Dear Legislative Assembly Committee on Law and Safety,

In reviewing the uncorrected transcript of evidence – 24 February 2025 - Inquiry into Community Safety in Regional and Rural communities, I have identified the following mistake of fact:

- On page 63, paragraph two, the transcript notes that TAFE has “150 active campuses across New South Wales”. This should be corrected to “**over** 150 active campuses” as TAFE NSW is delivering services from 154 locations across NSW.
- The statement was intended to provide an indication of the scale of TAFE NSW’s footprint across the State, rather than to state the precise number of TAFE NSW campuses within NSW.

Yours sincerely,

  
Alison McGarrin  
Chief Student and Community Officer
