

Answer to question on notice – Tasmania Police

Acting Commander ELMER: Sorry, just specifically you were referring to the 253 charges since 2008—what was the question relating to that figure?

Mr JUSTIN CLANCY: That was the number of charges laid, I understand. Do we have a sense of how many of those actually went through to a successful prosecution?

During the hearing and in our previous submission we indicated that 253 charges had been laid across both offences. As per below, 191 of those charges have been finalised through either a guilty or not guilty finding. A number remain pending before the court and some may have been discontinued prior to the court appearance. I advise the following figures in respect to charges that have been finalised in the court:

Court Outcomes (to 12 January 2021)	Emotional abuse or intimidation	Pursue a course of conduct constituting economic abuse	Grand Total
GUILTY	114	2	116
Convicted	102	2	104
Not Convicted	12	0	12
NOT GUILTY	66	9	75
Dismissed	60	9	69
Withdrawn	6	0	6
