PR13/11869

Mr Charles Casuscelli MP
Chair
Committee on Transport and Infrastructure
Member for Strathfield
Parliament of NSW
Macquarie Street
SYDNEY NSW 2000

Dear Mr Casuscelli

I refer to your letter of 12 September 2013 to Mr Wielinga, in which you provided several further supplementary questions relating to the Committee for Transport and Infrastructure's work as part of the Inquiry into Road Access Pricing in NSW.

Please find attached answers to the Committee's supplementary questions.

Yours sincerely

Tony Braxton-Smith
A/Director-General

25.09.13

Answers to further supplementary questions

1. **a to c)** The NSW Government will invest \$5.1 billion to build and maintain critical road and maritime infrastructure across NSW in 2013-14, including \$1.5 billion to maintain the State's existing roads.

This means that in the past three years, the State Government has provided almost \$15 billion for the State's roads, bridges and wharves.

d) I am advised that, as of June 2013, approximately 11.2% of the State Road network was over 50 years old.

e) Historically, road construction costs in NSW have increased at a faster rate than the Australian Consumer Price Index.

2. The NSW Government has committed more than \$770 million to the Transport Access Program.
3. A list of projects under the Transport Access Program which have been completed and opened to the public since April 2012 is at **Attachment A**.

A list of projects under the Transport Access Program on which planning work has been completed and construction has commenced is at **Attachment B**.

A list of projects under the Transport Access Program on which planning and design work has commenced is at **Attachment C**.
