Macquarie Street  
Sydney NSW 2000

Dear Sir,

Submission On Infrastructure Provision In Coastal Growth Areas.

HARRINGTON  
NSW 2427

The current population of Harrington is around 2000 persons.  
On completion of the housing estate at Harrington Waters, that population number will be close to 7000 persons.

1 The access road from the Pacific Highway at Coopernook to Harrington (a distance of 13 kilometres) is in need of not only urgent maintenance, but also needs to be widened by at least 1 (one) metre

An enormous amount of construction traffic currently use that road each day, Servicing the rapidly growing housing estate at Harrington Waters.

The current construction traffic will be replaced by an even greater amount of Residential traffic, on completion of the Harrington Waters Estate.

2 There is a need for a Resident Police Officer at Harrington, not only is our residential population growing, but also the number of tourists holidaying here.

The nearest 24 hour Police Station is 35 Kilometres away at Taree.

3 We need an Ambulance Station at Harrington, Response times for Ambulances from Taree, could well be mean the difference between life and Death, particularly as a large proportion of the new residents are older persons.

4 Harrington desperately needs a public swimming pool/hydrotherapy facility.  
The nearest hydrotherapy pool is at Taree, The 70 Kilometre round trip often  
Negates the benefit of the treatment.

Yours Respectfully
