3. The Minister may, by notification in the Gazette, set apart any Crown lands for disposal by way of homestead farm and the provisions of section ten of the Crown Lands Act of 1895 shall apply to such notification and to the effect thereof, Land so set apart shall be dealt with as follows, that is to say:—

- (1) A subdivision thereof shall be made into farms of such areas as the Minister may determine to be home maintenance areas; but the land may be made available before the farms are measured; and in such case the farms shall be taken according to the published plan or design thereof. Any roads deemed to be necessary may be reserved or excluded in the measurement of any farm, and after measurement any necessary adjustment of area or rent shall be made: Provided also that, in cases of existing holdings, the Minister may make any minor variation of the existing design or survey of such holding to enable a better boundary to be secured for fencing or other purposes.

- (5) Any notification under this section may be corrected, amended, modified, or revoked—whether as to the whole or any part thereof—by notice in the Gazette.
- (6) Any land set apart by the Minister under this section may be limited to the surface only of such land, or to the surface and to such depth below the surface as may be specified in the notification; and a homestead farm shall also be subject to any reservation of timber, scrub, or undergrowth, and to such other reservations and restrictions as to the Minister may seem necessary in the public interest, and are specified in the notification.
- (7) The value to an incoming tenant of any improvements not owned by the Crown on any such farm shall be appraised by the local land board in the prescribed manner, and such appraisement shall, as between the owner of the improvements, and any person leasing the said farm, be conclusive evidence of the value of the improvements at the date of appraisement: Provided that where an agreement as to payment for such improvements has been arrived at between the applicant and the owner, no appraisement shall be necessary. Payment for the improvements may be made within three months after determination of their value as aforesaid or—at the option of the applicant for the homestead farm—by not more than four equal yearly instalments—where the amount does not exceed forty pounds or by not more than ten equal yearly instalments where the amount exceeds forty pounds—inclusive of interest at the rate of four per centum per annum: Provided further that where the value exceeds forty pounds, the Crown upon application being made by the owner of the improvements in the prescribed form may pay such value to such owner, and thereupon the applicant for or holder of the homestead farm shall pay such amount to the Crown with interest at the rate and in the manner hereinbefore provided: Provided that no interest shall be so charged where payment is made within a period of three months.

HOMESTEAD FARMS.

Setting apart land
for homestead farms.

3. The Minister may, by notification in the Gazette, set apart any Crown lands for disposal by way of homestead farm and the provisions of section ten of the Crown Lands Act of 1895 shall apply to such notification and to the effect thereof, Land so set apart shall be dealt with as follows, that is to say:—

- (1) A subdivision thereof shall be made into farms of such areas as the Minister may determine to be home maintenance areas; but the land may be made available before the farms are measured; and in such case the farms shall be taken according to the published plan or design thereof. Any roads deemed to be necessary may be reserved or excluded in the measurement of any farm, and after measurement any necessary adjustment of area or rent shall be made: Provided also that, in cases of existing holdings, the Minister may make any minor variation of the existing design or survey of such holding to enable a better boundary to be secured for fencing or other purposes.
- (2) The capital value of each farm—for the first twenty-five years period—shall be fixed by the Minister according to the capabilities and situation of the land, the value—to an incoming tenant—of the Crown improvements and the timber on such land, and means of access thereto: Provided that if the applicant for the homestead farm is dissatisfied with such capital value he shall be entitled to have it appraised by the local land board if—within six months after the date of confirmation of his application for such farm—he lodges an application for such appraisal, and pays the fee in connection therewith as prescribed.
- (3) The Minister shall also notify in the Gazette particulars of the farms, their respective areas, capital values, and rentals,

- (4) The Minister shall also notify in the Gazette what special conditions as to improvements, cultivation, and preservation or planting of timber, and such other matters as require to be regulated in the public interest shall be attached to the homestead farms.
 - (5) Any notification under this section may be corrected, amended, modified, or revoked—whether as to the whole or any part thereof—by notice in the Gazette.
 - (6) Any land set apart by the Minister under this section may be limited to the surface only of such land, or to the surface and to such depth below the surface as may be specified in the notification; and a homestead farm shall also be subject to any reservation of timber, scrub, or undergrowth, and to such other reservations and restrictions as to the Minister may seem necessary in the public interest, and are specified in the notification.
 - (7) The value to an incoming tenant of any improvements not owned by the Crown on any such farm shall be appraised by the local land board in the prescribed manner, and such appraisement shall, as between the owner of the improvements, and any person leasing the said farm, be conclusive evidence of the value of the improvements at the date of appraisement: Provided that where an agreement as to payment for such improvements has been arrived at between the applicant and the owner, no appraisement shall be necessary. Payment for the improvements may be made within three months after determination of their value as aforesaid or—at the option of the applicant for the homestead farm—by not more than four equal yearly instalments—where the amount does not exceed forty pounds or by not more than ten equal yearly instalments where the amount exceeds forty pounds—inclusive of interest at the rate of four per centum per annum: Provided further that where the value exceeds forty pounds, the Crown upon application being made by the owner of the improvements in the prescribed form may pay such value to such owner, and thereupon the applicant for or holder of the homestead farm shall pay such amount to the Crown with interest at the rate and in the manner hereinbefore provided: Provided that no interest shall be so charged where payment is made within a period of three months.

Provided that any person who, by the provisions of subsection (b) hereof, is rendered incompetent to apply shall—to that extent—be deemed to be a qualified person if he obtains and lodges with his application a certificate by the Minister that the circumstances under which he divested himself of the land do not warrant his disqualification.

A person shall be disqualified from being an applicant for a homestead farm if such person is—

- (2) under the age of twenty-one years, if a female; or
