Submission to the Select Committee on the Regulation of Brothels

NAME:

ADDRESS:

DATE:

To: The

Select Committee on the Regulation of Brothels Parliament House Macquarie St Sydney NSW 2000

My background:

I'm a sex worker, I choose
NOT to work in a brothel.

My opinion on the current extent and nature of the brothel industry in New South Wales

They are not the best places to
work for me - I prefer to work
for myself. But there's nothing wrong
with brothels.

Current regulation of brothels in New South Wales and other states

It would be stupid to have
brothel police. Don't allow police in
brothels.

Penalties and enforcement powers required to close illegal brothels

Brothels aren't illegal now, there are
no problems. I support decriminalisation.

Options for reform including a scheme of registration or licensing system for authorised brothels

I don't support the idea of some brothels being able to be licensed, because there are always others who won't be privileged enough to be licensed. Licensing isn't fair.

The protection of sex workers, including issues around organised crime and sex trafficking

Police should not be involved.

Options to maintain the high level of public health outcomes

KRC could use more funding. They should have more staff. Keep decriminalisation!
SWOP could use more funding for peer education and outreach.

Residential amenity and the location of sex services premises

People should be allowed to work from home, if they are discreet. There is no problem. What landlord would permit it? None. But it's none of their business.
