2512 ALCOHOL RELATED VIOLENCE COUNTERMEASURES
MS NOREEN HAY to move—
That this House:
(1) Questions the policy of providing what is essentially a free bed and breakfast service for drunken revellers in Wollongong under the Government's scheme to prevent alcohol related violence.
(2) Notes that even after being dropped off at a sobering-up centre by police, it is not mandatory for that person to remain.
(3) Notes that those with traits notoriously associated with alcohol related violence, such as, being under age, aggressive, violent and injured will be denied entry to such centres.
(4) Acknowledges that, at a time when emergency services have been cut back, sobering-up centres will be taking police off the beat and may well become an incentive for a drunk to become disorderly to avoid the cost of a taxi fare home.
(5) Demands the Government review its proposed use of police time and resources and to look at alternatives to address alcohol related problems such as providing a taxi to those who would benefit from sobering up in their own bed.

(Notice given 26 February 2013—lapses 27 August 2013)

(Notice given 26 February 2013—lapses 27 August 2013)

2516 GREENSLIP PREMIUMS

MS NOREEN HAY to move—

(2) Acknowledges that since 2007, the average cost of compulsory third party insurance has increased by more than 65% in New South Wales making premiums the second highest in the country.

(3) Notes that the Premier is trying to claim that a no fault scheme will reduce premiums by 15%, but only after the increase of 10% already approved by the Government meaning that in real terms only a 5% saving will be made.

(4) Demands the Premier reverse this decision following the warning by legal experts that the proposed change to a no fault scheme will dramatically reduce benefits for victims.

(Notice given 26 February 2013—lapses 27 August 2013)

2517 HEALTH CARE BEDS DEFINITION

MS SONIA HORNERY to move—

That this House:
(1) Notes that the Government's recent definition of "bed" in the context of health care expands the term to refer to locations that could not be considered beds in the colloquial or dictionary sense.

(2) Acknowledges the importance of transparency and clarity in health care provision and government actions.

(3) Urges the Minister for Health to adopt the term "treatment spaces" as opposed to "beds" in the interest of transparency and clarity.

MS NOREEN HAY to move—

That this House:

(1) Notes with sadness the recent passing of Mrs Giulia Bonacina aged 92, a tireless worker for the Wollongong community.

HIS EXCELLENCY YUVAL ROTEM, AMBASSADOR OF ISRAEL

MS GABRIELLE UPTON to move—

That this House:

(1) Notes that His Excellency Yuval Rotem, Ambassador of Israel to Australia, will soon be leaving his post after six years.

(2) Notes that His Excellency was a regular visitor to the Parliament of New South Wales and in particular for the launch of the Parliamentary Friends of Israel.

(3) Notes that through personal warmth, ease and exceptional leadership His Excellency has built close and productive relationships within the Australian Jewish and broader community.

(4) Notes that His Excellency has made an outstanding and lasting contribution to the strong and enduring Israeli-Australian diplomatic relationship.

(5) Wishes His Excellency, and his wife Miri and their children, all the very best for their future ventures and notes that they will be sorely missed.

(Notice given 15 August 2013)

CHILD PROTECTION CASE WORKERS

MS NOREEN HAY to move—

That this House:

(1) Condemns the Government and the Minister for Family and Community Services for misleading the House in relation to the number of child protection case workers across New South Wales.
(2) Notes that this issue was raised by the Member for Wollongong during Question Time on the 28 February 2013 following the walk out by staff at the local Family and Community Service Office in Wollongong due to the death of a young child who was well known to the department but had slipped through the system due to severe staff shortages in the area.

(3) Notes the Minister stated that the total number of case workers had not changed and had "gone up slightly" contrary to the report of the Illawarra Mercury that 14 additional child protection case workers would be required to meet quotas.

(4) Calls on the Minister and the Premier to immediately address the issue of shortage in child protection case workers to ensure further deaths are prevented.
