twenty-three chains, more or less, of gravitation sewer from existing southern outfall sewer at Botany, and near Cook's River, to connect with main gravitation sewer; together with all man-holes, screening and silt-pits, ventilating shafts, and works incidental thereto.

The construction of a pumping station, sewers, screening chambers, and silt-pits, ventilating shafts, and all works incidental thereto, for dealing with Botany trade wastes.

The works above described are subject to such deviations and modifications as may be deemed necessary.

In the name and on behalf of His Majesty I assent to this Act.

HARRY H. RAWSON,

Governor.

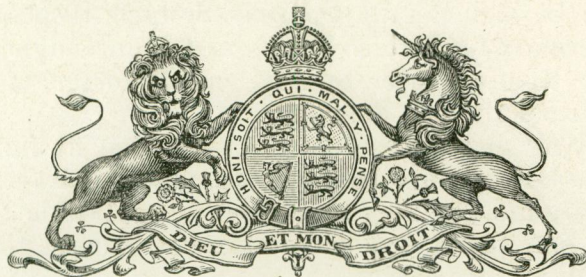

*State Government House,
Sydney, 16th December, 1908.*

This PUBLIC BILL originated in the LEGISLATIVE ASSEMBLY, and, having this day passed, is now ready for presentation to the LEGISLATIVE COUNCIL for its concurrence.

*Legislative Assembly Chamber,
Sydney, 7 December, 1908.* }

RICHD. A. ARNOLD,
Clerk of the Legislative Assembly.

New South Wales.

ANNO OCTAVO

EDWARDI VII REGIS.

Act No. , 1908.

An Act to sanction the carrying out of a scheme for the disposal of the sewage from the Western, Southern, Illawarra, and Botany Districts; and for purposes consequent thereupon or incidental thereto.

WHEREAS in accordance with the provisions of the Public Works Preamble.
Act, 1900, the Legislative Assembly did, by resolution, declare that it was expedient to carry out a certain work, namely, the carrying out of a scheme for the disposal of the sewage from the Western, Southern, Illawarra, and Botany Districts: And whereas, on the passing of the said resolution, a statutory duty was by the said Act imposed on the Secretary for Public Works to introduce a Bill into the said Assembly to sanction the carrying out of the said work: Be it therefore enacted by the King's Most Excellent Majesty, by and with

Long Bay Disposal of Sewage.

with the advice and consent of the Legislative Council and Legislative Assembly of New South Wales in Parliament assembled, and by the authority of the same, as follows:—

1. This Act may be cited as the “Long Bay Disposal of Sewage Short title.
5 Act, 1908.”
- 2 The carrying out of the works, more particularly described Work sanctioned.
in the Schedule to this Act, is hereby sanctioned, and the Secretary for Public Works, or the Member of the Executive Council for the time-being performing the duties of the said Secretary, is hereby
10 authorised to undertake and carry out the said works, subject to the provisions of this Act, and for that purpose shall be and shall have the powers and duties of a Constructing Authority within the meaning of the Public Works Act, 1900.
3. The plan of the said works is the plan marked “The Plan of work.
15 Western, Southern, Illawarra, and Botany Districts Sewage Disposal Works,” signed by the Secretary for Public Works, and countersigned by the Chief Engineer for Rivers, Water Supply, and Drainage, and deposited in the public office of the said Secretary.
4. The cost of carrying out the said works, estimated at four Cost, and how
20 hundred and fifty-two thousand four hundred pounds, may be defrayed defrayed.
from such Loan Votes as are now, or may hereafter be, applicable to that purpose; and shall not, under any circumstances, exceed the estimated cost by more than ten per centum.

SCHEDULE.

- 25 THE construction of six miles thirty-four chains, more or less, of gravitation sewer, together with man-holes, ventilating shafts, silt-pits, and screening chambers, works at outfall, and all works incidental to the scheme and necessary for its proper completion. Commencing at the end of the existing carrier of the Western and Illawarra Suburbs sewerage scheme on the Botany Sewage Farm, and constructed from thence in an easterly
30 direction across that farm to Cook's River; thence under that river by an inverted syphon; thence again in a generally easterly direction by means of embankments, aqueducts, cuttings, and tunnels, to an air-shaft near the ocean, at a rocky headland on the north side of Long Bay,—the sewer to be laid on a grade of one in three thousand
35 six hundred and fifty to this air-shaft; thence by two short-forked tunnels laid on a grade to discharge through the submerged cliff into the ocean, with soffits of sewers at twenty feet below high-water spring tides.

The construction of twenty-three chains, more or less, of gravitation sewer from existing southern outfall sewer at Botany, and near Cook's River, to connect with main gravitation sewer; together with all man-holes, screening and silt-pits, ventilating shafts,
40 and works incidental thereto.

The construction of a pumping station, sewers, screening chambers and silt-pits, ventilating shafts, and all works incidental thereto, for dealing with Botany trade wastes.

The works above described are subject to such deviations and modifications as may be deemed necessary.

with the advice and consent of the Legislative Council and the
Assembly of New South Wales in Parliament assembled, and in the
authority of the said Act, the following provisions shall have effect:

1. This Act may be cited as the Sewerage Act, 1908.

2. The carrying out of the work in the plan marked "The
in the Schedule to this Act, is hereby authorized, and the Secretary
for Public Works, or the Minister of the Executive Council, in any
time being performing the duties of the said Secretary, is hereby
authorized to make and carry out the scheme in relation to the
provisions of this Act, and for that purpose shall be entitled to use
powers and duties of a Government Engineer within the meaning of
the Public Works Act, 1902.

3. The plan of the said work is the plan marked "The
Western, Southern, Illawarra, Botany District, Sewerage Disposal
Works," signed by the Secretary for Public Works, and countersigned
by the Chief Engineer for Sewerage, Water Supply, and Drainage, and
deposited in the public office of the said Secretary.

4. The cost of carrying out the work authorized in this
Act, and of any incidental work, shall be defrayed
from such local rates as may be levied for that purpose, and in default
thereof, from such local rates as may be levied for that purpose.

No. 10, 1908.

A BILL

To sanction the carrying out of a scheme for the disposal
of the sewage from the Western, Southern, Illawarra, and
Botany Districts; and for purposes consequent thereupon
or incidental thereto.

[MR. LEE;—4 December, 1908, A.M.]

WHEREAS in accordance with the provisions of the Public Works
Act, 1900, the Legislative Assembly did, by resolution, declare
that it was expedient to carry out a certain work, namely, the carrying
out of a scheme for the disposal of the sewage from the Western,
Southern, Illawarra, and Botany Districts: And whereas, on the
passing of the said resolution, a statutory duty was by the said Act
imposed on the Secretary for Public Works to introduce a Bill into
the said Assembly to sanction the carrying out of the said work: Be
it therefore enacted by the King's Most Excellent Majesty, by and
with

- with the advice and consent of the Legislative Council and Legislative Assembly of New South Wales in Parliament assembled, and by the authority of the same, as follows:—
- Short title. 1. This Act may be cited as the "Long Bay Disposal of Sewage Act, 1908." 5
- Work sanctioned. 2. The carrying out of the works, more particularly described in the Schedule to this Act, is hereby sanctioned, and the Secretary for Public Works, or the Member of the Executive Council for the time-being performing the duties of the said Secretary, is hereby authorised to undertake and carry out the said works, subject to the provisions of this Act, and for that purpose shall be and shall have the powers and duties of a Constructing Authority within the meaning of the Public Works Act, 1900. 10
- Plan of work. 3. The plan of the said works is the plan marked "The Western, Southern, Illawarra, and Botany Districts Sewage Disposal Works," signed by the Secretary for Public Works, and countersigned by the Chief Engineer for Rivers, Water Supply, and Drainage, and deposited in the public office of the said Secretary. 15
- Cost, and how defrayed. 4. The cost of carrying out the said works, estimated at four hundred and fifty-two thousand four hundred pounds, may be defrayed from such Loan Votes as are now, or may hereafter be, applicable to that purpose; and shall not, under any circumstances, exceed the estimated cost by more than ten per centum. 20

SCHEDULE.

THE construction of six miles thirty-four chains, more or less, of gravitation sewer, together with man-holes, ventilating shafts, silt-pits, and screening chambers, works at outfall, and all works incidental to the scheme and necessary for its proper completion. Commencing at the end of the existing carrier of the Western and Illawarra Suburbs sewerage scheme on the Botany Sewage Farm, and constructed from thence in an easterly direction across that farm to Cook's River; thence under that river by an inverted syphon; thence again in a generally easterly direction by means of embankments, aqueducts, cuttings, and tunnels, to an air-shaft near the ocean, at a rocky headland on the north side of Long Bay,—the sewer to be laid on a grade of one in three thousand six hundred and fifty to this air-shaft; thence by two short-forked tunnels laid on a grade to discharge through the submerged cliff into the ocean, with soffits of sewers at twenty feet below high-water spring tides. 25 30 35

The construction of twenty-three chains, more or less, of gravitation sewer from existing southern outfall sewer at Botany, and near Cook's River, to connect with main gravitation sewer; together with all man-holes, screening and silt-pits, ventilating shafts, and works incidental thereto. 40

The construction of a pumping station, sewers, screening chambers and silt-pits, ventilating shafts, and all works incidental thereto, for dealing with Botany trade wastes.

The works above described are subject to such deviations and modifications as may be deemed necessary.
