## **INQUIRY INTO THE MANAGEMENT OF NSW PUBLIC HOUSING MAINTENANCE CONTRACTS**

**Name:** Ms Andreea Maddox  
**Date Received:** 27/01/2016

My top floor duplex apartment is falling apart. the kitchen floor is breaking up, the back step is broken and you can see the steel rebar through the broken concrete, there is a huge tree in the yard and the roots are disturbing the brick building, shifting, with the glass bricks cracking, and mortar shedding between the bricks leaving gaps, there is poor security with easy access to the clothes lines resulting in stolen sheets, towels and clothing. I have been asking for help for over 5 years.
