

INQUIRY INTO VULNERABLE ROAD USERS

Organisation: Bermagui Institute (Bicycle Division)
Name: Mr Jack Miller AM
Date Received: 16/07/2010

THIS PAGE INTENTIONALLY BLANK

The Bermagui Institute (Bicycle Division), a group of more than 40 riders, submits that the safety of bicycle riders in Bermagui would be improved with the construction of shared pathways for bicycles and pedestrians between:

- Bermagui harbour and the Bermagui River bridge;
- Bermagui urban area and Bermagui industrial area; and
- Bermagui urban area and Bermagui Heights urban area.

Bermagui is an increasingly popular big game fishing and caravanning destination and bicycle riders on our narrow roads often have near misses caused by drivers towing big, wide boats or caravans.
