## **DRIVER EDUCATION, TRAINING AND ROAD SAFETY**

**Name:** Ms Julie Abbottsmith  
**Date Received:** 26/02/2017

I would like to put in a submission Re: Driver education and road safety.

I am very concerned about some drivers lack of experience and lack of knowledge of the road rules.

I often see drivers not using their indicators, not knowing the road rules on roundabouts, driving slowly in the right hand lane, driving while using a mobile

I would love to see everyone go through a drivers education course before getting the right to drive including those with a license from overseas.

Drivers need to learn how to handle a vehicle in wet weather or any situation they lose control of their vehicle in.

So man drivers panic making the situation so much more dangerous.

Better training, basic knowledge of English and everyone who has an overseas license to have to have an Australian license if they're here for longer than 3 months would be great for everyone on the roads.
