COMMUTER CAR PARKING IN NEW SOUTH WALES

Organisation:

Name: Mrs Melissa Barry

Position:

Date Received: 11 July 2017

There is a lack of commuter parking at most stations in the Hawkesbury with Richmond and Windsor Stations being the worst. Richmond Station car park is often full before 8.30am with commuters having to find alternate parking in side streets which are often a fair distance from the actual station and have poor lighting for those who are arriving back to town after dark.
