Dear Committee

**Inquiry into Improving crisis communications to culturally and linguistically diverse communities**

Thank you for the opportunity to respond to the Question on Notice from Ms Jenny Leong MP, requesting a statistical breakdown of the fines issued during COVID and how that relates to people from culturally and linguistically diverse communities.

I can advise that the NSW Police Force does not seek or capture any information that identifies the cultural background, or languages spoken, of people issued with infringement notices. Data is available regarding the locations in which infringements were issued during COVID, should the Committee consider this useful.

Yours sincerely
