Standing Committee on Broadband  
in Rural and Regional Communities  
Parliament of New South Wales  
Macquarie Street  
Sydney 2000

8 April 2008

Dear Madam

Re your letter to me dated 11-3-08 suggesting a further submission on broadband, I would like to add further ideas to my submission No 8. Please see find details below.

Sincerely,

Mr. R.A. Coleman

---

I reside in a self-care unit at a retirement village and would like to have broadband available to the units via wireless or other means from a central source such as the administrative building.

As mentioned in submission No 8 it concerns me that many pensioners of limited means cannot afford the expense of connecting to the internet.

Again I mention that I believe keeping the minds of the elderly active could lead to improved health and could be cost effective.

Mr R A Coleman
