

Dear Committee,

I live in a town called Tyalgum, 25 kms east of Murwinlumbah, northern NSW (2484).

I have been trying for the last four (4) years to get Broadband...without success... We are about 35 family in the same position all eager to have broadband ...but to NO avail.????

Lucky Country you said !!!!!

Despite numerous calls ,emails, to Helen Coonan it took her / staffs well over nine months to reply to my emails and again , did not read it as she was "flogging" her own party and the good of "little Johnny" ....

P.S. By keeping ONLY Telstra, all other network/providers are unable to access our lines ..Telstra owned( government)...but we keep paying the old amigo "Sol" his bonus and shares ...!!!!

You can reach me. on
