MANAGEMENT AND DISPOSAL OF WASTE ON PRIVATE LANDS

Organisation: Maitland City Council
Name: Ms Elfi Blackburn
Date Received: 29/07/2013

Committee on Environment and Regulation

Inquiry into the management and Disposal of Waste on Private Lands

Submission by Maitland City Council

1. Terms of Reference:

Regarding item a): consideration should be given to including the storage of waste including items stored for potential future reuse such as tyres, building materials and mulch

Regarding item b) consideration should be given to including the effectiveness of current regulatory arrangements to enforce clean-ups on private land caused by previous landowners

2. Consideration should be given to including an assessment of risks from old buildings containing asbestos materials that have deteriorated to an extent that asbestos fibres may be released into the air
