Performance Audit Findings

Did the Auditor-General's findings in the Performance Audit report influence changes to your risk management policies, procedures and practices? If yes, briefly explain.

The recommendation for greater consistency in the way risks were managed brought attention to the AS/NZS 4360 standard.

The Standard

What impact, if any, did the revised risk management standard have on your policies, procedures and practices?

The Standard provided a template to model Newrastle Part borposition's system. AS/NZS 4360 has had a large impact on the shape of NPC's system.

Risk Management Process

Does your organisation have a risk management policy?

Who approved the policy?

When was the policy last reviewed and/or revised?

When was the policy communicated throughout the organisation (to both internal and external stakeholders)?

Bond presentation a management / staff workshop

Have your internal and external stakeholders been identified?

Has a stakeholder analysis been performed?

Do you have a communication and consultation plan (formal document or checklist)?
