## Support for Bountrylink

I heard, on radio, that you are reviewing bountrylink services.

I support retaining this service - I use it about 6 times a year. I also would like to see the basins-muswellbush line re-opened. For us "oldies", having to travel part of the trip on a bus, is not easy, & we do not enjoy it.

Also, paying extra on the train for 1st class is a joke - the seats are no different. As aged pensioners, I suggest all should pay some fee - no free trips.
