

Inquiry into the procurement of government infrastructure projects

Terms of reference

That the Committee inquire into, and report on, world's best practice with regard to the procurement of government infrastructure projects with particular reference to:

1. the best process of gateway decision making on the efficacy of public private partnerships compared to other procurement methods;
2. the best procurement process and documentation;
3. the desirability of the standardisation of procurement processes and documentation;
4. the desirability of a standard national process and documentation for the delivery of government infrastructure within a federal structure;
5. methods to minimise the cost of contractors tendering for the supply of services with respect to government infrastructure;
6. methods to achieve optimal contestability in tendering for the supply of services with respect to government infrastructure; and
7. any other related matter.
