**INQUIRY INTO THE IMPACT OF EXPENDITURE CAPS FOR LOCAL
GOVERNMENT ELECTION CAMPAIGNS**

Organisation: Clarence Valley Council

Date Received: 7 September 2018

Dear Sir

I write on behalf of Clarence Valley Council. Unfortunately, the timing of the Inquiry does not allow for Council to resolve the content of its submission, however at a recent workshop of elected members, staff were asked to convey to the Committee a recommendation that consideration be given to banning the handing out of material during local government elections to reduce expense to local candidates and reduce excessive waste of hard copy print material.

Regards

Laura Black
