*1189 COUNTER TERRORISM AND CORRECTIONS—PRISON ALLOCATION BASED ON GENDER—Mr Latham asked the Minister for Education and Early Childhood Learning representing the Minister for Counter Terrorism and Corrections—

- (1) Under NSW Corrections policy and practice, are prisoners allocated to male or female prisons on the basis of:
 - (a) Their biological gender?
 - (b) Their self-identifying gender?
 - (c) Any other consideration?
- (2) Is it possible in New South Wales for a male rapist identifying as a woman to serve time in a female prison?

Answer—

I am advised:

1. a. & b. A number of factors are considered when determining classification and placement of inmates including gender, gender identity, the crime, history of custody and the safety of the person and others. The Corrective Services NSW Custodial Operations Policy and Procedures, section 3.8 Transgender and intersex inmates is available on the internet: <https://www.correctiveservices.justice.nsw.gov.au/Documents/copp/transgender-and-intersex-inmates-redacted.pdf>

c. Whether the person has had gender reassignment surgery is also considered when determining classification and placement. (2) In addition to the factors set out in the answer to 1(a&b), the decision for placement of a sex offender identifying as a female would be informed by medical opinion. Consideration would be given as to whether the inmate has had complete gender reassignment involving physical surgery and an assessment of risk to other inmates.

2. In addition to the factors set out in the answer to 1(a&b), the decision for placement of a sex offender identifying as a female would be informed by medical opinion. Consideration would be given as to whether the inmate has had complete gender reassignment involving physical surgery and an assessment of risk to other inmates. Anthony

*1190 ATTORNEY GENERAL—RESCINDING OF AUSTRALIA DAY AWARE AND DOMESTIC VIOLENCE PERPETRATORS—Mr Latham asked the Minister for Education and Early Childhood Learning representing the Attorney General, and Minister for the Prevention of Domestic Violence—

Further to the Minister's answer to question 1122, published on 1 April 2020 :

- (1) Why does the description of the domestic violence industry as a 'feminist cash cow' and paid domestic violence leave as 'a racket' warrant the loss of an Australia Day award?
- (2) What other statements, as made by award winners at local, State and Federal Government levels, does the Minister find unacceptable, thereby warranting loss of the awards?
- (3) What representations has the Minister made acting on his concerns in question 2 above or are the Minister's concerns limited solely to Ms Bettina Arndt?
- (4) Which domestic violence programs and policies in New South Wales are aimed at stopping powerful men from seeking to dominate women by taking away their rights of free speech, expression or opinion?
 - (a) What are the details of these policies?
 - (b) Why has the Minister introduced them?
- (5) Is the Minister aware of instances where court findings have been made against domestic violence perpetrators, after which the perpetrators have been found to be of 'good character' by New South

Wales sporting bodies under the legislative control and funding benefit of the NSW Government, thereby allowing the perpetrator to continue to participate in those sports?

(a) If so, what are the details?

- (6) What action in question 5 above has the Minister taken to stop domestic violence perpetrators from benefiting from NSW Government funding and sporting participation?

Answer—

1. – 2. I refer the Member to my response to Question on Notice 1122.

3. The values that underpin Ms Arndt's statements engender attitudes that are dangerous to women and their children, as indicated in my letter to the Governor General, which is included in my response to Question on Notice 1122.

4. The NSW Government's response to domestic and family violence is set out in the NSW Domestic and Family Violence Blueprint for Reform 2016-2021: Safer Lives for Women, Men and Children, available at: <https://www.women.nsw.gov.au/strategies-and-resources/nsw-domestic-and-family-violence/domestic-and-family-violence-blueprint>.

5. – 6. Decisions made by sporting bodies regarding sport participation should be referred to the Minister for Sport.

*1191 EDUCATION AND EARLY CHILDHOOD LEARNING—YANCO AGRICULTURAL HIGH SCHOOL—Mr Latham asked the Minister for Education and Early Childhood Learning—

(1) In view of the living conditions in the boarding facilities of Yanco Agricultural High School:

- (a) Why has the accommodation for both girls and boys not changed since 1994, with no improvements to the portable dorms?
- (b) Why have education department standards not been met post-1993 when the school went co-educational and 'temporary' second-hand demountable buildings were placed on-site for the girls?
- (c) Why is it the case that numerous 'temporary' buildings have no heating or cooling in the bathrooms and toilets, none of the buildings have insulation of any kind and mould builds up during winter and areas are closed off?
- (d) Why, given increased number of girls and the use of Mutch dorm for this purpose, have Year 7, 8 and 9 boys been reallocated to dorms with double bunks to accommodate numbers, with no access to desks to work at, contrary to boarding school regulations under the Draft Boarding Accommodation guidelines dated 25 March 2014?

(2) What was the outcome of the Minister's visit to Yanco on 20 March 2020?

- (a) Will a new permanent girls dormitory be built to house 120 students, allowing the boys to move back into the Mutch dormitory and eliminate the need for bunk beds for years 7, 8 and 9, and therefore meet the department's own accommodation guidelines?

Answer—

(1)

- (a) The Department of Education works closely with the school to maintain current infrastructure and carries out regular maintenance at the school. I am advised that demountable dormitory accommodation currently occupied by students meets relevant workplace health and safety standards, and has reverse cycle air-conditioning. The Principal at Yanco Agricultural High School determines the composition of the male and females in each dormitory area, taking into account the Boarding Standards for Australian Schools and current enrolments.
- (b) Refer to answer to question 1a. All boarding facilities at Yanco Agricultural High School are maintained in compliance with Department policies.
- (c) Refer to answer to question 1a. Any matters raised by the school in relation to maintenance, including heating or cooling facilities and mould issues, are addressed by the Department, ensuring the safety of students is prioritised. It is not standard practise to provide heating or

cooling units in bathrooms and toilets in existing NSW school boarding facilities. All demountable dormitory accommodation at Yanco Agricultural High School contains insulation.

- (d) Students in Years 7-9 have mandatory study time of two hours on Monday to Thursday evenings, 90 minutes on Friday and one hour on Sunday using appropriate desks. In addition, students have access to a voluntary homework centre which offers 90 minute sessions each Monday to Thursday afternoon. Students have common recreation areas where they are able to utilise a variety of facilities.
- (2) The Hon Sarah Mitchell MLC, NSW Minister for Education and Early Childhood Learning visited Yanco Agricultural High School on Friday 13 March 2020 and was accompanied by the Chief Operating Officer, School Infrastructure NSW. During the visit the school community discussed school matters including the boarding facilities. The Department continues to work closely with the school to maintain the current infrastructure.
- (a) Refer to answer to question 1b. Any proposed future major capital works at Yanco Agricultural High School would be considered in the context of the education needs across the state and will be prioritised accordingly.

*1193 ATTORNEY GENERAL—MOHAMMED BIN RASHID AL-MAKTOUM—Mr Latham asked the Minister for Education and Early Childhood Learning representing the Attorney General, and Minister for the Prevention of Domestic Violence—

- (1) Is the Minister aware of the finding of the High Court in London in March 2020 of domestic violence offenses against Mohammed bin Rashid Al-Maktoum, including terrorising and physically intimidating his wife Princess Haya, kidnapping two of his daughters and denying their freedoms and dignity?
- (a) Has the Minister read the judgement in this case?
- (2) Is the Minister aware of the decision of Racing NSW, following the court findings in question 1 above, to declare Mohammed bin Rashid Al-Maktoum of 'good character' such that he can continue racing and breeding his thoroughbreds in New South Wales, deriving benefit from a NSW Government legislated and funded industry?
- (a) Why did Racing NSW make this decision?
- (3) Is the Minister aware of the extent of Mohammed bin Rashid Al-Maktoum's racing interests in New South Wales, including his 13 runners on the first day of the State-sponsored Championships at Randwick on 4 April 2020?
- (4) What action has the Minister taken in relation to questions 1, 2 and 3 above, to prevent a domestic violence perpetrator deriving benefit, both financially and sporting-wise, from NSW Government legislated, controlled and funded racing activities?
- (5) Why has the Minister intervened in the Arndt matter but not the Sheik Mohammed matter?

Answer—

I am advised:

- (1) The matter in question occurred in an overseas court. It is outside the jurisdiction of the NSW Attorney General.
- (2) Decisions made by Racing NSW are matters for the Minister for Better Regulation and Innovation.
- (3) Issues relating to racing interests in NSW are matters for the Minister for Better Regulation and Innovation.
- (4) Issues relating to an individual's benefit from legislated, controlled and funded racing activities are matters for the Minister for Better Regulation and Innovation.
- (5) I refer the Member to my answer to LC Question on Notice 1122.

*1194 EDUCATION AND EARLY CHILDHOOD LEARNING—NSW SCHOOL EXCELLENCE FRAMERWORK / CLASSROOM EXPERIENCE—Mr Latham asked the Minister for Education and Early Childhood Learning—

- (1) Does the Government as a matter of policy and also through the NSW School Excellence Framework still support direct and explicit instruction as the most effective teaching method for student results?

- (2) Why then did the Secretary, Department of Education, Mr Scott tell the Sydney Morning Herald on 29 March, in relation to the current home-based learning, "We will understand far better how students can learn on their own and what they learn best on their own, we will be rethinking the classroom experience"?
- (3) What evidence is available to the Government that home-based online learning achieves stronger results than direct and explicit instruction and that the New South Wales classroom experience needs to be rethought?
- (4) Is the Minister rethinking the current New South Wales classroom experience?
 - (a) If so, in what ways?

Answer—

- (1) The Department of Education, through its evidence-based publications (including What Works Best, Blue Haven Public School case study and cognitive load theory literature review, and classroom practice guide) continues to support explicit instruction as an effective teaching method which leads to improved student outcomes. These publications are available at www.cese.nsw.gov.au. The School Excellence Framework states that in schools that excel, all teachers are committed to identifying, understanding and implementing the most effective explicit teaching methods, with the highest priority given to evidence-based teaching strategies.
- (2) 2. As a result of the COVID-19 pandemic, about 90 per cent of students are completing their lessons remotely at home (correct at time of publication 29/03/2020). Mr Scott's comment refers to how schools can learn from the unique circumstances of COVID-19 to best support students' independent learning.
- (3) The Department will continue to provide support to teachers to use effective evidence-based teaching practices to meet the learning needs of their students. This includes explicit instruction, which is part of a balanced and flexible suite of teaching strategies that can be applied across contexts, including having students learning from home. The Department is working to provide professional learning and resource support around how explicit teaching (and other evidence-based teaching strategies) can occur when students are learning from home.
- (4) There may be learning opportunities from the current experience that could contribute to a strengthening of teaching practice in all NSW classrooms. These opportunities, as suggested by Mr Scott include, but are not limited to, the effective use of technology in teaching and learning and how students can successfully work independently as appropriate in the learning process.

*1195 ATTORNEY GENERAL—NSW WOMEN'S ALLIANCE FUNDING—Mr Latham asked the Minister for Education and Early Childhood Learning representing the Attorney General, and Minister for the Prevention of Domestic Violence—

- (1) How much funding did the NSW Government provide in 2018/19 to the following members of the NSW Women's Alliance:
 - (a) ACON?
 - (b) Domestic Violence NSW?
 - (c) Immigrant Women's Speakout Association NSW?
 - (d) Multicultural Disability Advocacy Association NSW?
 - (e) Muslim Women Australia?
 - (f) No To Violence?
 - (g) NSW Council of Social Service?
 - (h) People with Disability Australia?
 - (i) Rape and Domestic Violence Services Australia?
 - (j) Wirringa Baiya Aboriginal Women's Legal Centre?
 - (k) Women's Health NSW?
 - (l) Women's Legal Service NSW?
 - (m) Women's Safety NSW?
 - (n) Youth Action?
- (2) How much funding did the NSW Government provide in 2019/20 to the following members of the NSW Women's Alliance:

- (a) ACON?
 - (b) Domestic Violence NSW?
 - (c) Immigrant Women's Speakout Association NSW?
 - (d) Multicultural Disability Advocacy Association NSW?
 - (e) Muslim Women Australia?
 - (f) No To Violence?
 - (g) NSW Council of Social Service?
 - (h) People with Disability Australia?
 - (i) Rape and Domestic Violence Services Australia?
 - (j) Wirringa Baiya Aboriginal Women's Legal Centre?
 - (k) Women's Health NSW?
 - (l) Women's Legal Service NSW?
 - (m) Women's Safety NSW?
 - (n) Youth Action?
- (3) Is the Minister aware of the statement issued by the 14 members of the NSW Women's Alliance on 27 March 2020 advocating for "the early release of prisoners" in New South Wales, including those on remand?
- (4) Is the Minister aware of research showing 'generalist offenders', that is, those with a sustained criminal career, including prison sentences, to be much more likely to commit domestic violence offences than the general population?
- (5) Has the Minister read Australian Institute of Criminology report No. 580, September 2019, confirming the research findings in described in question 3 above?
- (6) Why is the Government funding groups that advocate for early prison release in view of research that suggests that this is a proven predictor of domestic violence offences, risking making women (and men, but mainly women) in New South Wales less safe?
- (a) Is the Minister considering defunding these groups given their advocacy for early parole?

Answer—

I am advised:

- (1) The Department of Communities and Justice does not hold funding information across other Government agencies. Funding information for individual organisations may be sourced from Annual Reports of the former Department of Justice and Department of Families and Community Services. The Department of Justice Annual Report for 2018-19 is available at: <https://www.justice.nsw.gov.au/Documents/Annual%20Reports/departement-of-justice-annual-report-2018-19.pdf> The Department of Families and Community Services for 2018-19 is available at: https://www.facs.nsw.gov.au/__data/assets/pdf_file/0003/727851/FACS-Annual-Report-2018-19-Volume-3.pdf The Legal Aid NSW Annual Report for 2018-19 is available at: <https://www.legalaid.nsw.gov.au/publications/annual-report>
- (2) Funding information for 2019-20 will be available in the Department of Communities and Justice 2019-20 Annual Report.
- (3) Yes.
- (4) Research from a broad range of sources informs the development of evidence-based domestic violence offender policy and programs in NSW, including to support the Premier's Priority to reduce domestic violence reoffending.
- (5) Yes.
- (6) The NSW Government is committed to working for the people of NSW to deliver first class services and contracts a range of specialist service providers to deliver funded services on behalf of the NSW Government.

- *1208 BETTER REGULATION AND INNOVATION—WORKSAFE NSW AND COVID-19—Mr Mookhey asked the Minister for Finance and Small Business, Vice-President of the Executive Council representing the Minister for Better Regulation and Innovation—
- (1) Social distancing and other measures to protect people from COVID-19 were introduced on 16

March 2020 by the Federal Government:

- (a) How many Safework inspections have been conducted from 16 March 2020 to date?
 - (b) How many inspections were carried out in the same period in 2019 being 16 March 2019 to 8 April 2019?
 - (c) What additional protections, including personal protective equipment PPE, are provided to Safework NSW inspectors who have visited work sites since 16 March , 2020?
 - (d) How many of these inspections resulted in notices being issued to workplaces or a person conducting a business or undertaking (PCUB)?
 - (e) How many of these inspections resulted in notices being issued to workplaces or PCUB due to social distancing restrictions not being followed?
 - (f) How many of these inspections resulted in notices being issues to workplaces or PCUB due to inadequate cleaning or hygiene procedures?
- (2) How many workplaces reported a case of COVID-19 at the workplace to Safework NSW?
 - (a) Can the Minister provide the business names and addresses of workplaces or PCUB that reported cases of COVID-19?
 - (b) Did Safework inspect each of these workplaces after the workplace made a report of COVID-19?
 - (i) If so, how soon after the report were these workplaces inspected?
 - (ii) If not, why did Safework NSW decide not to investigate the site?
 - (3) How many inspectors are currently employed at Safework NSW?
 - (a) Does Safework NSW have inspectors and employees dedicated to COVID-19?
 - (b) If so, how many?
 - (c) What are their roles?
 - (4) How many complaints has Safework NSW received related to the provision of additional PPE or social distancing in light of COVID-19?
 - (a) How many of these were investigated by Safework NSW?
 - (b) How many resulted in a Safework NSW inspector attending a site?
 - (5) What is the current total number of staff at Safework NSW?
 - (a) How many are conducting inspector duties orvisiting work sites?
 - (b) How do these numbers compare to staff numbers:
 - (i) On 1 January 2020?
 - (ii) On 1 October 2019?
 - (iii) On 1 July 2019?
 - (c) What proportion of staff is now working from home?
 - (i) Can the Minister provide a description of these arrangements?

Answer—

- (1)
 - (a) As at 9 April 2020, 14 inspections have been conducted in relation to COVID-19.
 - (b) nil COVID-19 related inspections for same period in 2019.
 - (c) SafeWork NSW's focus has been to avoid circumstances where Inspectors could be placed at risk of infection. As such additional job triaging processes have been put in place to minimise the need for workplace visits. Where visits are undertaken pre-attendance risk assessments are undertaken by the Inspector and Manager to ensure that it is safe to proceed with a site visit. Where possible alternate response options are being applied including telephone, video link, email or administrative responses. Inspectors have been briefed on the need to maintain social distancing and personal hygiene practices. All low risk or non-essential matters have been cancelled i.e. industry presentations. SafeWork NSW Inspectors have access to P2 Masks, latex gloves and protective eyewear as part of their general equipment. In addition to this standard PPE, Inspectors have been pre-authorised to purchase hand sanitiser/soap and other personal cleaning equipment as needed. Further to this additional cleaning products and PPE are available through the Department of Customer Service Procurement Team to ensure inspectors remain well equipped with supplies.

- (d) As at 9 April 2020, 24 notices were issued in relation to COVID-19.
- (e) 2
- (f) nil
- (2) NSW Health is the lead agency and has the most reliable data set of COVID-19 cases. SafeWork NSW has received 58 reports of confirmed cases, however, it does not follow that the confirmed cases were work related.
- (a) SafeWork NSW is unable to provide these details due to the confidentiality provisions of the Work Health and Safety Act 2011. The Chief Health Officer, NSW Health provides details of the location of COVID-19 cases.
- (b) No, SafeWork NSW's focus has been to avoid circumstances where Inspectors could be placed at risk of infection. As such additional job triaging processes have been put in place to minimise the need for workplace visits. Where visits are undertaken pre-attendance risk assessments are undertaken by the Inspector and Manager to ensure that it is safe to proceed with a site visit. Where possible alternate response options are being applied including telephone, facetime, email or administrative responses.
- (i) see 2(b) above.
- (ii) Each request for service and incident report is triaged based on risk and accordingly a graduated response is implemented. Given the current COVID-19 situation, SafeWork NSW has a Statement of Regulatory Intent and the responses to workplaces has been adjusted accordingly. SafeWork NSW will endeavour where possible to address matters or requests remotely e.g. use of video conferencing, Skype, telephone contact.
- (3) As at 9 April 2020 there were 308 inspectors and further 22 vacancies are being recruited.
- (a) All SafeWork NSW (inspectors and clerical) are supporting the COVID-19 response.
- (b) No Inspectors or clerical employees are dedicated only to COVID-19 related work. c. Inspectors, managers, directors and support staff.
- (4) As at 8 April 2020, 252 Requests for Service were received.
- (a) 32 received an Inspector Response.
- (b) 14 resulted in an Inspector Visit.
- (5) As at 31/3/20, SafeWork NSW had a total of 520 staff. The number does fluctuate in response to vacancies and succession planning for known retirements.
- (a) See answer 3.
- (b) as below and noting the number does fluctuate in response to vacancies and succession planning for known retirements.
- (i) As at 31/12/2019, SafeWork NSW had a total of 519 staff (including 287 Inspectors).
- (ii) As at 30/9/2019, SafeWork NSW had a total of 528 staff (including 293 Inspectors)
- (iii) As at 30/6/2019, SafeWork NSW had a total of 534 staff (including 299 Inspectors).
- (c) Safework offices remain open, however staff are encouraged to work from home wherever possible. Working from home is the preferred option, unless the role cannot be performed at home. Approximately 65 per cent of staff are working from home. This number is fluid due to the reactive nature of some regulatory work that must be undertaken within specified timeframes.
- (i) These staff perform their normal duties, where possible, from their home and do not attend the office.
