**INQUIRY INTO HEAVY VEHICLE SAFETY AND USE
OF TECHNOLOGY TO IMPROVE ROAD SAFETY**

Name: Mr James Lea

Date Received: 22 February 2018

As a trainer we need longer minimum training time

In the class room and on the road

To get a heavy licence in 5 hours is wrong

My opinion should be 5 hours class room 5 hours training 5 hours assessment

Then we will get well trained drivers

Give assessments to a government training body such as TAFE
