MEASURES TO REDUCE ALCOHOL AND DRUG- RELATED VIOLENCE

Name: Mr Warwick Levy
Date Received: 15/08/2014

These laws are causing more issues, more people are angry out on the street, more likely to have a fight, and above all these laws are only really forcing smaller bars to close down and call it a day. |

Also it's bizarre that we kick people out at 3AM when there are no trains, and taxi drivers abuse the situation of supply and demand and leave people stranded in a now very unsafe and dangerous environment. It really just encourages people to take pills so they can stay out if they have to stop drinking.

Young people are still going to have fun, you can't stop them living their lives. That's why they're just doing warehouse raves now, which are so much more dangerous.

All in all these laws are just causing people to be put into more dangerous situations, but ensuring many hospitality workers lose their jobs as well.

They're clearly not working, and this needs to stop now.
