

Physical health of Police and Emergency Services Workers

Terms of reference

That the Legislative Assembly Committee on Law and Safety inquire into and report on the physical health of police and emergency services workers in NSW, with particular reference to:

- a) How the physical health of police and emergency services workers impacts the performance of their duties
- b) What the physical entry requirements for police and emergency services workers are and identifying areas for improvement
- c) Any impacts on workplace management for police and emergency services organisations; and
- d) Any other related matters
