In regards to the shark activity in the Lennox Head area- I rarely surf anymore, the All Girls Surfriders (of which I am a member) has cancelled two club rounds, two out of three surf shops in the village have had to close, board makers have lost massive amounts of business, holiday bookings in friends accommodations are being constantly cancelled as a direct result of shark activity. I have friends who are mortally in fear of their lives and have completely stopped surfing. There is a dark cloud hanging over the entire surf scene.
