Dear Sirs/Mesdames:

Reference MP David Berger's letter to me dated Feb 11 2008 regarding harassing of would-be voters at the last elections, herewith an idea that occurred to me recently "

Perhaps members of an incognito group could approach the harassed voters in a non-partisan manner and take notes? Other members could judiciously take photographs of harassers harassing. And/or discreet video-taping should also provide graphic evidence of the tactics of the offenders.

Sincerely,

cc. David Berger, MP
State Member for Granville

Merrylands, NSW 2160
