Wednesday 22 November 2023

\* 1799 FULL TIME TEACHERS IN PITTWATER ELECTORATE—Mr Rory Amon to ask the Deputy Premier, Minister for Education and Early Learning, and Minister for Western Sydney—

- (1) As of the date for which the most recent data is available, how many full-time equivalent (FTE) teachers are employed at each public school across the Pittwater electorate?
  - (a) Of this information, how many FTE teacher vacancies are currently noted for each public school across the Pittwater electorate?
  - (b) As of the date for which the most recent data is available, how many temporary teachers and support staff are employed at public schools across the Pittwater electorate?
    - Please provide the above answers for each school individually.
- (2) How many temporary teachers and support staff have been or will be offered a permanent position at a public school in the Pittwater electorate?
  - Please advise the number of offers for each public school in Pittwater individually.

Answer—

For 12 years, the former Liberal National Government undervalued teachers and suppressed their salaries with an unfair wages cap. This led to a teacher shortage crisis which the former Government denied existed.

School Name	Total Teaching FTE FTE_18 May 2023	Total vacant teaching FTE FTE_18 May 2023	Total 2023 SASS FTE FTE_18 May 2023
Mona Vale Public School	59.59	0.00	7.77
Narrabeen Lakes Public School	21.20	0.00	2.42
Newport Public School	33.37	1.00	3.26
Terrey Hills Public School	12.48	1.00	2.02
Avalon Public School	42.89	1.00	3.87
Narrabeen North Public School	36.51	2.00	3.26
Elanora Heights Public School	23.74	0.00	2.62
Bilqola Plateau Public School	21.19	0.00	2.62
Pittwater High School	73.10	1.00	14.57
Barrenjoev High School	59.10	0.00	9.88
Narrabeen Sports High School	67.00	2.00	10.77

In Pittwater, permanent teacher vacancies increased by 167%.

It has led to schools struggling to find 3,200 casual teachers every day, impacting almost 10,000 lessons that have to be merged, collapsed or cancelled.

Under the Liberal National Government, the number of temporary teachers in schools also skyrocketed from 11,700 in 2011 to more than 24,000 in 2023.

When the former Government left office, only about 60% of teachers had permanent and stable employment.

That is why in just eight months, the Minns Labor Government has so far provided permanent employment to almost 16,900 temporary teachers and support staff.

In Pittwater, a total of 103 offers of permanent employment have been made to all eligible temporary teachers and school support staff across 11 schools in the Pittwater electorate.

\* 1800 FULL TIME POLICE IN THE NORTHERN BEACHES POLICE AREA COMMAND—Mr Rory Amon to ask the Minister for Police and Counter-terrorism, and Minister for the Hunter—

- (1) As at the date for which the most recent data is available, what is the exact number of FTE police officers are allocated to the Northern Beaches Police Area Command?
  - (a) Of these district/command areas, how many current full-time employment vacancies are at each police station?
  - (b) Of the FTE referenced above, what is the exact number currently:
    - (i) On long service leave,
    - (ii) On administrative or sick leave relating to workplace injuries or experiences,
    - (iii) On parental leave,
    - (iv) Seconded to task forces or other Area Commands outside of the Northern Beaches.
- (2) What is the Government doing to fill any vacancies?

Answer—

- (1) (a – b) The NSW Police Force (NSWPF) publishes information about employee numbers in each Police Area Command and Police District in its annual report.

Staffing numbers at any particular police station can fluctuate daily in response to leave, crime trends and operational requirements.

All police positions attached to a Police Area Command or Police District are flexible resources available to respond to incidents across the local area. Local resources are also supplemented by specialist police (highway patrol, major crime squads, covert resources, and others) who are managed centrally but can be deployed across Police Area Command and Police District boundaries in response to operational needs.

- (2) The NSWPF is actively seeking ways to attract candidates to become future police officers and has recently implemented a number of strategies to incentivise recruitment.

On 31 October 2023, the NSW Government and the NSWPF announced that from March 2024, Student Police Officers will be engaged as paid temporary administrative employees whilst studying at the Police Academy in Goulburn. This is a significant development for the NSWPF to provide a greater incentive for individuals to choose a policing career and enable the NSWPF to remain competitive in the current labour market.

  - (b) Liverpool Local Government Area?

Answer—

I am advised this question is more appropriately directed to the Minister for Finance.

With respect to the Housing and Productivity Contribution:

- (1) What windfall is expected from new development applications from the Housing and Productivity Contribution in the Liverpool Local Government Area for the rest of the financial year?
- (2) What windfall is expected from new development applications from the Housing and Productivity Contribution in the Sutherland Shire Local Government Area for the rest of the financial year?
- (3) Can the Treasurer provide a breakdown of expected windfall for residential, industrial, and commercial for each Local Government Area?

Answer—

I am advised this question is more appropriately directed to the Minister for Planning and Public Spaces.

- \* 1803 EDUCATION FUTURE FUND—Mrs Tina Ayyad to ask the Deputy Premier, Minister for Education and Early Learning, and Minister for Western Sydney—

In relation to the Government's Election Commitment to the Education Future Fund:

- (1) Can the Minister advise the number of vacancies of Full-Time, Part-Time, and Casual teacher positions in the Holsworthy Electorate?
- (2) Can the Minister advise the number of vacancies of Teacher Aide Positions in the Holsworthy Electorate?
- (3) Can the Minister advise the number of vacancies of School Counsellor positions in the Holsworthy Electorate?

Answer—

For 12 years, the former Liberal National Government undervalued teachers and suppressed their salaries with an unfair wages cap. This led to a teacher shortage crisis which the former Government denied existed.

In Holsworthy, this saw permanent teacher vacancies double from eight permanent vacancies, to 16 when it left office in 2023.

This is why the Minns Labor Government has delivered the biggest increase in teachers' salary in a generation and made NSW teachers among the highest paid in the country. It is disappointing that this pay rise for teachers in Holsworthy has been opposed by the Liberals and Nationals.

There was 6.5 full-time equivalent (FTE) vacant SLISO positions and one FTE vacant counselling position at NSW public schools in the Holsworthy state electorate.

\* 1804 WILD DOG FENCE EXTENSION PROJECT—Mr Roy Butler to ask the Minister for Skills, TAFE and Tertiary Education representing the Minister for Agriculture, Minister for Regional New South Wales, and Minister for Western New South Wales—

- (1) In reference to the Ministers response to Question 243 (24/05/2023) regarding the Wild Dog Fence Extension Project. It was stated that construction of the 32 km priority section of the fence would commence once all relevant approvals were in place. Can the Minister confirm whether these approvals have been finalised?
  - (a) If so, when does the Minister expect construction works to begin?
  - (b) If not, can the Minister advise what is holding up the approval process?

Answer—

- (1) The approvals required prior to construction are currently being finalised.
  - (a) Construction activities will commence once required approvals have been finalised. This is estimated to be completed before the end of 2023 to allow for construction to begin in 2023. On-ground activities started on 13 November 2023 and include:
    - (i) surveying of the proposed 32 km alignment
    - (ii) finalising documentation with adjoining landholders
    - (iii) Aboriginal cultural heritage mitigation works and approvals
    - (iv) procurement activities for construction services.
  - (b) There are currently two ongoing approval processes.
    - (i) Completion of mitigation works required by the Aboriginal Cultural Heritage approval process.
    - (ii) Preservation of Surveying Infrastructure approval and mitigations process.

\* 1806 PATIENT TRANSFERS FROM PRIVATE RESIDENCES—Mr Roy Butler to ask the Minister for Health, Minister for Regional Health, and Minister for the Illawarra and the South Coast—

- (1) Are paramedics being called on to perform patient transfers because the designated Patient Transfer services are unable to transport patients from private residences or from aged care due to Local Health District payment agreements?
- (2) Is the Minister planning to investigate ways to renegotiate these agreements to allow Patient Transfer services to take over these duties to free up paramedics for their core duties?

Answer—

I'm advised:

Across many local health districts, HealthShare NSW Patient Transport Service provides non-emergency patient transport for eligible patients from residences and aged care facilities to medical appointments.

In some areas a range of health services are engaged to provide patient transport. These arrangements are guided by specific business rules. Where NSW Ambulance provide non-emergency patient transport, emergency response calls are prioritised over non-emergency transport.

\* 1807 PERMANENT NURSES AND MIDWIVES—Ms Steph Cooke to ask the Minister for Health, Minister for Regional Health, and Minister for the Illawarra and the South Coast—

  - (iii) Grenfell Multipurpose Service?

Answer—

I'm advised:

The NSW Government's safe staffing levels commitment includes ongoing funding for the nominal equivalent of 1,112 full-time equivalent nurses.

NSW Health and the NSW Nurses and Midwives' Association have entered a memorandum of understanding to implement the safe staffing levels commitment. A safe staffing levels taskforce is working through key implementation areas.

From 2024, Murrumbidgee Local Health District and Western NSW Local Health District will make all new graduate nursing and midwifery appointments permanent. Appointments will be made to the local health district rather than to individual hospitals.

Before 2023, successful GradStart program candidates were recruited under a 12-month contract.

LEGISLATIVE ASSEMBLY QUESTIONS AND ANSWERS  
Wednesday 22 November 2023

---

The latest report for 2021-22 was released 25 October 2023 and is available at [Health expenditure Australia 2021-22, About - Australian Institute of Health and Welfare \(aihw.gov.au\)](https://www.aihw.gov.au/2021-22)

In NSW, prevention is integrated into the health system at multiple levels of delivery and for this reason it is not possible to reliably disaggregate it

- \* 1810 NEW SOUTH WALES HEALTHY EATING AND ACTIVING LIVING STRATEGY—Mr Matt Cross to ask the Minister for Health, Minister for Regional Health, and Minister for the Illawarra and the South Coast—

In relation to the New South Wales Healthy Eating and Active Living Strategy 2022-2032: Guiding the next decade of overweight and obesity prevention in New South Wales

- (1) Have you received a briefing about the strategy from NSW Health?
- (2) Will there be an update to the targets before the 10 year mark in 2030 (reporting in 2032) to ensure the targets are on track?

Answer—

I'm advised:

The NSW Health Population Health Survey is used to monitor the population prevalence of overweight and obesity in NSW children, young people, and adults. The survey also includes surveillance of food, physical activity, and sedentary behaviours at a population level. Survey data is released annually and helps inform high-level monitoring against the targets and objective of the Healthy Eating and Active Living Strategy.

- \* 1811 STATE RECORDS ACT OBLIGATIONS—Mr Matt Cross to ask the Premier—

Is the Premier's Office complying with the recordkeeping obligations set out in the State Records Act 1998?

Answer—

I expect all Ministers' offices to comply with their obligations under the State Records Act 1998.

Answer—

I am advised

- (1) The Mariyung fleet will gradually begin to enter passenger service in the second half of 2024, subject to safety accreditation by the Office of the National Rail Safety Regulator.
- (2) The new fleet will be introduced progressively starting with the Central Coast and Newcastle Line.

- (3) Modifications to the trains include hardware and software changes to the crew door to allow the guard to stand at the door whilst open for a short period of time. This is to ensure passenger safety whilst the train is at the platform and during the departure process, using the CCTVs as an additional aid.

Other modifications include relocation of CCTV viewing screens and passenger door controls, changes to the digital radio system, adjustments to fire detection management and emergency door release functions.

Work is also currently underway to modify the affected trackside and station infrastructure to accommodate the changes to the Maryung operating model as agreed with the Rail Tram and Bus Union.

The final cost of the network modifications will be confirmed once the full scope is determined and contracts to carry out the work are finalised.

- \* 1815 PARKING NEAR METRO RAILWAY STATIONS—Mr Mark Hodges to ask the Minister for Transport—

- (1) Does the Government have any plans to increase the number of commuter parking spaces available at the following Metro Railway Stations:

LEGISLATIVE ASSEMBLY QUESTIONS AND ANSWERS  
Wednesday 22 November 2023

- (a) Castle Hill Showground?
- (b) Castle Hill?
- (c) Cherrybrook?

Answer—

I am advised

The NSW Government is committed to encouraging the community to leave their cars at home and, where possible, use public transport to ease congestion across Greater Sydney. Where customers need to travel by car to a metro station, the NSW Government has provided more than 4,000 car spaces along the line, with new commuter car parks at Tallawong, Bella Vista, Hills Showground, Cherrybrook and Kellyville stations.

A breakdown of the number of car parking spaces is publicly available at <https://www.sydneymetro.info/article/new-commuter-car-spaces-ready>.

These new car parks were built at these locations as these stations were designed as multi-modal interchanges. Station locations without commuter car parks - such as Castle Hill - are located in busy commercial and retail centres with established public transport networks, and commuter car parking is not intended to be provided at these locations.

There are no plans to build additional parking at this time.

\* 1820 COVID-19 FINES POLICE RESPONSE—Ms Jenny Leong to ask the Minister for Police and Counter-terrorism, and Minister for the Hunter—

(a) If so, why?

- (2) How much public money is being used to fund the bringing of these legal matters?

- (2) Given the time sensitive nature of such requests, are there any guidelines for how long it should take the Premier's Department to respond to New South Wales residents who have contacted the Department to suggest someone be considered for a State funeral or memorial?

Answer—

I am advised of the following:

The offer of a State Funeral or State Memorial represents a considerable honour accorded to a NSW resident in recognition of their achievement and service to the NSW community

Certain NSW senior public officials are automatically entitled to the offer of a State Service. The offer of a State Service for a prominent and distinguished member of the community is not automatic and should be made only where compelling arguments exist, considering the deceased's achievements and contributions over a lifetime.

My department prepares advice for my consideration upon receiving a request for a State Funeral or Memorial.

- \* 1823 SCHOOL BUS SEATBELTS—The Hon. Mark Speakman to ask the Minister for Transport—

Answer—

I am advised:

School bus services in Greater Sydney regions including the Southerland Shire have not been within any prior programs commenced by Transport for NSW to retrofit seatbelts.

However, as you are aware I have expanded the Terms of Reference of the Bus Industry Taskforce to examine the adequateness and completeness of retrofitting seatbelts in regional NSW in the past decade and whether fitting seatbelts on buses should be expanded to other areas.

There is a dedicated chapter available on this matter within the First Safety Report that is available on the Transport for NSW website.

LEGISLATIVE ASSEMBLY QUESTIONS AND ANSWERS  
Wednesday 22 November 2023

---

- (7) What consideration has been given to the northbound access of Highland Way for heavy vehicles on Murrimba Road, crossing the Southern Rail line at Wingello?

Answer—

I am advised

Transport for NSW has advised residents that between Friday 13 October and Friday 3 November 2023, concrete pavement slabs were being replaced in various locations on the southbound lanes along the Hume Highway at Marulan. This work will support future rehabilitation of the Hume Highway at Marulan and improve safety.

The slab replacement works have a total budget of \$35M. The 2023-24 NSW Budget allocated \$27.1 million over the next four years to continue to replace sections of the existing concrete pavement. This will be spent on slab replacement and an overlay solution.

The damaged concrete pavement slabs on the southbound carriageway from the exit lane of the BP service centre southbound, to the overhead bridge at South Marulan, are not proposed to be replaced during the current works. These are planned for future replacement.

Work to stabilise the approach slabs to the bridges over the railway and Marulan entrance ramp (Brayton Road) were completed in February 2022. Bridge works were carried out to stabilise the road pavement behind the bridge abutments, not to test crossovers.

The northbound detour that was in operation for Highland Way via Murrimba Road between Monday 16 October and Wednesday 25 October 2023, was for both heavy and light vehicles. Transport for NSW has consulted with Goulburn Mulwaree Council, freight authorities and freight operators regarding this detour.

- \* 1827 PORT MACQUARIE FERRY SERVICES—The Hon. Leslie Williams to ask the Minister for Regional Transport and Roads—

- (1) Has the Government commenced any investigations into taking over the operation of the two vehicular ferry services in Port Macquarie to help ease the cost burden to Port Macquarie-Hastings Council?
- (2) If not, why not?

Answer—

I am advised

Transport for NSW is working with Port Macquarie Hastings Council to investigate options for the operation of two vehicular ferry services.

- \* 1828 PACIFIC HIGHWAY AND OXLEY HIGHWAY INTERCHANGE PROJECT—The Hon. Leslie Williams to ask the Minister for Regional Transport and Roads—

- (1) When is work expected to commence to extend the north bound off ramp on the Pacific Highway and Oxley Highway interchange?
- (2) How long will construction take for this project?

Answer—

I am advised

Planning and development works for the upgrade of the Pacific Highway and Oxley Highway Interchange are underway. Commencement of the upgrade will be coordinated with the works associated with the adjacent approved service centre. Transport for NSW is working closely with the development proponent to ensure works are undertaken concurrently.

The project is still in the planning and development phase. The construction period will be informed by final design, which is likely to be completed by mid 2024.
