

LEGISLATIVE ASSEMBLY

2023-24

FIRST SESSION OF THE FIFTY-EIGHTH PARLIAMENT

QUESTIONS AND ANSWERS

No. 83

THURSDAY 24 OCTOBER 2024

The Questions and Answers Paper is published at the end of each sitting day and will contain, by number and title, all unanswered questions, together with questions to which answers have been received on that sitting day and any new questions. Consequently the full text of any question will be printed only twice: when notice is given; and, when answered. During any adjournment of two weeks or more, a Questions and Answers Paper will be published from time to time containing answers received.

Publication of Questions	Answer to be lodged by
Q & A No. 72 (Including Question Nos 3644 to 3681)	24 October 2024

23 OCTOBER 2024

(Paper No.)

3980 SHEPI HOMES—Ms Steph Cooke to ask the Minister for Customer Service and Digital Government, Minister for Emergency Services, and Minister for Youth Justice representing the Minister for Climate Change, Minister for Energy, Minister for the Environment, and Minister for Heritage—

19 SEPTEMBER 2024

(Paper No. 72)

* 3644 FIRST LAP SWIMMING VOUCHERS—Mr Roy Butler to ask the Minister for Small Business, Minister for Lands and Property, Minister for Multiculturalism, and Minister for Sport representing the Minister for Small Business, Minister for Lands and Property, Minister for Multiculturalism, and Minister for Sport—

(1) Can the Minister advise why the Government has withdrawn funding for the First Lap Swimming vouchers?

(a) Will the Minister consider re-introducing funding in 2025?

Answer—

I am advised that:

The decision to end the First Lap voucher program has not been taken lightly, given the importance of vital water safety skills in reducing the risk of drowning. We are working closely in partnership with the aquatic sector to support access to learn to swim lessons for the most vulnerable members of our community, with a budget commitment of \$6M across 2024/25 and 2025/26.

* 3645 NEW K-10 SYLLABUS—Mr Roy Butler to ask the Deputy Premier, Minister for Education and Early Learning, and Minister for Western Sydney—

(1) Can the Minister advise what the key differences between the new K-10 syllabus structure and its former structure?

(a) What prompted these changes?

(2) Assuming these changes have been implemented for improvement in student performance, when would we expect to see its impact?

Answer—

The NSW Education Standards Authority (NESA) has developed a new curriculum framework that includes consistent elements to ensure coherence across syllabuses.

Key structural elements of the new syllabuses include an aim that outlines the overall purpose and objective of a syllabus, a rationale that provides a common understanding of the value and importance of the subject, outcomes that describe the essential knowledge, understanding and skills that students are expected to demonstrate, and content that provides detail of the essential knowledge, understanding and skills that students will need to demonstrate the outcomes.

This consistent structure across all syllabuses means less time and effort for teachers to interpret a syllabus. The outcomes and content work together to clearly articulate the learning entitlement for all students. The knowledge and skills explicit approach outlines what students need to know, understand and be able to do. The sequenced, coherent and knowledge and skills explicit curriculum infers a more explicit teaching practice.

Across all syllabuses, writing is now explicit, where students learn skills to express and develop their ideas by writing, and write texts for different contexts, purposes and audiences. New syllabuses and

accompanying support materials provide advice on the teaching of writing, creating a common, consistent language for the teaching of writing in primary and secondary schooling, and across all learning areas.

Further, content is inclusive of every student in NSW, including Aboriginal students, English as an Additional Language or Dialect students, gifted and talented students, and students with disability.

These changes are informed by the NSW Government response to the recommendations of the 2020 NSW Curriculum Review and developed in line with evidence. The recommendations from the curriculum review highlighted the importance of building strong foundations at every stage of school, for students to learn with understanding, develop skills in applying knowledge, and make excellent ongoing progress.

To support our teachers in accessing the new syllabuses, NESA has developed a purpose-built digital curriculum that provides one-stop access to syllabuses, resources, support materials, links, teaching advice and evidence.

Teachers can easily access new evidence-based support materials, including teaching advice, professional learning and helpful examples to support implementation.

Evidence shows that the best way to improve student outcomes is by focusing on essential learning of knowledge and skills, to build foundational skills in literacy and numeracy. This started with the new English and Mathematics K-2 syllabuses, which provide the essential skills necessary for future learning at this critically important time of student development. The new English and Mathematics K-10 syllabuses are now being implemented in NSW schools.

These strong foundations in literacy and numeracy unlock students' potential as they deepen their learning, and will support students to build disciplinary knowledge through clearly described outcomes and content.

The renewed focus on an appropriately sequenced continuum of learning will further support students in NSW to make excellent ongoing progress, from Kindergarten to Year 12.

New NSW syllabuses are being progressively released and implemented in NSW schools. All new primary syllabuses will be implemented from 2027. For our Stage 6 students, the new Mathematics and English 11-12 syllabuses will be examined in the 2027 HSC. Other 11-12 syllabuses will be released progressively until 2027. We will be able to track the impact of these curriculum reforms for our students' learning over the coming years.

* 3646 DIFFERENTIAL RATE APPLICATION TO VACANT PROPERTIES—Mr Roy Butler to ask the Minister for Local Government—

- (1) Can the Minister advise whether Local Governments can apply the differential rates charge to properties which have been deemed vacant?
- (2) Given that the differential charge raises Local Council revenue to fund the services and facilities provided to residents and its visitors, can the Minister advise whether the Local Council entity contributes funding for these charges?
 - (a) If so, can he provide a percentage breakdown?

Answer—

I am advised:

- (1) Rates are levied on all land where a council has received a valuation from the Valuer General, based on the unimproved land value.

Section 549 of the Local Government Act 1993 allows councils to reduce rates on vacant land. If the amount payable by levying the ad valorem amount would be less than \$250, the rate payable for the vacant land will be \$250 or the base amount of the rate, whichever is the lesser.

If the conditions of section 549 cannot be met, a sub-category may be determined for residential land only. This can only occur if the council is satisfied on reasonable grounds that it is necessary

LEGISLATIVE ASSEMBLY QUESTIONS AND ANSWERS
Thursday 24 October 2024

to identify residential areas because of significant differences between the areas in relation to access to or demand for, or the cost of providing, services or infrastructure.

- (2) Approximately 42% of council revenue is obtained from rates and annual charges which is used to fund the infrastructure, services and facilities provided to residents and visitors.

* 3647 TRANSPORT TIMETABLE CHANGES - OCTOBER 2024—Mr Matt Cross to ask the Minister for Transport—

In relation to transport timetables:

- (1) Will there be a change in October 2024?
- (a) If yes, how many services will be cut on the North Shore on:
- (i) Morning peak times?
- (ii) Afternoon peak times?
- (iii) Nonpeak times?
- (b) If yes, will it be integrated with current bus timetables?

Answer—

I am advised

- (1) Yes, the train timetable was adjusted from 20 October 2024 to integrate Sydney Metro City & Southwest and support the closure of the T3 Bankstown Line between Sydenham and Bankstown.

- (a) The Opening of the City Section of Metro provides a rapid and frequent public transport service for many of the passengers that once relied on the T1 North Shore Line and Transport for NSW has adjusted services to reflect the ways people are travelling.

Metro delivers 434 extra services from Monday to Thursday and 446 extra services on Friday.

There are an additional 375 extra bus services every day to get more people to those metro services.

45,000 people a day are interchanging between Sydney Trains and Sydney Metro.

14,000 people a day are interchanging between buses and metro.

- (i) T1 North Shore Line services in the busiest morning peak one hour period have been reduced from 16 trains to 12 trains, however, stations still receive a service every 3 to 5 minutes.
- (ii) There are no changes to corridor service levels in the afternoon peak. Existing services that start from and finish at Lindfield during the interpeak period have changed to start from or begin at North Sydney, with two fewer services per hour for passengers at Lindfield, Chatswood and St Leonards. Passengers now have eight trains per hour in the interpeak, instead of 10 trains per hour, with trains operating every 7 to 8 minutes.
- (iii) From Sunday to Thursday, late-night services on the T1 North Shore Line that previously operated to Gordon now start from and finish at North Sydney, meaning a reduction in services from eight trains to four trains per hour for stations north of North Sydney. This change reduces duplication with Sydney Metro and offers a train every 15 minutes, which is the standard service offering during this time across the rail network.
- (b) There are changes to some bus services in Outer Metropolitan and Regional areas to connect with the adjusted train times. Transport for NSW has also identified several bus timetable

adjustments which will be made in the future to ensure bus connections across Sydney align and connect with the adjusted train timetable.

* 3648 LOCAL INPUT TO URBAN PLANNING AND DESIGN—Mr Matt Cross to ask the Premier—

Referencing the Private Members' Statement you gave on 8 August 2018 regarding urban planning:

- (1) Does the Government have plans for local communities and councils to have control on the pace, nature, design, or location of buildings under the Transport Oriented Development SEPP?
 - (a) If yes, what are the plans?

Answer—

I am advised;

Every single Council bar one has worked in collaboration with the Department of Planning, Housing and Infrastructure (DPHI) on housing plans that deliver greater or equal housing numbers than would be required by the TOD SEPP controls. The councils that worked with DPHI on this process will phase the introduction of the TOD controls on certain sites to allow for master planning and more detailed work around these stations to be completed.

* 3649 LOCAL SMALL COMMITMENTS ALLOCATION - AUDITOR GENERAL—Mr Matt Cross to ask the Minister for Transport representing the Special Minister of State, Minister for Roads, Minister for the Arts, Minister for Music and the Night-time Economy, and Minister for Jobs and Tourism—

- (1) Will you refer the Local Small Commitment Allocation (LSCA) program to be audited by the NSW Auditor General?

Answer—

I am advised

The Audit Office of New South Wales determines its own work program. The Government will cooperate with any audit conducted by the Audit Office.

* 3650 FARE EVASION REVENUE LOSSES—Mr Matt Cross to ask the Minister for Transport—

- (1) How many people were caught fare evading in the following financial years:
 - (a) 2023-24?
 - (b) 2022-23?
 - (c) 2021-22?
 - (d) 2020-21?
 - (e) 2019-20?
 - (f) 2018-19?
- (2) How much in lost revenue did fare evasion cost in the following financial years:
 - (a) 2023-24?
 - (b) 2022-23?
 - (c) 2021-22?
 - (d) 2020-21?
 - (e) 2019-20?
 - (f) 2018-19?

LEGISLATIVE ASSEMBLY QUESTIONS AND ANSWERS
Thursday 24 October 2024

Answer—

I am advised

This is a matter for the Minister for Finance.

- * 3651 DISCRETIONARY FUND TO PROVIDE GRANTS AND FUNDING—Mr Matt Cross to ask the Deputy Premier, Minister for Education and Early Learning, and Minister for Western Sydney—

(1) Do you have a discretionary fund to provide organisations grants or funding?

Answer—

Yes. As Deputy Premier, and Minister for Education and Early Learning, I have access to discretionary funds within the education and early learning portfolio to provide funding to eligible applicants.

The activation of this grant in FY2025 is currently pending upload to the Grant Finder Website.

- * 3652 COMMUNITY BUILDING PARTNERSHIP FUNDING—Mr Adam Crouch to ask the Minister for Planning and Public Spaces representing the Treasurer—

(1) Can the Treasurer advise if and when the Government will announce the opening of the 2024/25 Community Building Partnership Funding?

(a) When will the fund recommence?

(b) How much funding will be allocated to each electorate?

(c) Can you confirm if the fund will be amended in anyway and outline any proposed changes?

Answer—

I am advised:

The 2024-25 budget included funding for the program to continue. Details regarding the Community Building Partnership (CBP) program will be published on the NSW Government Grants and Funding Finder, <https://www.nsw.gov.au/grants-and-funding> when they are confirmed.

- * 3653 CROWN RESERVES IMPROVEMENT FUND—Mr Adam Crouch to ask the Minister for Planning and Public Spaces representing the Treasurer—

(1) Can the Treasurer advise if and when the Government will announce the opening of the 2024/25 Crown Reserves Improvement Fund?

(a) When will the fund recommence?

(b) Can you confirm if the fund will be amended in anyway and outline any proposed changes?

Answer—

I am advised this question is more appropriately directed to the Minister for Lands and Property.

- 3654 AGRICULTURAL LAND USE PLANNING—Mrs Helen Dalton to ask the Minister for Skills, TAFE and Tertiary Education representing the Minister for Agriculture, Minister for Regional New South Wales, and Minister for Western New South Wales—

- * 3655 CARP VIRUS BIOCONTROL—Mrs Helen Dalton to ask the Minister for Skills, TAFE and Tertiary Education representing the Minister for Agriculture, Minister for Regional New South Wales, and Minister for Western New South Wales—

Can the Minister advise:

- (1) What steps are being taken to progress research to investigate carp virus biocontrol?
- (2) When can we expect to see the rollout of the virus?

Answer—

- (1) The Government is supportive of any control measure to reduce the impacts of carp that has been thoroughly assessed and met all required regulatory approvals and relevant intra- and inter-government agreements.

There is further work to be done in researching and assessing the potential deployment of a carp virus biocontrol in Australia as per the guidance on the Australian Government website: <https://www.agriculture.gov.au/biosecurity-trade/pests-diseases-weeds/pest-animals-and-weeds/carp-biological-control-plan/national-carp-control-plan>

- (2) As there is further research and assessments needed, as well as approvals and agreements required, there is currently no date set.

- * 3656 CASHLESS GAMING TRIALS—Mrs Helen Dalton to ask the Minister for Aboriginal Affairs and Treaty, Minister for Gaming and Racing, Minister for Veterans, Minister for Medical Research, and Minister for the Central Coast—

Can the Minister advise when the results of a cashless gambling trial which took place at IGT-Club York between April 2023 and October 2023 will be made available to the public on the Liquor and Gaming website?

Answer—

- (1) The report has been referred to the Independent Panel on Gaming Reform to be considered in addition to the evaluation of the NSW cashless gaming trial. The Club York evaluation report will be published on the Liquor & Gaming NSW website after the Panel has considered the report and the peer-review process is complete.

- * 3657 SHERIFF STAFFING ISSUES—Mrs Helen Dalton to ask the Minister for Better Regulation and Fair Trading, Minister for Industry and Trade, Minister for Innovation, Science and Technology, Minister for Building, and Minister for Corrections—

- (1) Can the Minister advise why Sheriffs across the state have recently walked off the job for the fourth time in two months, closing local courts across the Murray electorate and putting additional pressure on court timetables?
- (2) What is being done to address staffing issues?

Answer—

I am advised:

The Member should direct the question to the Attorney General.

- * 3658 GAMBLING & PROCEEDS OF CRIME—Mrs Helen Dalton to ask the Minister for Aboriginal Affairs and Treaty, Minister for Gaming and Racing, Minister for Veterans, Minister for Medical Research, and Minister for the Central Coast—

What has the Minister done to ensure that money put through gaming machines in New South Wales pubs and clubs, which has been identified as the proceeds of crime, is being returned to victims?

Answer—

This is a matter does not fall within the Portfolio of Gaming and Racing. Proceeds of crime is a portfolio responsibility of the Attorney General.

LEGISLATIVE ASSEMBLY QUESTIONS AND ANSWERS
Thursday 24 October 2024

* 3659 IMAGINATION LIBRARY FUNDING COMMITMENT—Mrs Helen Dalton to ask the Deputy Premier, Minister for Education and Early Learning, and Minister for Western Sydney—

- (1) Can you confirm any plans to provide continued funding for the Imagination Library program for the full five-year term, specifically ensuring funding for the 2025-26 financial year, to allow the 13,200 children currently enrolled to continue benefiting from the program?
- (2) What is the rationale for terminating the program and to what extent were these financially motivated?
- (3) How does the NSW Government plan to support early literacy in disadvantaged communities if the Imagination Library funding is not extended to the fifth year?
- (4) Considering the collaborative partnerships with over 80 local organizations, how would the discontinuation of the Imagination Library affect community services and early childhood education in these areas?

Answer—

United Way Australia is delivering The Dolly Parton Imagination Library (the Library) in 25 Local Government Areas.

The NSW Department of Education (the department) is committed to every child in NSW having the best start in life and learning.

The department is working with United Way Australia on delivery of The Dolly Parton Imagination Library, including program arrangements for FY2024-25. The department is continuing to engage with United Way on this work.

The department also continues to develop enriching early childhood education programs for all children across the state. We have recently launched a range of state-wide programs that will directly support children across NSW to engage in early learning and uplift child outcomes, including the 2024 Start Strong Pathways program.

A best start also includes health, wellbeing and learning and through programs like Brighter Beginnings, we will continue to support children in their first 5 years in partnership with other government agencies and frontline professionals. More information can be found at <https://www.nsw.gov.au/family-and-relationships/early-child-development/initiatives-to-support-child-development>.

* 3660 NATIONAL PARKS FENCING—Mrs Helen Dalton to ask the Minister for Customer Service and Digital Government, Minister for Emergency Services, and Minister for Youth Justice representing the Minister for Climate Change, Minister for Energy, Minister for the Environment, and Minister for Heritage—

Can the Minister advise:

- (1) Why National Parks and Wildlife Services policy records boundary fences on their Asset Registers, but does not undertake repairs and maintenance on that fencing?
- (2) What figure was spent on National Parks and Wildlife Service boundary fencing in the Murray electorate in the 2023-2024 financial year?

Answer—

- (1) National Parks and Wildlife Services (NPWS) has a publicly available Boundary Fencing Policy. The policy of recording a boundary fence on the Department of Climate Change, Energy, the Environment and Water's Asset Management System enables NPWS to respond more efficiently to requests for assistance by park neighbours, as it provides a clear record of the original fencing works and the fencing agreement between NPWS and the landowner.
- (2) \$81,887.69 (excl GST).

- * 3661 PLANNING PROFESSIONALS—Mrs Helen Dalton to ask the Minister for Planning and Public Spaces representing the Minister for Planning and Public Spaces—

What is the Government doing to assist local councils in rural and remote areas attract planning professionals to help ease the backlog of planning proposals and progress critical building works?

Answer—

I am advised:

The NSW Government has introduced the Strong Start Program to provide support to councils in attracting and retaining planners. In May 2023, the NSW Government launched the Strong Start Cadetship Program, which provided \$1.85 million in grants to 74 councils to help councils pay tuition fees to support the employment of new locally based planning cadets. Of the 74 councils that applied for and received this funding, 60 of these councils were in rural and regional NSW.

The Strong Start Mentoring Program has also continued this year, which pairs up student or graduate planners in a council with experienced planners in either the Department of Planning, Housing and Infrastructure or another council to provide shared knowledge and expertise, professional networks, support and career development.

The NSW Government has also launched the Diploma of Local Government (Planning), which is run online through TAFE NSW and is specifically designed for young people looking to gain skills in para planning providing valuable support to planners. This is the first time that this qualification is offered at TAFE, and it is anticipated that this additional pathway will assist in building the pipeline of planners in NSW. The first intake for this course was fully subscribed in 2024, with enrolment including planning staff from five regional councils. TAFE has confirmed that enrolment for a second intake in 2025 will be commencing shortly.

These Government initiatives will assist in easing the backlog of planning proposals and development applications which some councils have.

This information is publicly available at <https://www.planning.nsw.gov.au/policy-and-legislation/planning-reforms/planning-delivery-unit/strong-start>

- * 3662 STUDENT LEARNING SUPPORT OFFICERS—Mrs Helen Dalton to ask the Deputy Premier, Minister for Education and Early Learning, and Minister for Western Sydney—

Can the Minister advise:

- (1) Are schools across New South Wales struggling to fund Student Learning Support Officers (SLOs)?
 - (a) Why?
- (2) Has there been a reduction in funding for Student Support Officers across the State?
 - (a) If so, why?

Answer—

As at 5 August 2024, the vacancy rate for Student Learning Support Officers (SLSOs) in NSW public schools is 5.52%. Schools can fund SLSOs to support students with disability through the Low Level Adjustment for Disability (LLAD) equity loading, Integration Funding Support (IFS) and other flexible components of their budgets. IFS and LLAD funding has not been reduced.

Every high school has a full time Student Support Officer (SSO). SSOs are also allocated to Central/Community Schools and Schools for Specific Purposes. SSOs are recruited and employed locally by schools. As an allocated staffing entitlement, SSOs will continue to support student wellbeing in all NSW public high schools, identified Central Schools and Schools for Specific Purposes. There has been no reduction in funding for Student Support Officers.

LEGISLATIVE ASSEMBLY QUESTIONS AND ANSWERS
Thursday 24 October 2024

- * 3663 ABORTION CARE REFUSAL—Mr Philip Donato to ask the Minister for Health, Minister for Regional Health, and Minister for the Illawarra and the South Coast—

Could you please advise, under what circumstances can a public hospital, and public hospital executive, refuse to provide abortion care, including social termination, to people who request it, if the same hospital has clinicians qualified and willing to provide this important reproductive health service, and sufficient resources to do so?

Answer—

The NSW Health Policy Directive Framework for Termination of Pregnancy in New South Wales ([PD2021_018](#)) outlines the legal framework for the Abortion Law Reform Act 2019 and associated legislation in relation to termination of pregnancy in NSW. The Policy Directive is available on the NSW Health website.

The policy does not make it mandatory for NSW Health services to provide abortion services. If termination services are not provided, the policy requires that referral pathways are in place to ensure women have timely access to care.

- * 3664 NSW 2024 DRUG SUMMIT—Mr Alex Greenwich to ask the Minister for Health, Minister for Regional Health, and Minister for the Illawarra and the South Coast—

- (1) When will the 2024 drug summit invitations for members of Parliament and stakeholders be sent for the:
 - (a) Regional forums?
 - (b) Sydney forum?
- (2) What work is being done to ensure that members can access accommodation at the regional forums?
- (3) Who is coordinating logistics for the regional forums?
- (4) What is the role and responsibility of the co-chairs?
- (5) How will delegates and guests be decided?
- (6) Has the government set a minimum for delegates with lived experience to ensure they are central to the summit?
 - (a) If so, what is that minimum?
- (7) When will agendas and guest speakers be publicly available?

Answer—

- (1 - 7) I'm advised:

Preparations for the NSW Drug Summit will be supported by NSW Health in close collaboration with other NSW Government agencies.

The NSW Government has appointed former NSW Deputy Premier Carmel Tebbutt and former NSW Leader of the Opposition John Brogden as Co-Chairs of the upcoming Summit. The Co-Chairs will work with attendees to develop and prioritise solutions that aim to improve the health and wellbeing of the community and address other important issues.

Attendance at the Summit is by invitation only. Participants will represent a broad range of interests and perspectives including community, families, carers and people with lived and living experience, non-government organisations, support organisations, clinical experts, NSW Police, Communities and Justice, and other government departments.

More information can be found at <https://www.health.nsw.gov.au/aod/summit/Pages/default.aspx>

- * 3665 URALLA POLICE STATION—Mr Brendan Moylan to ask the Minister for Police and Counter-terrorism, and Minister for the Hunter—

In relation to police officers stationed at Uralla Police Station:

- (1) How many police officers are currently based here?
- (2) Have police officers who have been assigned to Uralla been relocated to Armidale Police Station?
 - (a) If yes, why?
- (3) Was the police station closed for a period of time in 2024?
 - (a) If yes, why?

Answer—

I am advised:

- (1) Police Officers are generally allocated to Police Area Commands (PACs), Police Districts (PDs), or Specialist Commands, not to individual police stations. The NSW Police Force publishes information regarding police officer numbers in each PAC and PD in its annual report.

All police positions attached to PACs or PDs are flexible resources available to respond to incidents across the district. All local resources are supplemented by specialist police (highway patrol, major crime squads, covert resources), which are managed centrally but can be deployed across boundaries to meet changing community needs and respond to crime patterns and emerging issues. Staffing at any particular police station can fluctuate daily in response to crime trends and other intelligence-led operational requirements.

- (2) No.
- (3) The Uralla Police Station was unable to be occupied while mould removal and remediation works were carried out. Works were completed in April 2024 and Uralla Police Station has been functioning since that time.

- * 3666 MOREE HOSPITAL REDEVELOPMENT—Mr Brendan Moylan to ask the Minister for Health, Minister for Regional Health, and Minister for the Illawarra and the South Coast—

In relation to the Moree Hospital redevelopment:

- (1) Is a helipad included in the hospital redevelopment?
 - (a) If not, why not?

Answer—

I'm advised:

A helipad is not within the \$105 million Moree Hospital Redevelopment project scope. Moree Airport, located 3.7km from the hospital, will continue to be used for air ambulance and retrieval services.

Most aeromedical retrievals by helicopter are a direct scene response to patients.

- * 3667 OLD DUVAL HIGH SCHOOL SITE—Mr Brendan Moylan to ask the Deputy Premier, Minister for Education and Early Learning, and Minister for Western Sydney—

In relation to the old Duval high school site in Armidale:

- (1) Do you have plans to repurpose this building?
- (2) How can you ensure vandals and squatters don't access the site?

LEGISLATIVE ASSEMBLY QUESTIONS AND ANSWERS
Thursday 24 October 2024

Answer—

The Department of Education has advised that it has boarded up all ground-level windows at the school, fencing has been erected and security is called in for reported incidents or when alarms are triggered. It will continue to consider other opportunities to further secure the site as needed.

- * 3668 MALPAS DAM WALL FUNDING—Mr Brendan Moylan to ask the Minister for Health, Minister for Regional Health, and Minister for the Illawarra and the South Coast representing the Minister for Water, Minister for Housing, Minister for Homelessness, Minister for Mental Health, Minister for Youth, and Minister for the North Coast—

In relation to funding for the raising of the Malpas Dam wall:

- (1) On Tuesday 21 June 2022 the former Member for Northern Tablelands Adam Marshall announced \$27 million of funding for this project.
 - (a) Is this funding still available?
 - (b) If not, why not?
- (2) Will further funding be set aside for this project?

Answer—

I am advised:

- (1) In 2022, the former local MP Adam Marshall "announced" the former NSW Government was "reserving" \$27 million to raise the Malpas Dam Spillway. This did not happen. The funding was never allocated in the 2022-23 NSW Budget.

Funding for this project was never confirmed. Please direct any questions about that funding and announcement to former MP Adam Marshall and John Barilaro.
 - (2) The former Liberal/National Government did not commit any funds to the construction phase of the project, meaning the project is unfunded and cannot proceed as previously "announced" by Adam Marshall and the former National Government.
- * 3669 AVERAGE SPEED CAMERAS—Mr Brendan Moylan to ask the Minister for Regional Transport and Roads—

In relation to average speed cameras in regional New South Wales:

- (1) Do you have plans to install average speed cameras in regional areas?
- (2) If yes, will revenue raised go back to local councils rather than the State Government?

Answer—

I am advised

There are currently 25 average speed cameras lengths in Regional NSW and six in Greater Sydney. The NSW Government is continuing to expand the average speed camera network in line with the 2026 Road Safety Action Plan.

The Community Road Safety Fund (the Fund) is established in legislation that requires all fines from camera-detected speeding, red-light, mobile phone use and seatbelt offences to be used only for road safety purposes. Funds from camera detected fines are allocated to priority road safety programs, to deliver the 2026 Road Safety Action Plan. The NSW Government also provides additional funds to help deliver targeted road safety programs and reduce the number of deaths and serious injuries on our roads, including in local council areas.

The Fund has delivered programs that are saving lives and preventing serious injuries, including:

- The world's first mobile phone detection cameras.
- Delivery of life-saving infrastructure safety treatments across the road network Testing and rating of child car seats.
- High visibility police operations.
- Road safety education for children and young people.
- Road safety advertising campaigns.
- School crossing supervisors and flashing lights at schools.
- The Driver Licensing Access Program.
- Drink driving and drug driving reforms.
- New and used car safety ratings and vehicle research.
- Road safety education through partnerships with local governments, advocates and ambassadors.

* 3670 GP SHORTAGES—Mr Brendan Moylan to ask the Minister for Health, Minister for Regional Health, and Minister for the Illawarra and the South Coast—

In relation to comments made by Premier Chris Minns and the Parliamentary Secretary for Health Michael Holland:

- (1) How will the New South Wales Government work with the Commonwealth Government to address the General Practitioner shortage in regional areas?

Answer—

I'm advised:

General practitioner services and Medicare are primarily the responsibility of the Australian Government. However, NSW Health recognises that it has a role to play in supporting primary care, particularly in rural and regional NSW.

NSW Health is implementing strategies to help improve the availability of GPs in regional areas, including ongoing work to support the National Rural Generalist Training program and the NSW Rural Generalist Single Employer Pathway.

Priority one of the NSW Regional Health Strategic Plan 2022-32 is to strengthen the regional health workforce. The plan recognises improving key worker housing and other support as a key enabler for recruiting and retaining health workers in regional NSW.

The Final Report of the Mid-Term Review of the National Health Reform Agreement specifically acknowledged the challenges experienced in rural and regional health service delivery. The Report recommended that the next 5-year National Health Reform Agreement Addendum 2025 - 2030 should include clauses that clearly set out the roles and responsibilities in the governance of rural and remote health care provision, including the Commonwealth's stewardship role in ensuring the accessibility and sustainability of primary, aged and disability care in 'thin' rural and remote markets. This is being considered as part of negotiations for the 2025-2030 NHRA Addendum.

* 3671 ILLEGAL SALE OF TOBACCO—Mr Brendan Moylan to ask the Minister for Health, Minister for Regional Health, and Minister for the Illawarra and the South Coast—

In relation to the illegal sale of tobacco:

- (1) What are you doing to ensure the sale of illegal and counterfeit cigarettes is stopped?
- (2) How will you continue to monitor this situation?

LEGISLATIVE ASSEMBLY QUESTIONS AND ANSWERS
Thursday 24 October 2024

Answer—

I'm advised:

Illicit tobacco is a cross-jurisdictional issue managed at both national and state levels. NSW Health is an active partner in combined enforcement efforts.

The Australian Government is responsible for border control of illicit tobacco and the Illicit Tobacco Taskforce has been established to target and dismantle organised crime syndicates dealing in illicit tobacco.

On 1 July 2024, the Australian Government appointed the first Illicit Tobacco and Ecigarette-Commissioner to further address illicit tobacco and e-cigarette products.

NSW Health has an active compliance and enforcement program, enforcing tobacco and e-cigarette retailing laws and monitoring compliance with the legislation. This includes enforcing breaches related to selling illicit tobacco products, sale of illegal nicotine e-cigarettes, sale of tobacco or e-cigarette products to minors, and display and advertising restrictions.

NSW Health is engaging with other enforcement agencies and regulators at all levels and jurisdictions to address the issue of illegal tobacco in NSW.

* 3672 RECRUITMENT DRIVE FOR NURSES—Mr Brendan Moylan to ask the Minister for Health, Minister for Regional Health, and Minister for the Illawarra and the South Coast—

In relation to the recruitment drive for nurses in regional New South Wales:

- (1) What incentive payments are currently available for nurses to relocate to regional areas?
- (2) Are there plans for any other measures to be put in place to ensure the recruitment and retention of nurses in regional areas?

Answer—

I'm advised:

- (1) The Rural Health Workforce Incentive Scheme offers incentive packages of up to \$20,000 to nurses and other health workers relocating to work with NSW Health in the hardest-to-fill positions in rural and remote areas. Incentives can include an additional rural and regional health allowance, extra personal leave, travel assistance, and contributions to ongoing professional development. Accommodation assistance and, in some locations, relocation benefits are also available.
- (2) NSW Health is focused on strengthening the health workforce across all parts of regional NSW. As part of this commitment to attract additional skilled staff, the NSW Government doubled the incentives offered in the hardest-to-fill and critical locations from \$10,000 to \$20,000 in July 2023. This includes a new midwifery \$20,000 sign-on bonus for midwives relocating to regional, remote and rural NSW until 31 March 2025. These incentives can be offered to all eligible positions in line with NSW Health policy.

* 3673 CRIME IN BORDER COMMUNITIES—Mr Brendan Moylan to ask the Minister for Police and Counter-terrorism, and Minister for the Hunter—

In relation to crime in border communities such as Mungindi and Boggabilla:

- (1) Do you have plans to increase cross-border powers between New South Wales and Queensland so that Police on the border can arrest and detain offenders who cross the border?
- (2) What other measures are planned to ensure this crime is kept under control?

Answer—

I am advised:

Solid frameworks exist between the NSW Police Force and Queensland Police, who meet regularly to discuss and collaborate in addressing current crime trends and issues, sharing information and supporting all cross-border operations and crime issues.

It is not proposed that powers allowing for the arrest and detention of offenders who cross the border between NSW and Queensland be reviewed at this time. Legislative provisions already exist allowing for the arrest and detention of offenders who cross from Queensland to NSW in section 104 of the Law Enforcement (Powers and Responsibilities) Act 2002 (NSW) and those who cross from NSW to Queensland in section 37 4 of the Police Powers and Responsibilities Act 2000 (QLD).

On 12 March 2024, the NSW Government announced a \$26.2 million package of reforms and broader regional crime prevention initiatives to support community safety and wellbeing, particularly in regional NSW, with a focus on strengthening early intervention and prevention programs for young people, legislative reform, strengthened bail laws, a place-based response in Moree, and broader regional crime prevention initiatives.

The 'You Should Be A Cop in your Hometown' program will support regional police recruitment and ensure people from regional NSW serve in, or near, their hometown after they graduate from the NSW Police Academy.

The NSW Legislative Assembly's Committee on Law and Safety inquiry into community safety in regional and rural communities was announced on 20 March 2024. The inquiry will investigate actions the NSW Government can take to improve community safety. The inquiry will table a first report by 30 May 2025, with a final report due by 30 November 2025.

The NSW Police Force will continue to utilise appropriate proactive strategies to ensure the safety of people in cross-border communities and across NSW.

* 3674 KEY HEALTH WORKER ACCOMMODATION—Mr Geoff Provest to ask the Minister for Health, Minister for Regional Health, and Minister for the Illawarra and the South Coast—

Regarding the Government's commitment of \$200.1 million for key health worker accommodation across rural and regional New South Wales:

- (1) Has Tweed Heads been confirmed as a location?
- (2) Have any possible sites within Tweed Heads been identified?
 - (a) If yes, where are the identified sites?

Answer—

I'm advised:

The NSW Ministry of Health is working collaboratively with regional local health districts, NSW Ambulance, Albury Wodonga Health and other government agencies such as Homes NSW to address key health worker accommodation requirements in rural and regional NSW.

NSW Health is currently undertaking a prioritisation process with the above mentioned groups to determine areas of greatest need to receive funding under the Key Health Worker Accommodation program announced in the 2024-25 NSW Budget. Locations are still being determined.

* 3675 TWEED URGENT CARE SERVICE—Mr Geoff Provest to ask the Minister for Health, Minister for Regional Health, and Minister for the Illawarra and the South Coast—

Regarding the Tweed Urgent Care Service:

- (1) Will this service incorporate a physical location in the future, or will care remain home-based and only accessible by phoning healthdirect?

LEGISLATIVE ASSEMBLY QUESTIONS AND ANSWERS
Thursday 24 October 2024

Answer—

The Tweed Urgent Care Service provides an urgent care response across Tweed and surrounding areas 7 days a week from 8am to 8pm.

The service provides in-reach into aged care facilities and patients' homes, as well as an extended care paramedic service.

The Urgent Care Service is accessed via referrals from NSW Ambulance, emergency departments, the Patient Flow Portal, residential aged care facilities and e-referrals from general practitioners. As an in-reach service, this model does not have a physical location for walk-in patients.

- * 3676 HOMELESSNESS INNOVATION FUND—Mr Geoff Provest to ask the Minister for Health, Minister for Regional Health, and Minister for the Illawarra and the South Coast representing the Minister for Water, Minister for Housing, Minister for Homelessness, Minister for Mental Health, Minister for Youth, and Minister for the North Coast—

Regarding the \$100 million Homelessness Innovation Fund:

- (1) How will funding be allocated between metropolitan areas and rural and regional areas of New South Wales?
- (2) Will a percentage of the funding be quarantined for rural and regional Community Housing Providers?

Answer—

I am advised:

- (1) Funding has not been allocated between metropolitan, rural and regional areas.

Each application will be assessed against the grant guidelines. The guidelines are publicly available at <https://www.nsw.gov.au/grants-and-funding/reforming-temporary-accommodation-grant-hif> and <https://www.nsw.gov.au/grants-and-funding/service-reform-and-innovation-grant-hif>.

- (2) No.

- * 3677 DISPOSAL AND REUSE OF GOVERNMENT LAPTOPS—Mr Michael Regan to ask the Minister for Customer Service and Digital Government, Minister for Emergency Services, and Minister for Youth Justice representing the Minister for Climate Change, Minister for Energy, Minister for the Environment, and Minister for Heritage—

- (1) As part of Government waste reduction policies and strategies (including the Government Resource Efficiency Policy, NSW Waste and Sustainable Materials Strategy 2041 and the Circular Economy Policy Statement 2019), is there:
 - (a) Any centralised policy on how long Government agency laptop computers should be used before being replaced?
 - (i) If so, what does this policy specify?
 - (b) Any centralised oversight of the quantity of e-waste, including laptop computers, created by Government agencies?
 - (i) If so, is it known how many laptops are disposed of by Government agencies each year?
 - (1) If so, how many?
 - (c) Any centralised programs to ensure IT assets, including laptop computers, are reused and recycled across Government agencies?
 - (i) If so, what does this involve?

- (2) Who decides what happens to Government agency laptop computers when they are discarded?
- (3) What typically happens to Government agency laptop computers when they are discarded?
 - (a) Do we know how many laptops end up in landfill?
- (4) Are there any existing avenues for laptop computers no longer used by Government agencies to be donated to a charity that distributes laptops for reuse by priority groups in need?
 - (a) If so, what does this involve?
- (5) How would a charity that collects used laptops being discarded by large organisations approach the Government, from a whole-of-government perspective or an individual agency (starting with the Department of Climate Change, Energy, the Environment and Water), to propose collecting used laptops for reuse, to prevent them from being recycled prematurely, or worse, sent to landfill?

Answer—

- (1) There are no requirements relating to the use, reuse, disposal or recycling of government agency laptops in current NSW Government policies and strategies relating to waste reduction.
 - (a) The Department of Customer Service manages the whole of government contract for ICT End User Devices and Services Contract (C9826) and this contract provides that suppliers must ensure that disposal of equipment occurs in an environmentally appropriate manner. Questions relating to C9826 fall under the portfolio responsibility of the Minister for Customer Service and Digital Government.
 - (b) The Digital Information Office (DIO), based centrally in the Department of Planning, Housing and Infrastructure (DPHI) provides ICT services to Department of Climate Change, Energy, the Environment and Water (DCCEEW), DPHI and the Department of Primary Industries and Regional Development (DPIRD).
 - (c) DIO purchases laptops for DCCEEW under the C9826 All of Government Contract which includes a manufacturers' 4-year warranty which represents the minimum expected lifespan of a device.
- (2) DIO manages the decommissioning and disposal of laptop assets on DCCEEW's behalf through the terms of the C9826 contract. Laptops are disposed via certified suppliers under the Sustainable Electronics Reuse and Recycling (R2) Standard v3 (R2v3) and any proceeds of sale (less decommission and disposal costs) are offset against the costs of the C9826 service contracts.
- (3) DCCEEW devices are disposed via R2v3 certified suppliers, who assess laptops for potential resale in the second-hand market, harvest them for parts or recycle them. DIO's R2v3 certified suppliers do not dispose equipment to landfill.
- (4) End-of-life practices vary between government agencies. For DCCEEW, laptops are disposed via R2v3 certified suppliers who assess them for potential resale in the second-hand market.
- (5) Charities can contact the R2v3 certified suppliers on the contract and negotiate if it is possible to receive the laptops. The C9826 contract list of approved suppliers can be found at <https://www.info.buy.nsw.gov.au/contracts/ict-end-user-devices-and-services>.

* 3678 HOUSING SEPP AND FRENCHS FOREST TOWN CENTRE—Mr Michael Regan to ask the Minister for Planning and Public Spaces representing the Minister for Planning and Public Spaces—

- (1) Given the Frenchs Forest Town Centre site is already set to deliver 10-15% affordable housing under the Northern Beaches Affordable Housing Contributions Scheme, will developers get the 30% height and floor space ratio bonus, as per amendments to the Housing State Environmental Planning Policy?

LEGISLATIVE ASSEMBLY QUESTIONS AND ANSWERS
Thursday 24 October 2024

Answer—

I am advised:

Any local requirements for affordable housing do not count towards the minimum required affordable housing component under the in-fill affordable housing provisions of the Housing State Environmental Planning Policy (Housing SEPP). If a developer chooses to opt-in to the Housing SEPP scheme, its minimum affordable housing component needs to be met in addition to any requirements under a local policy or any planning agreement with a public authority.

More information on how the provisions operate can be found on the Department of Planning, Housing and Infrastructure's website at <https://www.planning.nsw.gov.au/policy-and-legislation/housing/housing-sepp/in-fill-affordable-housing>

* 3679 FOREST HIGH SCHOOL FRENCHS FOREST SITE—Mr Michael Regan to ask the Deputy Premier, Minister for Education and Early Learning, and Minister for Western Sydney—

- (1) What is the status of discussions and project management between the Department of Education and Property Development NSW in relation to the future use of the site of the current Forest High School, once it has been relocated (approx mid 2025)?
- (2) What are the timeframes and steps for the sale or transfer of the Forest High site from the Department of Education?
- (3) Who is the formal decision maker who signs off on the sale or transfer of the Forest High site?
- (4) Is there a value that the Department of Education is assuming they will receive from the sale of the Forest High site allocated to cover the costs of constructing the new Forest High School in Allambie Heights?
 - (a) If so, what is this figure?

Answer—

The Department is continuing to work with Property and Development NSW on the future divestment of The Forest High School site in line with the housing provision set out in the Frenchs Forest 2041 Place Strategy. The timing for the sale is set to align with the school relocation to the new site in 2025 and proceeds are expected to be returned to NSW Treasury.

* 3680 TOONGABBIE CREEK—Mr Mark Taylor to ask the Minister for Customer Service and Digital Government, Minister for Emergency Services, and Minister for Youth Justice representing the Minister for Climate Change, Minister for Energy, Minister for the Environment, and Minister for Heritage—

Regarding Toongabbie Creek, could the Minister please advise:\

- (1) When was the water quality last tested?
- (2) What is the frequency of water quality testing?
- (3) At what location of the creek is the water tested?

Answer—

- (1) Water within Toongabbie Creek was last sampled by the NSW Environment Protection Authority (EPA) on 3 May 2024.
- (2) Water quality testing of Toongabbie Creek is not performed by the EPA on a routine basis.

Toongabbie Creek primarily flows through the Parramatta City Council and Blacktown City Council areas. Blacktown City Council undertakes quarterly water quality monitoring and annual biological monitoring in the creek. Blacktown City Council's annual waterway health grades for Toongabbie Creek are published on Council's website www.blacktown.nsw.gov.au/Our-

[environment/Waterways/Interactive-waterway-map/Toongabbie-Creek](#). City of Parramatta Council undertakes five-yearly biological health surveys.

- (3) On 3 May 2024, samples were collected by the EPA from Toongabbie Creek, approximately adjacent to its intersection with Foundry Road, Seven Hills. Water quality testing of Toongabbie Creek at specified locations is not performed by the EPA on a routine basis.

Blacktown City Council undertakes its sampling of Toongabbie Creek close to the corner of Esther Street and Goliath Avenue.

- * 3681 TEMPORARY SHUT DOWN OF XPT TRAIN SERVICE—Mrs Tanya Thompson to ask the Minister for Regional Transport and Roads—

In relation to the temporary shut down of the XPT Train Service:

- (1) What was the Operational Issue that caused the shut down of this rail line?
 (2) Were consumers given less than 24 hours notice of the cancellation of the service?
 (a) If so, why was such short notice given?
 (3) How many customers in the Myall Lakes Electorate were affected by this cancellation?

Answer—

I am advised

- (1) XPT regional train services were replaced with road coaches between Sydney and Brisbane between 17 September 2024 and 24 September 2024 to minimise the impact of changed train staffing arrangements.

A road coach was already planned to operate between Casino and Brisbane between 17 September 2024 and 29 September 2024 due to planned trackwork as a result of the Queensland Rail's Cross River Rail project.

Train services were reinstated on 24 September 2024 between Sydney and Brisbane.

- (2) NSW Trainlink remains committed to providing passengers with the most up to date information about service delays and cancellations. NSW Trainlink uses contact information provided by passengers at the time of booking to send email and SMS notifications advising them of the change of service. Due to the short notice of changes to train staffing, some passengers were advised less than 24 hours that the train would be replaced with a road coach from Sydney, instead of Casino, and I understand this was not ideal for impacted passengers.
 (3) NSW Train link is only able to report the number of passengers alighting or joining a service based on the suburbs within the Myall Lakes Electorate and cannot report the total number of passengers in the Myall Lakes Electorate that were affected. As of 25 September 2024, based on tickets sold between 17 and 29 September 2024, there were a total 1462 passengers alighting/joining at Taree Station, with a further 243 passenger alighting/joining at Wingham station.

- (2) In relation to (Question 3578 [2]), what role does FLARE Lab (University of Melbourne) play in identifying and determining burn locations?
- (3) In relation to (Question 3578 [2]), what role does the BFMC play in identifying and determining burn locations?
- (4) In relation to (Question 3578 [3]), was the calculation of 129,711 properties determined by FLARE Lab using Phoenix?
- (5) In relation to (Question 3578 [3]), what was the shortfall of properties and hectares?
- (6) In relation to (Question 3578 [4]), did research by the CSIRO's 'Project Vesta' show that bushfire risk is primarily driven by understorey height and cover rather than by the weight of fuels?
 - (a) If so, can you list any changes to policies and protocols that recognise the hazard reduction value of long-unburnt forests with naturally open understoreys?
- (7) In relation to (Question 3578 [4]), did research by the University of Wollongong find that prescribed burning leverage is negative (that is, prescribed burning increases bushfire likelihood) in the South East Corner, South East Coastal Plain and New South Wales South Western Slopes Bioregions?

-
- (a) If so, has prescribed burning been discontinued in these bioregions, and if not, can you list the journal articles that justified this decision?
- (8) In relation to (Question 3578 [4]), did research by the University of Wollongong find that crown fire in the Sydney basin, Blue Mountains and Illawarra is most likely in areas that have been burned within the previous 5-15 years, and any form of canopy damage is unlikely by 30 years?
- (a) If so, can you list any changes to policies and protocols that recognise the hazard reduction value of long-unburnt forest in these regions, and if no such policies or protocols have been developed, can you list the journal articles that justified this decision?
- (9) In relation to (Question 3578 [4]), did analysis of New South Wales mapped fire records by the University of Wollongong find that bushfire likelihood was lowest in all long-unburnt forests and woodlands of the Australian Alps?
- (a) If so, can you list any changes to policies and protocols that recognise the hazard reduction value of long-unburnt forest in these forest types, and if no such policies or protocols have been developed, can you list the journal articles that justified this decision?
- (10) In relation to (Question 3578 [6]):
- (a) Was the south-west Australian prescribed burning program cited as evidence for the efficacy of prescribed burning in many bushfire inquiries informing New South Wales policy?
- (b) Was the only peer-reviewed analysis used to support the program found to falsely attribute bushfire reductions to prescribed burns that occurred after those bushfires had occurred?
- (c) Did peer-reviewed analysis of Western Australian mapped fire records find that prescribed burning in fact increased bushfire likelihood in those forests?
- (d) Was the Departmental rejection of that research found to depend upon a mathematical fallacy?
- (e) Has the Government responded to these findings, and if so what was the response?
- (f) If they were rejected, what journal papers have been used to justify that rejection?

4057 RESIDENTIAL CARAVAN PARKS—Mr Gareth Ward to ask the Minister for Better Regulation and Fair Trading, Minister for Industry and Trade, Minister for Innovation, Science and Technology, Minister for Building, and Minister for Corrections—
