

LEGISLATIVE ASSEMBLY

2015-16-17-18

FIRST SESSION OF THE FIFTY-SIXTH PARLIAMENT

QUESTIONS AND ANSWERS

No. 210

WEDNESDAY 24 OCTOBER 2018

The Questions and Answers Paper is published at the end of each sitting day and will contain, by number and title, all unanswered questions, together with questions to which answers have been received on that sitting day and any new questions. Consequently the full text of any question will be printed only twice: when notice is given; and, when answered. During any adjournment of two weeks or more a Questions and Answers Paper will be published from time to time containing answers received.

LEGISLATIVE ASSEMBLY QUESTIONS AND ANSWERS
Wednesday 24 October 2018

19 SEPTEMBER 2018

(Paper No. 201)

9263 CURBING HOUSING COSTS—Ms Sonia Hornery to ask the Minister for Planning, Minister for Housing, and Special Minister for State—

*9264 LAKE MACQUARIE TRANSPORT INTERCHANGE—Ms Sonia Hornery asked the Minister for Transport and Infrastructure—

Considering the Government's own projections for population increase in the western suburbs of Newcastle, can the Minister provide information on the status of the Lake Macquarie Transport Interchange at Glendale?

Answer—

I am advised:

Transport for NSW, in consultation with Roads and Maritime Services, Department of Planning and Environment and Lake Macquarie City Council, is finalising the Strategic Business Case for the Lake Macquarie Transport Interchange.

*9266 FUNDING AND ASSISTANCE FOR SMALL BUSINESS AFFECTED BY DROUGHT—Mr Philip Donato asked the Deputy Premier, Minister for Regional New South Wales, Minister for Skills, and Minister for Small Business—

- (1) What is the Government doing to assist small businesses across rural and regional New South Wales during this drought?
- (2) What funding is available to small businesses across rural and regional New South Wales to remain operational and retain staff during this drought?

Answer—

(1) Small businesses, including farm businesses, are able to access practical support through the Business Connect program, including advice on business planning and managing cash flow. A Business Connect resilience roadshow is under way including events in Cobar, Tibooburra and White Cliffs, in partnership with the Department of Primary Industries, RUOK and the Royal Flying Doctors. The Business Bus has been mobilised to provide information and advice to impacted communities.

In addition the Office of the NSW Small Business Commissioner (OSBC) is engaged with assisting small businesses in rural and regional areas through advocating on behalf of small business for support like payroll tax relief, and deferral of business activity statement (BAS) payments via the Australian Tax Office. OSBC mediation and dispute resolution services are also readily available to any business in need of assistance.

(2) The Government has committed more than \$1 billion to a drought relief package. Information about funding for farm businesses is available at www.droughthub.nsw.gov.au.

*9267 WESTMEAD PRECINCT PLAN—Ms Julia Finn asked the Minister for Planning, Minister for Housing, and Special Minister for State—

- (1) What is the estimated timeline for development of the draft Westmead Precinct Plan?
- (2) How many new homes will be accommodated in the:
 - (a) Westmead North sub-precinct;
 - (b) Westmead South sub-precinct?
- (3) When will the final Westmead Precinct Plan be exhibited?
- (4) When will a recommendation be made to the Minister for the finalisation of the Westmead Precinct Plan?
- (5) When will a rezoning determination on the Westmead Precinct be made by the Minister?

Answer—

I am advised that:

(1) and (3) The Westmead precinct will involve two planning process. Exhibition of draft plans is anticipated for 2019, although only Westmead South is likely to involve a rezoning \.

(2) As planning is in the early stages, the number of new homes that may be accommodated is not yet determined in either sub-precinct.

(4) and (5) The Department will make a recommendation for the finalisation of the Westmead South

Precinct Plan after public submission have been considered and any further technical work is undertaken.

*9268 M1 PRINCES HIGHWAY MOUNT OUSLEY INTERCHANGE—Mr Ryan Park asked the Minister for Roads, Maritime and Freight—

- (1) When will the detailed design for the M1 Princes Highway Mount Ousley Interchange be completed?
- (2) What are the funds allocated in the 2018-19 budget specifically for?
- (3) How much will the project cost to get to shovel ready?
- (4) What financial year will the project be ready for construction?

Answer—

I am advised:

A business case is currently being prepared. Timing and construction of the interchange upgrade will be subject to the business case. The funds allocated in the 2018-19 budget are for completion of the concept design and geotechnical investigations. Information about the Mount Ousley interchange is available on the Roads and Maritime Services website.

*9269 REMOTE AREA FIREFIGHTERS IN THE NATIONAL PARKS AND WILDLIFE SERVICES—Mr Ryan Park asked the Minister for the Environment, Minister for Local Government, and Minister for Heritage—

- (1) How many Remote Area Firefighters does the NSW National Parks and Wildlife Services currently have on permanent staff?
- (2) How many Remote Area Firefighters did the NSW National Parks and Wildlife Service have on permanent staff in each year from 2012 to 2017?
- (3) How many Remote Area Firefighters have left the employment of the National Parks and Wildlife Service since January 2017:
 - (a) Through redundancy;
 - (b) By any other means?
- (4) What plans are in place to replace the Remote Area Firefighters that have left the National Parks and Wildlife Service in preparation for the 2018-19 bush fire season?
- (5) Have all fire trails in the Illawarra Escarpment State Conservation Area been sufficiently cleared and made accessible, in preparation for the 2018-19 bush fire season?

Answer—

I am advised:

(1) to (4) On average, each year since 2012 the National Parks and Wildlife Service (NPWS) has employed approximately 550 staff accredited as remote area firefighters. This number varies slightly according to the annual completion or expiration of accreditation. Approximately 130 new staff are being recruited by NPWS, and additional courses will be rolled out to train new staff as firefighters.

(5) NPWS is completing its annual inspection and maintenance program. Fire trails are expected to be sufficiently cleared and made accessible by the end of October 2018.

*9270 REVIEW OF THE 3:24 PM SOUTH COAST TRAIN SERVICE—Mr Ryan Park asked the Minister for Transport and Infrastructure—

- (1) Considering that the 3:24 pm South Coast train service departing Central station has only 4 carriages, has the Minister requested the Transport planning unit or timetabling department review the 3:24 pm service?
 - (a) If so, what date was this review requested?
 - (b) If not, why not?
- (2) Will the Minister commit to the provision of extra carriages on the 3:24 pm South Coast Line service?
 - (a) If yes, when will this happen?
 - (b) If not, why not?

Answer—

I am advised:

As the Member is aware, following feedback from the community, a broad review of rail services and fleet availability across the network and the advocacy of Gareth Ward MP, Parliamentary Secretary for the Illawarra and South Coast, on 27 September 2018 the Government announced more capacity on the South Coast Line.

LEGISLATIVE ASSEMBLY QUESTIONS AND ANSWERS
Wednesday 24 October 2018

From January 2019, the 3.24pm and 3.54pm Central to South Coast Line services will operate as eight-car Oscar trains. This means that all services departing Sydney for the South Coast in the evening peak will be eight cars, rather than the current four car configuration on certain services. These changes are an important part of Stage 1 of the Government's \$1.5 billion More Trains, More Services program. The program boosts network capability, provides better infrastructure and represents the single largest increase in capacity on the network.

*9271 COMMERCIAL KANGAROO HARVESTING—Mr Philip Donato asked the Minister for the Environment, Minister for Local Government, and Minister for Heritage—

- (1) Considering the recent drought package announcements supporting and facilitating our farmers culling kangaroos, what considerations have been given to protect the commercial kangaroo harvesting by professional shooters?
- (2) What consultation was undertaken with the commercial kangaroo harvesting and professional shooting industries prior to the recent kangaroo culling announcements?
- (3) Will consideration be given to supporting commercial kangaroo harvesters, who play an important part in kangaroo management, by waiving or significantly decreasing costs, which include:
 - \$1.17 for each tag;
 - \$894.00 for annual licencing;
 - \$322.00 for annual crate accreditation;
 - \$255.00 every 5 years for accuracy testing?
- (4) Why is the Wallaroo now able to be culled by farmers but is still unable to be harvested by commercial harvesters?

Answer—

I am advised:

(1) to (4) Information about the changes to landholder licences and details about the quota for commercial harvesting of wallaroos may be found on the Office of Environment and Heritage website at www.environment.nsw.gov.au/wildlifelicences/licence-harm-kangaroos.htm

*9272 PER-AND POLYFLUOROALKYL SUBSTANCES FOUND IN BOTANY BAY—Ms Jo Haylen asked the Minister for the Environment, Minister for Local Government, and Minister for Heritage—

- (1) Considering that per-and polyfluoroalkyl substances (PFAS) were detected in Botany Bay as part of the Government's PFAS investigation program, what is the Government doing to manage the risks to the local community and environment?
- (2) Has the Environmental Protection Agency also tested other sites along the Cooks River for PFAS contamination?
 - (a) If so, what were the results?

Answer—

I am advised:

The Government has issued precautionary dietary advice to help regular consumers of fish caught in Botany Bay minimise their exposure to per-and polyfluoroalkyl substances (PFAS). Further information on the PFAS investigation program, including testing site locations is available at www.epa.nsw.gov.au.

*9273 PRE-SCHOOLS AND EARLY CHILDHOOD LEARNING CENTRES—Ms Jo Haylen asked the Minister for Education—

- (1) How many public schools in New South Wales are co-located with pre-schools or early childhood learning centres?
 - (a) Of these schools, how many are at 80 per cent or above enrolment capacity?

Answer—

I'm advised that:

The Department of Education allows the use of school facilities for children's services, including early childhood education care and out of school hours care, where it does not interfere with the provision of learning programs for students.

There are currently 203 public schools in New South Wales co-located with pre-schools or early childhood learning centres.

*9274 WESTCONNEX ACCIDENTS—Ms Julia Finn asked the Minister for Western Sydney, Minister for WestConnex, and Minister for Sport—

- (1) Since the reintroduction of the toll (to 19 September 2018) how many accidents have been recorded on the M4 Motorway, in each calendar week, at:
- (a) Church Street offramp;
 - (b) Woodville Road/Parramatta Road offramp;
 - (c) James Ruse Drive;
 - (d) Silverwater Road;
 - (e) Hill Road;
 - (f) Homebush Bay Drive;
 - (g) Concord Road/Parramatta Road?

Answer—

I am advised the preliminary crash data is available on interactive maps on the Centre for Road Safety website.

*9275 WENTWORTHVILLE PRECINCT PLAN—Ms Julia Finn asked the Minister for Planning, Minister for Housing, and Special Minister for State—

- (1) What is the estimated timeline for the development of the draft Wentworthville Precinct Plan?
- (2) How many new homes will be accommodated in the Wentworthville Precinct?
- (3) When will the final Wentworthville Precinct Plan be exhibited?
- (4) When will a recommendation be made to the Minister for the finalisation of the Wentworthville Precinct Plan?
- (5) When will a rezoning determination on the Wentworthville Precinct be made by the Minister?

Answer—

I am advised that:

(1) and (3) Planning for the Wentworthville precinct is at an early stage, with exhibition of a draft Precinct Plan anticipated in 2019.

(2) As planning is in the early stages, the number of new homes that may be accommodated is not yet determined.

(4) and (5) A recommendation will be made to the Minister for the finalisation of the Wentworthville Precinct Plan after public submissions have been considered and any further technical work is undertaken.

*9276 EQUITABLE PROTECTION FOR POLICE—Mr Philip Donato asked the Minister for Police, and Minister for Emergency Services—

Will consideration be given to providing equitable protection for injured police officers by delivering the same level of income protection provided to police officers aged 59 and under, to those police officers aged 60 and over?

Answer—

The Police Association has raised this matter with me. I have requested the advice of First State Super on possible options to resolve their concerns, and I have undertaken to update the Police Association in the coming months.

*9277 FUNDING FOR MAIN WESTERN RAIL LINE FEASIBILITY STUDY—Mr Philip Donato asked the Deputy Premier, Minister for Regional New South Wales, Minister for Skills, and Minister for Small Business—

Considering your announcement of funding for the feasibility study of a Canberra-Eden train line, will consideration now be given to the funding of a feasibility study for upgrades to the main western rail line to allow fast travel of the XPT replacement fleet of an average of 100 kilometres per hour between Lithgow and Orange, which would potentially reduce Orange to Sydney travel from 4.6 hours to a 3.7 hour journey?

Answer—

I am advised that this information is publicly available on the Future Transport website. I also refer you to LA Q8742.

LEGISLATIVE ASSEMBLY QUESTIONS AND ANSWERS
Wednesday 24 October 2018

*9278 PASSENGER NUMBERS AND THE CHANGE IN ROUTES AND TIMETABLES—Ms Sonia Hornery asked the Minister for Transport and Infrastructure—

- (1) How many passengers, on average, have made use of the following bus services per day since the changeover to the new routes and timetables:
 - (a) 12;
 - (b) 27;
 - (c) 24;
 - (d) 26;
 - (e) 46;
 - (f) 23?

Answer—

I am advised:

Without specifying which contract region you are referring to, I am unable to answer your question.

*9279 POLICE RECRUITS—Ms Sonia Hornery asked the Minister for Police, and Minister for Emergency Services—

- (1) How many recruits have graduated from Goulburn Police Academy since March 2011 (as at 19 September 2018)?
- (2) How many new officers have been allocated to the Newcastle local area command since March 2011 (as at 19 September 2018)?
- (3) How many new officers have been allocated to the Lake Macquarie local area command since March 2011 (as at 19 September 2018)?

Answer—

I am advised:

Information on the number of probationary constables that have attested from the Police Academy, as well as the location at which they will commence service, is made publicly available by the NSW Police Force at the time of each Attestation.

*9280 POLICE OFFICERS PER CAPITA—Ms Sonia Hornery asked the Minister for Police, and Minister for Emergency Services—

- (1) How many police officers per capita are stationed in local area commands located in the:
 - (a) Sydney metropolitan area;
 - (b) Newcastle local area command;
 - (c) Lake Macquarie local area command?

Answer—

I am advised:

Allocation of police resources is determined by the Commissioner of Police, based on operational need. Police Area Commands and Police Districts aim to ensure that there are an adequate number of police officers on duty to meet demand.

9282 CURBING ELECTRICITY PRICES—Ms Sonia Hornery to ask the Minister for Planning, Minister for Housing, and Special Minister for State representing the Minister for Resources, Minister for Energy and Utilities, Minister for Arts, Vice-President of the Executive Council—

*9284 MAULES CREEK GROUNDWATER SOURCE—Mr Alex Greenwich asked the Minister for Planning, Minister for Housing, and Special Minister for State—

- (1) How much water does the Department of Planning estimate that the Maules Creek Mine has extracted from the Maules Creek Groundwater Source so far this year (as at 15 August 2018)?
- (2) What connectivity exists between the porous rock and the Upper Namoi Zone 11- Maules Creek Groundwater alluvial aquifer?
 - (a) What is the source of this information?
- (3) Will the Department of Planning investigate whether the Maules Creek coal mine is complying with its approval condition to ensure water use is sustainable and equitable in light of the decline in the Maules Creek Groundwater aquifer and current and forecast drought conditions?

Answer—

- (1) Maules Creek Coal (MCC) estimates groundwater seepage into the mine from January to June 2018 was between 10 and 18 megalitres a month. Further information about groundwater extraction at the Maules Creek Coal Mine is in the company's Annual Review available at <http://www.whitehavencoal.com.au/sustainability/environmental-management/maules-creek-mine/>.
- (2) This is a matter for the Hon Niall Blair MLC, as Minister for Primary Industries and Minister for Regional Water.
- (3) Water take at the mine is regulated under the Water Management Act 2000 (the Act 2000) and associated Water Sharing Plans which set out the rules for the sustainable management of water resources in NSW. The project approval requires MCC to obtain relevant licences for its water take under the Act 2000, ensure that it has sufficient water for all stages of the project, and/or adjust the scale of mining operations to match its available water supply. The Department of Planning and Environment has no evidence to suggest the mine is not complying with these conditions.

*9285 8:02 AM TRAIN FROM INGELBURN—Mr Anoulack Chanthivong asked the Minister for Transport and Infrastructure—

- (1) Was the T8 train from Ingleburn railway station at 8.02 am on 21 August 2018 cancelled?
 - (a) If so, why?

Answer—

I am advised:

This information is publicly available. As the Member is aware, a new timetable was introduced on 26 November 2017 as part of Stage 1 of the NSW Government's \$1.5 billion More Trains, More Services program. The new timetable delivers up to 1,500 new train services across the network. These extra services are needed to address significant patronage growth on public transport and particularly on the Sydney Trains network. Since its introduction, the timetable has operated successfully, with services being delivered close to or above the 92 per cent reliability target. It is disappointing that NSW Labor has committed to cancelling a significant number of vital train services if it is elected in March 2019.

*9286 PARKING FINES AT EDMONDSON PARK STATION—Mr Anoulack Chanthivong asked the Minister for Transport and Infrastructure—

- (1) Is Sydney Trains issuing parking fines at Edmondson Park Station?
 - (a) If so;
 - (i) When did Sydney Trains start issuing fines at Edmondson Park Station;
 - (ii) How many have been issued at Edmondson Park Station?

Answer—

I am advised:

Sydney Trains Transport Officers conduct parking enforcement activities at various Sydney Trains Car parks, including Edmondson Park, to make our car parks safer for users and to ensure compliance with relevant legislation and regulation.

Issuing parking fines at our station car parks provides a deterrent to stop illegal parking which can often create safety issues. It is not uncommon for customers to double park, block exits, park in a disabled car spot, motorcycle parking bay or in no parking area.

*9287 RECORDING OF HOMICIDES IN NEW SOUTH WALES—Mr Paul Lynch asked the Minister for Police, and Minister for Emergency Services—

What steps will be taken to prevent the failure of NSW Police to properly record homicides in New South Wales?

Answer—

I am advised:

The NSW Police Force continually reviews its processes to improve the recording of incidents in COPS.

*9289 KORNS CROSSING BRIDGE—Ms Jodi McKay asked the Minister for Roads, Maritime and Freight—

- (1) When will construction commence on a new bridge over Rous River at Crystal Creek to replace the existing Korn's Crossing Bridge?
- (2) When will construction be completed?
- (3) What is the total cost of the project?
- (4) How much of the \$3 million allocated in the 2017-18 Budget has been spent to date (as at 19

LEGISLATIVE ASSEMBLY QUESTIONS AND ANSWERS
Wednesday 24 October 2018

September 2018)?

Answer—

I am advised:

Work started in 2017 to develop a number of options to construct a new bridge over Crystal Creek. Approximately \$610,000 has been spent to date on development work, including site investigations, assessments and design. The investigations identified upstream flooding issues resulting in changes to the scope and design of the bridge. Roads and Maritime is currently considering options.

*9290 METRO RAIL FARES—Ms Jodi McKay asked the Minister for Transport and Infrastructure—

Will fares on the new metro be set at or below existing train fares?

Answer—

I am advised:

This information is publicly available.

*9291 TRAIN CARRIAGE MAINTENANCE—Mr Ryan Park asked the Minister for Transport and Infrastructure—

- (1) What is the average length of the maintenance cycle for individual carriages on the South Coast Line?
- (2) How long on average are individual carriages not being used while they are being repaired?
- (3) What is the type of maintenance performed on the individual carriages to repair them?

Answer—

I am advised:

I refer you to my previous response, LA Q8771.

*9293 SOCIAL HOUSING MAINTENANCE IN THE KEIRA ELECTORATE—Mr Ryan Park asked the Minister for Family and Community Services, Minister for Social Housing, and Minister for the Prevention of Domestic Violence and Sexual Assault—

- (1) How many maintenance requests are currently outstanding for social housing properties within in the Keira electorate?
- (2) How long on average does it take for the maintenance issue to be fixed, once a social housing tenant reports a maintenance issue to Housing New South Wales?
- (3) What percentage of tenants in the Keira electorate have spent their own money on property maintenance over the last five years?

Answer—

I am advised that the number of maintenance requests changes daily.

I am further advised that information on the Department of Family and Community Services' maintenance program, including response times, is available at <https://www.facs.nsw.gov.au>.

*9294 ESTABLISHMENT OF A MEMORIAL TO THE INNER WEST GOODS LINE—Ms Jo Haylen asked the Minister for Transport and Infrastructure—

- (1) Does Transport NSW and Sydney Trains support the establishment of a memorial to the Inner West Goods Line at Lewisham West Light Rail Station as proposed by the Inner West Environment Group?
 - (a) If so, how is Transport NSW or Sydney Trains assisting the Inner West Environment Group to progress their proposal?

Answer—

I am advised:

Transport for NSW supports the memorial in principle. Transport for NSW will give further consideration to the proposal once the Inner West Environment Group submits a detailed project plan, scope of works and funding arrangements.

*9295 YASMAR ESTATE LAND—Ms Jo Haylen asked the Minister for Lands and Forestry, and Minister for Racing representing the Minister for Primary Industries, Minister for Regional Water, Minister for Trade and Industry—

- (1) Has the Department of Industry signed a Memorandum of Understanding with Property NSW to take control of the lands constituting the Yasmar Estate?
- (a) If so:
- (i) Does this Memorandum of Understanding allow Property NSW to sell, lease or subdivide the lands constituting the Yasmar Estate?
 - (ii) Will Property NSW sell, lease or subdivide the lands constituting the Yasmar Estate?
 - (iii) Has the Department of Industry consulted with Juvenile Justice NSW, Inner West Council, Haberfield Public School or the Department of Education, the Office of Environment and Heritage, or the Haberfield Association on the signing of this Memorandum of Understanding or the future uses of the site?

Answer—

- (1) No.
(a) Not applicable.

*9296 MANAGEMENT OF ILLICIT DRUGS IN NEW SOUTH WALES—Ms Jo Haylen asked the Minister for Police, and Minister for Emergency Services—

Considering revelations that drug enforcement data has been erroneously double-counted by the NSW Bureau of Crime Statistics and Research, how can the community have confidence in the Government's approach to managing illicit drugs?

Answer—

I am advised:

The Government remains committed to combating illicit drugs through a multi-pronged approach, including both law enforcement and harm-reduction initiatives.

*9298 PRODUCTS OF WESTCONNEX SUPPLIER—Ms Jo Haylen asked the Minister for Western Sydney, Minister for WestConnex, and Minister for Sport—

- (1) Is the Government aware that products at MOITS - a major supplier for road base for the WestConnex project - has again been identified by the Environmental Protection Agency as containing asbestos?
- (a) If so, can the Government guarantee that communities along the WestConnex route have not been exposed to asbestos from products supplied by MOITS?
- (2) What efforts have been undertaken to protect residents?

Answer—

I am advised that WestConnex contractors have strict protocols in place with their suppliers to ensure the quality of materials used meets Environment Protection Authority standards.

*9299 FEE FOR BEE HIVE REGISTRATIONS—Ms Jo Haylen asked the Minister for Lands and Forestry, and Minister for Racing representing the Minister for Primary Industries, Minister for Regional Water, Minister for Trade and Industry—

Does the Government still plan to introduce a flat fee for bee hive registrations and eliminate seniors discounts at the end of the current freeze period, even though this will likely deter amateur beekeepers from registering their hives and further put biosecurity at risk?

Answer—

Due to the current drought conditions, the Government has waived fees for commercial grower access to public land. There are no plans to introduce a flat fee for bee hive registration and eliminate senior discounts.

The Department of Primary Industries (DPI) works in close partnership with the honey bee industry through the NSW Bee Industry Biosecurity Consultative Committee. The committee and DPI do not support introduction of a flat fee or the removal of concessions within the beekeeper licencing scheme.

DPI encourages all beekeepers to be registered for the good of the industry. All of the fees raised through beekeeper registration are spent directly on industry biosecurity to support:

- an expanded surveillance program for exotic pests and diseases
- employment of a second bee biosecurity officer to work closely with recreational beekeepers across the state
- important initiatives like the American Foulbrood Minimisation Strategy 2018-2023 which aims to

LEGISLATIVE ASSEMBLY QUESTIONS AND ANSWERS
Wednesday 24 October 2018

tackle one of the most serious biosecurity issues for honey bees in Australia.

*9300 VERIFICATION OF PAYMENT FOR TRANSIT—Ms Jo Haylen asked the Minister for Transport and Infrastructure—

- (1) Is it correct that Transit Officers are unable to verify whether passengers have paid their transit fare using contactless payments where it is being trialled?
- (2) How much does the Government estimate has been lost to fare evasion during that time?

Answer—

I am advised:

Transport Officers, Authorised Officers and Police are deployed across the network to deter fare evasion and ensure fare compliance. These authorised officers will be ensuring customers tap on and off with an Opal Card, Opal Single Trip Ticket, or Contactless Payment Card before boarding ferry or light rail services during the trial.

Opal cards and single trip tickets are not always available at wharves or light rail stops and the expansion of the contactless trial means there are now no excuses for adult customers caught travelling on ferry or light rail services without having tapped on.

*9301 MAULES CREEK GROUNDWATER SOURCE—Mr Alex Greenwich asked the Minister for Lands and Forestry, and Minister for Racing representing the Minister for Primary Industries, Minister for Regional Water, Minister for Trade and Industry—

- (1) What assessment have you made of data from the Department suggesting that declining water levels of the Maules Creek Groundwater Source are not natural but due to a lack of flow in the perennial reaches of Maules Creek at Elfin Crossing?
- (2) What connectivity exists between the porous rock and the Upper Namoi Zone 11- Maules Creek Groundwater alluvial aquifer?
 - (a) What is the source of this information?
- (3) What guarantees can you provide that the Maules Creek coal mine is not taking excessive water from the Maules Creek Groundwater source?
- (4) What impact has the extraction of Maules Creek Groundwater by the Maules Creek coal mine had on groundwater users that existed before the mine commenced operations?
- (5) What assessment have you made on how triggers used in the past to restrict groundwater extraction of the Maules Creek Groundwater source compare to current conditions of the groundwater source?
- (6) When will you implement a temporary water restriction order for the Maules Creek Groundwater source to protect the aquifer and groundwater dependent ecosystem communities?

Answer—

(1) Historically, flow stops at Elfin Crossing with any extended period of dry weather such as the current conditions. Department of Industry has made available the Maules Creek Data Package to assist the community in understanding groundwater and surface water trends in the Maules Creek area. The data package is available at: www.industry.nsw.gov.au/_data/assets/pdf_file/0018/172107/Maules-Creek-data-package.pdf.

(2) The hydraulic connection between these two groundwater systems is very low.

(a) Data from the nearby mines monitoring network and a number of government monitoring bores in the area provide independent groundwater data.

(3) and (4) The mine is operating in a different groundwater system from the alluvial aquifer along the upper section of Maules Creek.

(5) During the millennium drought, irrigation bores were restricted; currently these bores are not active and are therefore not having an impact on the groundwater source so there is no need for restrictions to be in place.

(6) At this time there is no demonstrated need for a temporary water restriction on the taking of water from Maules Creek.

*9302 PUBLIC HOUSING IN THE CANTERBURY ELECTORATE—Ms Sophie Cotsis asked the Minister for Family and Community Services, Minister for Social Housing, and Minister for the Prevention of Domestic Violence and Sexual Assault—

What percentage of new development in the Canterbury electorate will be allocated public housing under the priority precincts plan?

Answer—

I am advised that information on planned precincts can be found at: <https://www.planning.nsw.gov.au/Plans-for-your-area/Priority-Growth-Areas-and-Precincts>

I am further advised that information on the Government's investment in social and affordable housing is available at: <https://www.socialhousing.nsw.gov.au>

20 SEPTEMBER 2018

(Paper No. 202)

- 9303 DISABILITY CONFIDENT EMPLOYEES AND EMPLOYERS—Ms Liesl Tesch to ask the Minister for Multiculturalism, and Minister for Disability Services—
- 9304 EMERGENCY DREDGING WORK IN THE ETTALONG CHANNEL—Ms Liesl Tesch to ask the Minister for Lands and Forestry, and Minister for Racing representing the Minister for Primary Industries, Minister for Regional Water, Minister for Trade and Industry—
- 9305 SMOKING IN PUBLIC HOUSING—Ms Jenny Leong to ask the Minister for Family and Community Services, Minister for Social Housing, and Minister for the Prevention of Domestic Violence and Sexual Assault—
- 9306 POLICE EVENT NUMBERS FOR NEIGHBOURS—Ms Jenny Leong to ask the Minister for Police, and Minister for Emergency Services—
- 9307 PROJECTED CONTAINER TRADE AT NSW PORTS—Mr Tim Crakanthorp to ask the Minister for Roads, Maritime and Freight—
- 9310 EXTENSION OF AUDITOR-GENERAL'S FUNCTIONS—Ms Tania Mihailuk to ask the Treasurer, and Minister for Industrial Relations—
- 9311 SOCIAL AND COMMUNITY SERVICES EQUAL REMUNERATION ORDER SUPPLEMENTATION FUNDING—Ms Tania Mihailuk to ask the Minister for Mental Health, Minister for Women, and Minister for Ageing—

- *9316 NET ZERO EMISSIONS BY 2050—Ms Jodie Harrison asked the Minister for Planning, Minister for Housing, and Special Minister for State—

What other policies are being created by the Department of Planning to achieve the Government aspiration target of net zero emissions by 2050 similar to the Greater Newcastle Metropolitan Plan 2036 14.2?

Answer—

We have guidelines that support the development of renewable energy projects that are State significant development. One of these is for wind energy and we're about to finalise another for solar. However, I'm not sure that these guidelines address the Question on Notice. The Greater Sydney Commission has the Greater Sydney Region Plan, which looks like a close cousin of the Greater Newcastle Metropolitan Plan and has a similar zero emissions by 2050 objective. - *9329 CBD AIR QUALITY—Mr Alex Greenwich asked the Minister for the Environment, Minister for Local Government, and Minister for Heritage—
- (1) Does Sydney air quality meet World Health Organisation standards?
 - (2) How does the Government monitor and assess air quality in the Sydney CBD?
 - (3) What is the rationale for not having an air quality monitoring station in the central Sydney area given the population density and large numbers of people living, working and visiting this precinct?
 - (4) Does the Government consider that monitoring air quality at Randwick, Rozelle or Earlwood accurately assesses air quality in the CBD?
 - (5) Is the Government considering new technologies to harness citizen led air quality monitoring projects to increase the scale and accuracy of this data?
 - (6) What strategies is the Government using to address climate change impacts on air quality including increased dust and bushfires and higher ozone levels?
 - (7) Considering motor vehicles are the single largest contributor to key air pollutants, vehicle kilometres travelled is increasing and the Government is building motorways to bring more vehicles into central Sydney, what strategies is the Government using to address increasing transport emissions?
 - (8) When does the Government intend to release its promised 'Clean Air for NSW 2017-27' plan?
 - (9) What further action will the Government take to improve Sydney air quality?

Answer—

I am advised:

- (1) Yes, however Sydney air quality may occasionally not meet World Health Organisation (WHO) guidelines during periods of dust storms, bushfires and hazard reduction burns.
- (2) to (4) The Government committed to expanding the NSW Air Quality Monitoring Network to include a new monitoring station in central Sydney. Work is underway to secure a suitable site. More broadly, the Network provides robust information on air quality based on data from monitoring stations at Lindfield, Rozelle, Randwick, Chullora, Earlwood and Macquarie Park.

- (5) Yes. The Government continually considers new and better ways to deliver services, including air quality monitoring projects.
- (6) The Government has committed to managing the environmental impacts of climate change, including on air quality, under the NSW Climate Change Policy Framework.
- (7) The Commonwealth Government administers motor vehicle emissions standards through the Australian Design Rules and motor vehicle fuel quality standards through the Fuel Quality Standards Act 2000 (Commonwealth).
- (8) Clean Air for NSW is being considered by Government.
- (9) OEHL and the NSW Environment Protection Authority (EPA) will continue to address air pollution by developing and implementing regulation policies and programs. www.environment.nsw.gov.au/topics/air

- *9365 PROCUREMENT RECYCLED MATERIALS AND GOODS—Mr Alex Greenwich asked the Minister for the Environment, Minister for Local Government, and Minister for Heritage—
(1) What requirements does the Government have to ensure that all New South Wales government

agencies and projects purchase recycled and recyclable materials and goods?

- (2) What mandatory targets does the Government set, how are these monitored and how are results made public?
- (3) What further action will the Government take to lead by example and build a domestic market for recycled materials and goods?

Answer—

I am advised :

(1) and (2) This is a matter for the Minister for Finance, Services and Property.

(3) The Government has committed to developing a Circular Economy Policy to examine options for boosting the domestic market for recycled goods and products.

9366 GROWTH OF INFILL AREAS—Ms Julia Finn to ask the Minister for Planning, Minister for Housing, and Special Minister for State representing the Minister for Resources, Minister for Energy and Utilities, Minister for Arts, Vice-President of the Executive Council—

9373 NATIONAL DISABILITY INSURANCE SCHEME CUSTODIAL SENTENCES—Ms Kate Washington to ask the Minister for Counter Terrorism, Minister for Corrections, and Minister for Veterans Affairs—

*9374 RELEASING WATER FROM GROUND RESERVOIRS AND DAMS—Mr Philip Donato asked the Minister for the Environment, Minister for Local Government, and Minister for Heritage—

Considering that stock fodder supplies are diminishing and increasingly difficult to source, will you consider releasing water from ground reservoirs and dams, of which a large percentage is held for environmental purposes, to farmers as a water allocation for the purpose of growing fodder crops which could then be harvested to supply the farmers of New South Wales to keep stock alive through this drought?

Answer—

I am advised that:

Up to 15,000 megalitres of NSW water previously reserved for environmental purposes has been made available for purchase by farmers in the Gwydir, Macquarie, Lachlan, Murrumbidgee and Murray-Lower Darling valleys. Proceeds raised from purchases of this water will be held in trust with the Department of Primary Industries and used for priority drought-related projects. The sale of this water is complete.

The sale of 450 megalitres of groundwater held by the Office of Environment and Heritage in the lower Murrumbidgee region is now complete.

Borrowing provisions in the water sharing plan are the responsibility of the Minister for Primary Industries.

*9381 CHARGES LAID FOR HARMING A THREATENED SPECIES—Ms Tamara Smith asked the Minister for the Environment, Minister for Local Government, and Minister for Heritage—

(1) Did the Office of Environment and Heritage receive identifying details from the Roads and Maritime Service (RMS) about the driver of a vehicle who reportedly disobeyed traffic directions and ran over a koala trapped in the St Helena tunnel on the Pacific Highway, Byron Shire in 2017?

(a) If yes, were charges against the driver considered or laid for harming a threatened species?

(b) If charges were not considered or laid, why not?

Answer—

I am advised:

Roads and Maritime Services provided the Office of Environment and Heritage (OEH) with the information requested.

OEH investigated but found no evidence to suggest the driver intentionally hit the koala. OEH issued an advisory letter reminding the driver of their legal responsibilities.

 - (b) High School?
- (5) How many casual teachers are registered with the new ClassCover website for the Newcastle and Hunter Region to teach:
 - (a) Infants/Primary at 14 September 2018?
 - (b) High School at 14 September 2017?
- (6) Will the Government consider providing adequate levels of inbuilt permanent teacher relief?
- (7) What incentives is the Government providing to attract and retain casual teachers in public schools?

Answer—

I'm advised:

Teachers were reallocated so classes could be covered at the schools on both the abovementioned days.

The department is reviewing the provision of contingent workforce support. Modelling is underway to better understand patterns of need in order to develop a new model of support for 2019.

This model will be developed in consultation with stakeholders, including the NSW Teachers Federation.
