 - (a) What were the terms of the MOU?
- (2) What progress has been made in implementing the agreement in question (1) above?
 - (a) If nothing has been achieved, how does the Minister explain this failure?

7483 BETTER REGULATION AND INNOVATION—SYDNEY TRAINS—Mr David Shoebridge to ask the Minister for Finance and Small Business representing the Minister for Better Regulation and Innovation—

Sydney Trains - Regarding the death of Ian Head on 28 October 2017 which was subject to review by the Office of National Rail Safety Regulator (ONRSR) and Safe Work NSW:

- (1) Noting that Sydney Train's WHS Policy provides it must "Ensure full compliance with all relevant health and safety legislation and regulatory requirements" and that the Office of National Rail Safety Regulator (ONRSR) reported: Multi Civil & Rail (MCR) did not have systems in place to manage fatigue; MCR's systems were weak against Work Health and Safety Act 2011; and MCR failed to meet the requirements under Rail Safety National Law:
 - (a) How did these findings impact MCR's existing and future contracts?
 - (b) How did Sydney Trains allow a contractor to operate without these protections in place?
 - (c) Were any disciplinary or other remedial actions taken given these breaches in Sydney Trains?
- (2) Noting that Sydney Train's OHS policy provides that it must "Implement and maintain a system of safeworking" and that the ONRSR reported: "ST has not located any information or documents responsive to this request", for the following questions:

Advice on how Sydney Trains ensures that rail safety workers supplied by MCR are trained/instructed in Sydney Train's requirements for the management of fatigue.

Details of any audits, inspections, reports prepared by or received by Sydney Trains in the previous two years up to the date of this Notice regarding the management of fatigue of rail safety workers contracted from any organization other than MCR.

Copy of any instruction/procedure/guideline that sets out how/when any actions identified for Part C, Item 4 (Item C4: Describe how Sydney Trains ensures compliance by MCR with the Sydney Trains fatigue management requirements) above is to be carried out.

What actions have been taken to ensure these system failures do not repeat and what if any disciplinary or other remedial actions taken given these breaches by Sydney Trains?
- (3) Noting that the ONRSR reported: "An audit was carried out on MCR on 09/04/2017 covering a number of matters including fatigue." This audit conducted by Daniel Yuen and Vicki Cosmia of the 5/04/2017, awarded a Positive commendation or noteworthy effort on MCR's Fatigue Management.
 - (a) Who was responsible (name) for approving, monitoring, and ensuring MCR and other contractors' systems of work?
 - (b) How can these audit findings be sustained given the critical conclusions of the ONRSR on these very same issues?
- (4) Noting that Sydney Train's policy is to "Create a culture of working safely" and Sydney Trains Safety Management System Operating Procedure 08: Managing Fatigue Risks, why did Sydney Trains fail to implement a system to manage the risks with the contractor MCT?
- (5) What if any due diligence has been undertaken regarding the fitness of the directors of MCR given their prior employment relationship with NSW Rail?
 - (a) Does it include police background checks?

7489 POLICE AND EMERGENCY SERVICES—ROADSIDE SLASHING—The Hon. Mark Banasiak to ask the Minister for Sport, Multiculturalism, Seniors and Veterans representing the Minister for Police and Emergency Services—

In previous years, funding was supplied by the Rural Fire Service NSW (RFS) for chemical treatment as part of roadside hazard control. As of 2021, the RFS is only supporting roadside slashing.

- (1) Given that roadside slashing is dangerous during the heat of summer, what were the reasons for the RFS for not continuing its funding of important chemical hazard control that can be completed during warmer temperatures?
