

## PARLIAMENT OF NEW SOUTH WALES

Joint Standing Committee on Road Safety (Staysafe)

### Electric and hybrid vehicle batteries

#### Terms of reference

That the Joint Standing Committee on Road Safety inquire into and report on:

- (a) the risk and management of fires and other issues caused by batteries in electric and hybrid vehicles, including light electric vehicles
- (b) the risk to workers in the automotive industry and emergency services personnel caused by batteries in electric and hybrid vehicles
- (c) the adequacy of training and equipment for workers in the automotive industry and emergency services personnel regarding potential hazards of batteries in electric and hybrid vehicles
- (d) any other related matters.
