

Outsourcing Community Service Delivery

Date Received: 24/04/2012

Partially Confidential

I wish to oppose the Government's proposal to privatise any of ADHC's functions. My concern is that it is not taken into consideration the effect privatisation will have on the residents that are in accomodation and respite. The transitioning is not long enough and can have very powerful impacts on the residents. As we are in the middle of Person Centred Thinking, has anyone bothered to ask the residents themselves how they feel about someone else taking over their service?
