Message No. 28.

In accordance with the provisions contained in the 46th section of the Constitution Act, 1902, the Governor recommends for the consideration of the Legislative Assembly the expediency of making provision to meet the requisite expenses in connection with a Bill to amend the provisions of the Factories and Shops Act, 1912, relating to the minimum wage.

State Government House,

Sydney, 16th September, 1913.

Ordered to be referred to the Committee of the Whole on the Bill.

17th September, 1913.

4. ADJOURNMENT :—Mr. Speaker stated that he had received from the Honorable Member for Darling Harbour, Mr. Cochran, a Notice, under the 49th Standing Order, that he desired to move the adjournment of the House, to discuss a definite matter of urgent public importance, viz. :—"The imprisonment of seamen for refusing to be vaccinated."

And the motion for the adjournment of the House being supported by five other Honorable Members,—

Mr. Cochran moved, That this House do now adjourn.

Debate ensued.

Point of Order :—Mr. Price submitted that as the House had already on two occasions debated the subject of vaccination this motion was out of order as duplicating those debates.

Mr. Speaker pointed out the difference in the terms of the two previous motions and that now under discussion; he said he could not link this with the other two motions, and held that the motion was perfectly in order.

Further Point of Order :—Mr. Price submitted that this motion was out of order as the debate would anticipate that on a Notice of Motion given by the Government, and on the Paper, for the introduction of a Bill to deal with vaccination.

Mr. Speaker said the notice given by the Government suggested dealing with a law which it was proposed to pass, whereas this motion referred to the action of authorities under the existing law, and he was inclined to rule that the Point of Order could not be upheld.

Debate continued.

Mr. Carmichael moved, That the Question be now put.
