15 MAY 2014

(Paper No. 217)

*5642 ONLINE TRADERS—Ms Tania Mihailuk asked the Minister for Finance and Services representing the Minister for Fair Trading—

How many prosecutions, fines or infringements have been brought against online traders by the Department of Fair Trading in each of the years 2011-14?

Answer—

(1) A search of NSW Fair Trading's complaint database for the period 1 January 2011 to 17 June 2014 identified investigations for which the method of purchase was recorded as either an internet sale or online auction. Of these investigations, matters resulting in prosecutions, fines or infringements are recorded as follows:

- 2011 – one;
- 2012 – six;
- 2013 – four;
- 2014 – 12, as at 17 June 2014.

*5643 ONLINE SHOPPING COMPLAINTS—Ms Tania Mihailuk asked the Minister for Finance and Services representing the Minister for Fair Trading—

Can the Minister provide a full breakdown of the type of complaints received in relation to online shopping, including the complaints received from domestic and foreign jurisdictions (ref Q.5186)?

Answer—

The types of complaints received in relation to online purchasing are:

- trader conduct;
- contract agreements and documentation;
- misrepresentation;
- pricing and charges;
- quality;
- rights and responsibilities;
- safety and standards;
- scams; and
- supply.

Fair Trading's data set does not distinguish between domestic and foreign jurisdictions.

*5644 DEFECTIVE CONTRACTOR WORK—Ms Tania Mihailuk asked the Minister for Finance and Services representing the Minister for Fair Trading—

Currently what arrangements are there to cover situations where a contractor has previously attempted unsuccessfully to rectify defective work, or where the owner of the land is not confident that the responsible party can successfully rectify the defective work, under what circumstances could an owner of the land refuse a contractor access to a site to rectify defective work?

Answer—

NSW Fair Trading encourages consumers to allow traders access to a site to complete and rectify work. Occasionally a defect is not rectified with the first attempt. When requested, Fair Trading provides a free dispute resolution and mediation service for consumers and licensed traders, which can include an on-site visit. If the mediation is unsuccessful, the consumer or trader can make an application to the NSW Civil and Administrative Tribunal (NCAT).

Fair Trading can issue rectification orders requiring a trader to carry out certain work. If a trader does not comply with a rectification order, Fair Trading may take disciplinary action against the trader.

An owner may refuse access to a site. However, the contract entered into by the parties may still be binding. Either party has the option to lodge an application with NCAT for a decision.

*5645 COMMUTER COMPLAINTS—Ms Tania Mihailuk asked the Minister for Transport, and Minister for the Hunter—

(1) How many complaints in relation to train timetables were received by Transport for NSW for each of the years from 2011-13 (ref Q.5030)?

(2) How many of these complaints were from commuters who reside in the electorates of Bankstown and East Hills?

Answer—

Feedback about the timetable is appreciated. We will continue to closely monitor the performance of the new timetable as it is implemented.

*5646 TRANSPORT TICKET PRICES—Ms Tania Mihailuk asked the Minister for Transport, and Minister for the Hunter—

Why does a passenger travelling from Bankstown to Central pay more per month using the Opal Card system than they would through the purchase of a traditional monthly paper ticket?

Answer—

I am advised:

The vast majority of customers will pay less with the Opal card.

With Opal, there are only single fares, with rewards for frequent travel and caps on daily fares. After eight paid journeys a week, all subsequent journeys are free for the rest of the week. There is a Sunday travel cap of \$2.50, a Monday to Saturday daily travel cap of \$15, and 30 per cent off-peak train travel discounts.

The Opal fare for train travel between Bankstown and Central is \$4.10 or \$2.87 in the off-peak. Under Opal, the maximum a train customer will pay per week for travel between Bankstown and Central is \$32.80.

Customers using Opal only pay for fares when they travel, unlike periodical tickets where customers pay up front for travel they may not take.

*5647 NUMBER OF COMMUTERS USING OPAL CARDS—Ms Tania Mihailuk asked the Minister for Transport, and Minister for the Hunter—

(1) Using an 'In and Out' barrier count total, how many people have used the Opal Card system since it has been implemented at the following stations:

- (a) Bankstown;
- (b) Yagoona;
- (c) Birrong;
- (d) Sefton; and
- (e) Chester Hill?

Answer—

I am advised:

More than 300,000 Opal cards have now been registered. Around 16 million journeys have been taken by customers using the Opal card. Customers have taken more than 3 million free trips with their Opal cards on trains, buses and ferries.

*5648 GST INCREASE—Ms Tania Mihailuk asked the Premier, Minister for Infrastructure, and Minister for Western Sydney—

Will the Premier oppose any measures to increase the GST?

Answer—

Amendments to the GST is a Federal Government responsibility, the Government does not have constitutional power on this matter.

Joe Hockey stated at the post-budget National Press Club lunch on 14th May, 2014:

"We went to the last election promising that we would not change the GST. We are honouring that commitment."

*5649 PUBLIC HOUSING DEVELOPMENTS IN BANKSTOWN—Ms Tania Mihailuk asked the Minister for Family and Community Services—

- (2) How many "No Smoking" fines have been issued to customers using the Inner West Light Rail line since the opening of the Inner West Light Rail Extension?

Answer—

However, the provisions of Section 6A of the Smoke free Environment Act 2000 bans smoking, regardless of whether the light rail stop is covered, and includes the areas where people queue or gather.

(2) Since 2011 the Government has announced \$2.4 billion worth of school infrastructure and maintenance spending.
