HELPING REGIONAL STARTUPS GROW

The Sydney Startup Hub is an exciting and ambitious initiative.

An Australian first, it will cement Sydney's position as a world-leading startup location and innovation destination serving the metropolitan, regional, national and international startup community.

Today, close to 1,500 entrepreneurs are located within the Sydney Startup Hub (SSH), with access to facilities including dedicated desks, community and event spaces, a 110-seat theatre, café, free wifi and bookable meeting rooms.

The Regional Landing Pad is a dedicated startup space for entrepreneurs based outside Sydney.

WHY YOU SHOULD PLAN A VISIT

Supporting regional entrepreneurs is a priority for the NSW Government as they are essential to the growth of their local communities.

The Regional Landing Pad is a free and dedicated space allowing regional visitors to:

- Create a base in Sydney for up to three days at a time where they can meet like-minded entrepreneurs
- Meet potential investors, supply chain partners or service providers, whether in the community space or the Regional Landing Pad itself
- Attend events and networking sessions hosted by the anchor incubator tenants (Fishburners, Stone & Chalk, Tank Stream Labs, The Studio) or other incubators, corporates, industry associations or channel partners
- Tap into nearby universities that can provide research, equipment and expertise to validate technical aspects of your solution
- Learn more about some of the global and national accelerator programs that operate inside the SSH including Microsoft ScaleUp, Caltex C-lab and the Transport for NSW Future Transport Digital Accelerator.
